1.0 Introduction

For more than 80 years, GAO has provided an objective, independent, and impartial forum for the resolution of disputes concerning the awards of federal contracts. The Consolidated Appropriations Act of 2014, directed GAO to develop an electronic protest docketing system and authorized GAO to collect and use fees to offset the costs of the system.

GAO’s Electronic Protest Docketing System (EPDS) is an automated case management system that allows parties to a case to file documents over the Internet and provides GAO with the ability to make electronic documents available to the parties over the Internet. Use of EPDS is mandatory, except as set forth in the EPDS instructions available at http://www.gao.gov/legal/bid-protests/our-process. For example, classified material must never be filed through EPDS.

A goal of EPDS is to be easy to use; a filer creates a document using conventional word processing software and converts it to a Portable Document Format (PDF). After logging into EPDS, the filer enters basic information relating to the document, attaches the PDF file and submits it to GAO. A notice verifying receipt of the filing is automatically generated and emailed to the other case participants.

This guide is intended for procuring agency Point of Contacts (POCs) and representatives, including representatives of other parties permitted by GAO to participate in a case pursuant to 4 C.F.R. § 21.3(j). For all other users, please refer to the applicable user guide(s) available at http://www.gao.gov/legal/bid-protests/our-process.

1.1 Scope

The scope of this manual is to provide instructions on utilizing the GAO EPDS. This manual does not provide information on the protest process. For information on the protest process, please visit the GAO website. If you need assistance in utilizing the EPDS, please contact GAO at 202-512-5436 or protests@gao.gov.

2.0 Getting Started

The GAO EPDS site is at: https://epds.gao.gov.

By utilizing the site, users agree to following:

- You are accessing a U.S. Government information system, which includes (1) this computer, (2) this computer network, (3) all computers connected to this network, and (4) all devices and storage media attached to this network or to a computer on this network. This information system is provided for U.S. Government-authorized use only.
- Unauthorized or improper use of this system may result in disciplinary action, as well as civil and criminal penalties.
- Subject to the provisions in 4 C.F.R. §§ 21.1(g) and 21.4 and 4 C.F.R. part 81, which include procedures for protecting proprietary, confidential, and other procurement sensitive information, by using this information system, you understand and consent to the following:
  - You have no reasonable expectation of privacy regarding any communications or data transiting or stored on this information system. At any time, the government may for any lawful government purpose monitor, intercept, search and seize any communication or data transiting or stored on this information system. Accordingly, pursuant to GAO’s Electronic Protest Docketing System Instructions, the following personal identifiers should be excluded, or redacted when inclusion is necessary, from all filings, unless otherwise directed by GAO:
    1. Social Security Numbers. If an individual’s Social Security number must be included in a filing, only the last four digits of the numbers should be used.
    2. Dates of Birth. If an individual’s date of birth must be included in a filing, only the year should be used.
    3. Financial Account Numbers. If a financial account number is relevant to a filing, only the last four digits of the number should be used.
  - Any communications or data transiting or stored on this information system may be disclosed or used for any lawful government purpose.
  - Your consent is final and irrevocable. You may not rely on any statements or informal policies purporting to provide you with any expectation of privacy regarding communications on this system, whether oral or written, by your Web Browser.
For the best experience, use **Google Chrome, Firefox, Safari, or Internet Edge** as the web browser. Please note that there are known issues that could affect your experience if using Internet Explorer (IE). For example, you may find that you are unable to enter text in response to system prompts or in certain data fields. Refreshing the web page and then attempting to enter the text may resolve the issue.

If you must use IE, follow these instructions to help mitigate performance issues.

1. **In IE**, click the **Tools** icon in the upper right corner.

2. **Click Compatibility View** settings.
3. Ensure the box for **Display intranet sites in Compatibility View** is unchecked.

4. Click **Close**.
2.1 Registering for an Account

There are two types of agency accounts in EPDS: Agency Point of Contact (POC) and Agency Representative.

