The Honorable James C. Corman
House of Representatives

Dear Mr. Corman:

Subject: [Estimate of California's Fiscal Year
1980 Non-Federal Matching Shares]
(GGD-80-73)

In response to your request during our May 7, 1980, briefing for the California Congressional Delegation, we prepared the enclosed list of California's estimated fiscal year 1980 non-Federal matching shares for the 36 matching programs appearing in our report "Update on Federal Matching and Maintenance of Effort Requirements for California" (GGD-80-63, Apr. 29, 1980).

The amount of \$3.2 billion shown by the enclosed list is at best a rough estimate and does not necessarily represent cash contributions. This is because few Federal agencies have information systems showing this data, and many Federal programs allow "in-kind" value substitutions, such as property, commodities, or voluntary services in lieu of or as a supplement to "hard cash" matches. Thus, short of reviewing the thousands of individual files pertaining to grants to California's State and local agencies, it is impossible to develop an accurate amount.

In view of the considerable effort that would be involved in reviewing grant files, we opted for a less scientific approach, but one we believe provides a reasonable estimate of California's non-Federal matching contributions. For most programs, the estimate is based on a simple mathematical computation using the required non-Federal matching rates. When rates varied within a program, we used the maximum rate. When it varied on the basis of the characteristics of individual projects, we contacted Federal agency program administrators to obtain their best estimate. For two programs--Community Health Centers and Community Development Block Grants/Small Cities Program, specifically, the

"Pockets of Poverty" provisions of the Urban Development Action Grant--program administrators could not provide us California's matching shares due to the absence of relevant prior year fiscal data and incomplete ongoing current year grant applications.

We trust the enclosed information meets your needs. Should you have any questions on the material, we would be pleased to discuss them with you or your staff. As arranged with your office, copies of this report will be made available to others upon request.

Sincerely yours,
