 694/88107

The amount to be deferred as appears in the most recent apportionment form, dated October 5, 1984, is \$374,205,361. This figure is \$163,000,000 less than the amount to be deferred as reported by the President on October 1, 1984.

Federal Aviation Administration officials informed us that the difference was included in the First Quarterly Apportionment to make obligational authority available for the award of a contract for equipment. They advised us that a revised apportionment form and an amended deferral report will be prepared to show the above change and also to show the new budget authority made available in the 1985 appropriation act.

We have reviewed the fourteenth special message for fiscal year 1984 and the first special message for fiscal year 1985. Except as noted above, we have identified no additional information that would be useful to the Congress in its consideration of the President's proposals and we believe that the proposed deferrals are in accordance with existing statutes.
