### American Institute of Certified Public Accountants (AICPA)

Statements on Auditing Standards (SAS) ([Click here for link](#))

#### **Effective for audits of financial statements for periods ending on or after December 15, 2022:**

- **SAS No. 142**, *Audit Evidence* (July 2020). This statement provides guidance on what constitutes audit evidence in an audit of financial statements and sets out attributes of information that the auditor takes into account when evaluating information to be used as audit evidence. Taking these attributes into account assists the auditor in maintaining professional skepticism.
- **SAS No. 148**, *Amendment to AU-C Section 935* (August 2022), amendment arising from SAS No. 142 only. AU-C section 935, *Compliance Audits*, addresses the application of generally accepted auditing standards (GAAS) to a compliance audit. Certain AU-C sections, or portions thereof, are not applicable to a compliance audit. These AU-C sections, or specified requirements thereof, are identified in the appendix to AU-C section 935. SAS No. 148 amends AU-C section 935 to update the appendix to reflect that an amendment to AU-C section 501, *Audit Evidence — Specific Considerations for Selected Items*, arising from the issuance of SAS No. 142, *Audit Evidence*, applies to compliance audits. Early implementation of this portion of SAS No. 148 is permitted in conjunction with early implementation of SAS No. 142.

#### **Effective for audits of financial statements for periods ending on or after December 15, 2023:**

- **SAS No. 143**, *Auditing Accounting Estimates and Related Disclosures* (July 2020). This statement addresses the auditor's responsibilities relating to accounting estimates, including fair value accounting estimates and related disclosures, in an audit of financial statements. It also includes requirements and guidance related to evaluating misstatements of accounting estimates and related disclosures and indicators of possible management bias.
- **SAS No. 144**, *Amendments to AU-C Sections 501, 540, and 620 Related to the Use of Specialists and the Use of Pricing Information Obtained From External Information Sources* (June 2021). This statement amended these sections by incorporating related Public Company Accounting Oversight Board (PCAOB) guidance as follows:
  - AU-C section 501, *Audit Evidence — Special Considerations for Selected Items*. This amendment adds application material from appendix A, "Using the Work of a Company's Specialist as Audit Evidence," of PCAOB Auditing Standard (AS) 1105, *Audit Evidence*, to enhance the quality of audits of nonissuers' financial statements.
  - AU-C section 540, *Auditing Accounting Estimates and Related Disclosures*. This amendment to AU-C section 540 adds a new appendix, "Use of Pricing Information From Third Parties as Audit Evidence," that provides guidance on using pricing information obtained from external information sources as audit evidence for estimates related to the fair value of financial instruments. This

appendix takes into account PCAOB AS 2501, *Auditing Accounting Estimates, Including Fair Value Measurements*, appendix A, “Special Topics, Identifying and Assessing Risks of Material Misstatement Related to the Fair Value of Financial Instruments.”

- AU-C section 620, *Using the Work of an Auditor’s Specialist*. This amendment adds material from PCAOB Release No. 2018-006, *Amendments to Auditing Standards for Auditor’s Use of the Work of Specialists*, to various application paragraphs to enhance the quality of audits of nonissuers’ financial statements.
- **SAS No. 145**, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement* (October 2021). This statement supersedes SAS No. 122, *Statements on Auditing Standards: Clarification and Reconciliation*, as amended, section 315, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*, and amends various AU-C sections in AICPA Professional Standards. This statement enhances
  - requirements and guidance on identifying and assessing the risks of material misstatement, particularly in the areas of obtaining an understanding the entity’s system of internal control and assessing control risk, and
  - guidance that addresses the economic, technological, and regulatory aspects of the markets and environment in which entities and audit firms operate.
- **SAS No. 148**, *Amendment to AU-C Section 935* (August 2022), amendments not arising from SAS No. 142. SAS No. 148 amends AU-C section 935, *Compliance Audits*, to conform AU-C section 935 to reflect the issuance of SAS No. 145, *Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement*. This statement also corrects an inconsistency in extant AU-C 935, updates the appendix to AU-C 935, and makes certain other editorial revisions for clarity or consistency with other AU-C sections. Early implementation of SAS No. 148 is permitted in conjunction with early implementation of SAS No. 145.

**Effective for audits of financial statements for periods beginning on or after June 30, 2023:**

- **SAS No. 147**, *Inquiries of the Predecessor Auditor Regarding Fraud and Noncompliance With Laws and Regulations* (June 2022). This statement supersedes SAS No. 122, *Statements on Auditing Standards: Clarification and Reconciliation*, as amended, section 210, *Terms of Engagement*. This statement requires an auditor, once management authorizes the predecessor auditor to respond to inquiries from the auditor, to inquire of the predecessor auditor regarding identified or suspected fraud or noncompliance with laws or regulations.

**Effective for engagements for periods beginning on or after December 15, 2025:**

- **SAS No. 146**, *Quality Management for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards* (June 2022). This statement supersedes SAS No. 122, *Statements on Auditing Standards: Clarification and Reconciliation*, as amended, section 220, *Quality Control for an Engagement Conducted in Accordance With Generally Accepted Auditing Standards*, and amends various AU-C sections in AICPA Professional Standards. This statement addresses the specific responsibilities of the auditor regarding quality management at the engagement level for an audit of financial statements, and for other engagements conducted in accordance with GAAS, and the related responsibilities of the engagement partner.

**Effective for engagements for periods ending on or after December 15, 2026:**

- **SAS No. 149**, *Special Considerations — Audits of Group Financial Statements (Including the Work of Component Auditors and Audits of Referred-to Auditors)* (March 2023). This statement supersedes SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, as amended, section 600, *Special Considerations — Audits of Group Financial Statements (Including the Work of*

*Component Auditors*), and amends various AU-C sections in AICPA Professional Standards. This statement addresses special considerations that apply to a group audit, including in circumstances in which component auditors are involved or when the group auditor makes reference to the audit of a referred-to auditor. The requirements and guidance in this statement refer to, or expand on, the application of other relevant AU-C sections to a group audit.