2.1.1 Register as an Agency POC

Agency POC accounts are appropriate for agency personnel that (1) are the designated agency points of contact for receiving the notice of new protests and other case types, and (2) assign agency representatives to new protest and other case types. Agency POC accounts are created by GAO. To request an agency POC account, please contact GAO at 202-512-5436 or protests@gao.gov.

2.1.2 Register as an Agency Representative

For all other individuals representing an agency, you must register as an agency representative. Follow these instructions to register as a representative.

1. On the login page, click the Register as a new User button.

2. In the Please Select Account Type popup, click the drop-down arrow and select Agency Representative. Click OK.
3. Click **OK** on the **Warning** pop-up.

![Warning pop-up]

By registering for an account as a representative of the U.S. Government, you are representing that you are an officer, employee, or authorized agent acting under the authority of the United States or a department, agency, or officer thereof. False assuming or pretending to be an officer or employee acting under the authority of the United States or a department, agency, or officer thereof may be punishable by a fine and/or imprisonment pursuant to 18 U.S.C. 6912. GAO will refer any suspected misrepresentations regarding a Filing User's status to the appropriate authorities.

4. In the **Register as an Agency Representative**, complete all fields.

![Register as an Agency Representative]

5. Click the checkbox next to **I have reviewed and agree to abide by GAO's Bid Protest Regulations and EPDS Instructions, which are available here**.
6. Click **Register**.

![Register](image)

7. Read the **Rules of Behavior**, and then click **I Agree** to complete the registration process.

![Rules of Behavior](image)
8. If your registration is successful, a Success pop-up window will appear. Click OK.

If there are issues with your registration, check the fields for error messages.

9. The system will send you an email with a temporary password. When you log on to the system the first time, the system will require you to change your password.

2.2 Initial Log In

To log in to the system:

1. You will be issued a temporary password when your EPDS account is initially created. To log in to the system for the first time, use the email entered at registration and the temporary password provided by EPDS. Click Sign me in.

2. Upon your initial log in, the system will prompt you to: 1) update your password, and 2) choose and answer several security questions. Click OK to proceed.
3. Update your password by entering a **New Password** and confirming it.

![Password Update Form]

Passwords must be between 12 and 24 characters in length, and contain **one character from each of the following four categories**:

- English uppercase characters (A to Z)
- English lowercase characters (a to z)
- Base 10 digits (0 to 9)
- Special characters (For example, #, $, and ^)

4. The **Security Question** section will be used for password reset, should you forget your password. Select and answer three distinct security questions from the dropdown selections. Click **Update Info**.
5. Click **OK** in the success message pop up to finish.

6. If your session remains inactive for 20 minutes, the system will require you to log back in again. You can only be logged in to one session at a time.

### 2.3 On-going Log In

After completing the initial log in steps, the process for subsequent logins follow the steps 2 through 4 in section 2.3, as depicted below.

1. Enter your EPDS account email and password. Click **Sign me in**.

2. If your session remains inactive for 20 minutes, the system will require you to log back in again. You can only be logged in to one session at a time.
3.0 Application Introduction

This section provides a high-level description of the EPDS features. **Some features vary according to whether you are signed in as a POC or an agency representative.** These differences will be highlighted with separate instructions and screenshots where indicated.

1. Click the menu icon to show or hide the site navigation.

2. In the site navigation, click **Active Cases** to view your current protest cases and return to your **Dashboard**. See section 4.0 Dashboard/Active Cases for more information.

![Agency Representative Dashboard](image1)
![POC Dashboard](image2)

3. **Agency Representatives** can click **Join a Case** in the site navigation, to submit a request to join cases. **POC’s** do not have this menu option. See section 4.2 Join a Case for more information.

![Agency Representative Dashboard](image3)

4. Click the **Help** menu (upper right corner) to access **User Guides, FAQs, Contact Us** and **Feedback** information.

