**Date:** September 6, 1995

### DECISION

United Native American Telecommunications, Inc. requests reconsideration of our decision in United Native American Telecommunications, Inc., B-260366; B-260465, May 30, 1995, 95-2 CPD ¶     , in which we denied two of its protests against contract awards made by the Defense Information Systems Agency under solicitation Nos. A01TJAN950005 and AF05DEC945439.

We deny the request for reconsideration because the request provides no basis for reconsidering our prior decision.

The protester in essence repeats arguments it made previously and expresses disagreement with our decision. Under our Bid Protest Regulations, to obtain reconsideration, the requesting party must show that our prior decision may contain either errors of fact or law or present information not previously considered that warrants reversal or modification of our decision. 4 C.F.R. § 21.12(a) (1995). The repetition of arguments made during our consideration of the original protest and mere disagreement with our decision do not meet this standard. R.E. Scherrer, Inc.--Recon., B-231101.3, Sept. 21, 1988, 88-2 CPD ¶ 274.
