Attention: Winston G. Chandler  
President

Gentlemen:

Subject: Army claim No. JAGD-78-01-03-0220  
George H. Tolbert . JG00556  
GBL No. M-2514831  
Your letter of August 29, 1979

We have <sup>in</sup> rejected your offer to compromise for ~~\$445~~ your claim of ~~\$891.76~~ against the Government] because you have presented no legal premise or evidence that was not considered in our decision to you of August 13, 1979, B-194208.

In our decision we considered and rejected your contention that damage to the mobile home resulted from the inherent vice of the unit, and concluded that you had presented nothing of evidentiary value that would justify this Office in refunding any of the monies that the Department of the Army (Army) set off. Although the record shows that the Army offered to accept \$445 in compromise settlement of the claim, you rejected that offer. And we are not aware of the factors considered by the Army in making the offer.

Since you simply repeat the presentation made in your request for review of the Army's setoff action, there is no basis for changing the views expressed in our decision.

Sincerely yours,

Milton J. Socolar  
General Counsel