![Help Menu](image4)
5. Click your name to access the Manage User Profile or Logout options. See section 6.0 for information on modifying your profile.

6. Under the Help and User Name is the breadcrumb navigation. This navigation makes it easier to understand where you are on the site.

For instance, this breadcrumb navigation shows that the user is on the dashboard of the site, which shows the user’s active cases.
4.0 Dashboard/Active Cases

The default view is the dashboard, which shows your active cases. If you are an agency POC, you can view all your agency’s cases. However, if you are an agency representative, you can only view your assigned cases from your own agency.

4.1 Modify Dashboard

There are several ways to modify the dashboard.

1. **Show More Entries**: click the drop-down entries to change the view to display 25 (default), 50, 100, or 150 entries (cases).

2. **Filter Entries**: type in a filter parameter in the Filter Records field. The records will filter as you type. You can filter by any protest variable (B-Number, agency, due date, etc.). The filter will search all fields for any filter parameter.
3. **Modify Columns**: click the **Show/hide columns** button to select which columns to show.

![Dashboard](image)

4. **Sort Columns**: click the column headings to sort entries ascending or descending in that column.

![Dashboard](image)

4.2 **Join a Case**

**Agency Representatives** can submit a request to join a case. **POCs** do not have this menu option; rather, as set forth in section 6.5.2, a POC can add itself to a case through the Parties Tab for a particular case.

1. In the dashboard, click **Join a Case**.

![Dashboard](image)
2. Enter the **B-Number**. Click Search.

If you do not know the B-Number, you may hit search and the system will retrieve the complete list of open cases for your agency.

3. Review the case information to verify this is the correct case. To request to join click **Yes**. To enter a different case number, click **Return to Search** or enter the **B Number** in the **Search** text box on this page.

4. Click **Add File** under **Upload Primary Document**.

A pop-up window will appear. Locate the appropriate file on your computer, select it (only **PDF**, **Word**, **Excel** and **Zip files** can be attached), and click **Open**.
5. Click **Submit** to send the request.

![Submit button]

6. You will be taken back to the dashboard screen, and the case you have requested to join has been added. The request to join will be reviewed by GAO staff, and a decision of either ‘Acknowledged’ or ‘Not Acknowledged’ will be made. You will receive an email notifying you of the GAO’s decision (step #8 below). The case’s docket will not be accessible to you, until the Notice of Appearance is ‘Acknowledge’d (step #7 below).

![Dashboard screenshot]

7. If you click on the case **B-Number** or the **EPDS Cntrl #** before the GAO has decided on your request to join, the following message will appear.

![Request Pending message]

*Your notice of appearance is pending. You will only have access to this case's docket if your notice of appearance is acknowledged by GAO.*
8. If you click on the case **B-Number** or the **EPDS Cntrl #** and your request has been granted by GAO, the case docket information will display. The **Notice of Appearance** and **Notice of Appearance Acknowledged** will both display in the list of case filings.

9. If you click on the case **B-Number** or the **EPDS Control #** and your request has been denied by GAO, the following message will display. Click the attached document to review the reason why the GAO has denied the request.
5.0 **Case Information**

5.1 **View an Active Case/Case Docket Sheet**

To see an active case by viewing the **Case Docket Sheet**, click on the **B-Number** link or the **EPDS Cntrl #** link.

5.2 **Case Docket Sheet Overview**

The top part of the **Case Docket Sheet** provides the case information. **This information cannot be edited except by the GAO attorney.** Please see the following clarification on select items in the case information section.
1. **B-Number**: This field shows the number(s) that GAO assigns to your case. All filings in a case should reference the assigned B-Number(s).

2. **Intervenor(s)**: This field shows any intervenors permitted by GAO to participate in the case pursuant to 4 C.F.R. §§ 21.0(b) or 21.3(j).

