The Honorable F. James Sensenbrenner, Jr.
Chairman, Committee on the Judiciary
House of Representatives

Subject:    <u>Federally Chartered Corporation: Review of the Financial Statement Audit Report for the Disabled American Veterans for 2000</u>

Dear Mr. Chairman:

As requested, we reviewed the audit report covering the financial statements of the Disabled American Veterans, a federally chartered corporation, for the year ended December 31, 2000. The corporation's purpose is to provide professional assistance to veterans and their families in obtaining benefits and services and to represent the interests of disabled veterans.

Federally chartered corporations are required under 36 U.S.C. 10101 to

- present the corporation's assets and liabilities and reasonable detail on the corporation's income and expenses in annual financial statements,

- obtain an annual financial audit by an independent public accountant, and

- submit the auditors' report and the corporation's financial statements to the Congress.

The objective of our review was to determine whether the audit report complied with the financial reporting requirements of the law. In carrying out our work, we reviewed the corporation's financial statements and the accompanying notes, performed certain analytical procedures related to information presented in the financial statements, reviewed the auditors' report, and made inquiries to corporation officials or the auditors as we deemed necessary. We did not review the auditors' working papers. Our review disclosed no reportable instances of noncompliance.

The audit report included the auditors' opinion that the financial statements of the corporation were presented fairly in accordance with U. S. generally accepted accounting principles. We are returning the audit report you sent with your letter.

Sincerely yours,

Jeanette M. Franzel
Acting Director
Financial Management and Assurance
