Dear Mr. Stromberg:

We refer to your May 19, 1988 letter again requesting reconsideration of our decision, B-227022.3 which affirmed our dismissal of your protest concerning request for proposals No. F65501-87-R-0018. While you continue to express dissatisfaction with our earlier decisions on reconsideration, we do not believe any useful purpose will be served by again considering the matter, including the factors raised in your January 19, 1988 letter.

Accordingly, we will not reconsider our earlier decisions, and we will not entertain any further requests for reconsideration on this file.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "R. Strong", written over the typed name and title.