3. **Consolidated Protests**: If GAO has consolidated the case with another pending case(s), this field shows the title and B-Number(s) of the other case. After cases are consolidated, a filing made in one case will automatically be filed in the joined case(s). Although a user can see and access the documents in all joined cases (subject to the terms of any applicable protective order(s)), any filings must be made in the filer's own case.

   For example, GAO has consolidated the protests of Protester A and Protester B. **Protester A** can, subject to the terms of any applicable protective order(s), access and view the docket for **Protester B's** case. However, in order to file anything in the consolidated cases, **Protester A** must file the document in **Protester A's** case only.

4. **GAO Attorney Name**: This field shows the GAO-assigned attorney for the case.

5. **Days Remaining**: For cases subject to 4 C.F.R. § 21.9, this field shows the number of days remaining for GAO to issue a final decision. For all other cases, this field is inapplicable.

6. **Case Status**: Case status will be **Open** or **Closed**. If a case has been closed for more than 60 days, filers will no longer have access to open or download files from the docket.

7. **Protective Order Issued?**: This field shows whether or not GAO has issued a protective order for the case pursuant to 4 C.F.R. § 21.4.

The bottom part of the **Case Docket Sheet** shows the records attached to this protest. Records can include documents or docket entries created by GAO. This section can be sorted by the **Index**, **Filter**, and **Protected** columns. Additionally, you can filter or search the records by using the **Filter Records** field.
5.3 Alerts

Any new records on the Case Docket Sheet are identified with an alert icon that will display in the Alerts column (see the image below). The Alert icon will remain visible until the new record is opened.

5.4 Opening Attachments

Records that contain attachments can be opened by clicking the link in the Type of Filing column; the attachments can be viewed and downloaded. If a protective order has been issued for a case, parties not admitted to the protective order will not be able to access documents containing protected material. Please refer to section 6.0 Protected Material for more information.

**6.5 Manage Agency Attorneys/Parties**

The Parties screen shows all the different parties associated with the case. Each party is allowed to have up to four representatives who can access or file documents in EPDS. Follow the instructions below to add or delete an agency representative.
6.5.1 **Add an Agency Representative**

1. In the **Parties** screen, click **+ Add Agency Representative**.

2. In the pop-up box, enter the email for the agency representative you would like to assign to the case and click **Assign Agency Rep**.

3. In the next pop-up box, verify the contact information, and click **Confirm**.

To assign a representative to a case, the individual **must have an EPDS user account**. When the individual logs onto the system, the case will appear in their active cases dashboards.
4. If the individual does not have an EPDS user account, a pop-up menu will appear and notify you that no such user account exists. Once the individual creates a user account, you can invite them to join the case by following steps 1 and 2 above.

5. The representative’s information will appear on the Parties page in the Agency Representative box.

### 6.5.2 Adding an Agency POC as a Representative for a Case

An Agency POC can add itself as a representative for any of its agency’s cases using the following process.

1. In the Parties screen, click + Add Agency Representative next to your agency’s name. In the example below, the case already has one Agency Representative.
2. Enter your EPDS account email in the pop up window and click Assign Agency Rep.

![Assign Agency Rep](image1)

3. On the confirmation pop up click Confirm.

![Confirm](image2)

4. Your contact information is now visible in the Agency Representative area of the Parties screen. You can delete yourself from the case, if needed, using the Delete button in your contact area (only an agency POC can delete a representative).

6.5.3 **Delete a Representative**

Only an agency POC can delete an agency representative.

1. Click Delete in the Agency Representative box.

![Delete](image3)
2. Click **Yes** in the confirmation window that appears, or **No** to stop action.

![Image](image1.png)

3. A success message will appear. Click **OK**.

![Image](image2.png)

4. The **Agency Representative** is no longer displayed.

![Image](image3.png)
6.6 Email Preferences

All service of filings and notices of case developments will occur by postings to the case docket sheet. When a filing or other case development occurs in EPDS, the default setting is that the system will send all parties an email notification.

