House of Representatives

Dear Mr. Chairman:

As requested in your letter of June 24, 1977, we have reviewed the audit report of the National Council on Radiation Protection and Measurements for the year ended December 31, 1976. Our review was directed to determining whether the report complies with the financial reporting requirements for federally chartered corporations set forth in Public Law 88-504, approved August 30, 1964 (36 U.S.C. 1101). The National Council on Radiation Protection and Measurements was chartered by the act of July 14, 1964 (78 Stat. 320).

The audit report was prepared by a firm of certified public accountants. It included a statement of the scope of audit and the auditor's opinion that the financial statements present fairly the cash receipts and disbursements, and changes in fund balances of the National Council on Radiation Protection and Measurements at December 31, 1976, on a basis consistent with the preceding year. In our opinion, the audit and financial reporting requirements of the act have been met.

We are returning the audit report sent with your letter of June 24, 1977.

Sincerely yours,

H. F. Keller

Deputy Comptroller General  
of the United States