7.0 Protected Material

Often protests and associated filings and materials contain a company’s proprietary or confidential data or the agency’s source-selection-sensitive information that cannot be released publicly, which this guide will collectively refer to as ‘protected material’. The following provides an overview of the EPDS features for properly marking and protecting protected material, as well as how to prepare redacted versions that are publically releasable.

7.1 Protecting a New Case

In addition to conspicuously marking the document being filed, when filing a new protest (or other case type) and any subsequent filings in a case, EPDS will prompt the filer to answer the question as noted below:

<table>
<thead>
<tr>
<th>Do any of these documents contain information that is proprietary, confidential, or otherwise not releasable to the public?</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐ Yes</td>
</tr>
</tbody>
</table>

The filer will select Yes if the filing includes any information that is proprietary, confidential, or otherwise not releasable to the public. When a filer marks a document as containing information that is proprietary, confidential, or otherwise not releasable to the public, only the party that made the filing, GAO, and authorized representatives of the agency will be able to access the filing.

1. As shown in the example below, authorized users can access a protected filing by clicking the title in the Type of Filing column. The title is an active hyperlink that opens the protected document.
2. A user without access (such as an Intervenor), can see that a protected filing has been posted to the Docket. However, the user **can not** open the filing because the title **is not** an active hyperlink for them.

⚠️ **WARNING**

Because the docket is always viewable by any party to a case, all parties should refrain from submitting any protected material on the docket, such as in the **Comments** section of the **Submit New Documents** feature. Any **Comments** containing protected material should be set forth in a document that is uploaded to EPDS and appropriately marked with a protected status designation.

As discussed below, if GAO determines that it is appropriate to issue a protective order, counsel who are admitted to the protective order will be able to access documents marked as containing information that is proprietary, confidential, or otherwise not releasable to the public on the docket.

### 7.2 Filing a Final Redacted Version

GAO’s Bid Protest Regulations require that a party submit redacted (or publically releasable) versions of any filings that were marked as containing protected material. For new protest and new request for reconsideration cases, the **Submit New Documents** link from the case docket sheet will includes several document types that address redaction: **Final Redacted Version of ____** and **Proposed redactions to GAO decision.**
When all parties agree to a final redacted version of a filing, follow the instructions below to file the redacted document.

**NOTE**

Parties should exchange proposed redacted versions of filings and correspond in good faith to prepare final agreed-to redacted versions of filings outside of EPDS. Only the final redacted version agreed to by all parties should be filed in EPDS.

1. Select the appropriate protest from the dashboard.
2. Click **Submit New Documents** on the left side menu.

3. This example depicts the selection of **Final Redacted Version of ____** as the **Type of document**.

4. Complete the description of the document, in the popup box that appears and click **OK** to continue.
5. **Click Add File under Upload Primary Document.**

A pop-up window will appear. Locate the appropriate file on your computer, select it (only **PDF, Word, Zip** and **Excel files** can be attached), and click **Open**.

6. **Once a document is added, you can add additional documents by clicking Yes for the question, Do you want to Upload Associated Documents?**

7. **Add comments to the Comments field if needed. Click Submit.**
8. A Warning will appear verifying that you want to proceed with posting a filing that is accessible by all parties. Click **Yes** to continue.

![Warning](image)

9. The **Final Redacted Version** document is marked as **not** containing information that is proprietary, confidential, or otherwise not releasable to the public and will be accessible by all authorized users with access to the case.

![Final Redacted Version](image)

### 7.3 Filing a Proposed Redaction to a GAO Decision

If GAO issues a protected decision, parties with authorized access to the protected decision can submit proposed redactions.

1. Select the appropriate protest from the dashboard.

![Dashboard](image)
2. Click **Submit New Documents**.

![Submit New Documents](image)

3. Select **Proposed Redactions to GAO Decision** from the **Type of document** dropdown menu.
