Dear Mr. Taylor:

We have been informed by the Department of the Navy that the bid opening date for the above referenced solicitation has been extended to February 21, 1986, this extension is to give the contracting officer time to answer the questions you submitted, as well as those submitted by other potential bidders. It is expected that the questions and answers will be sent to all potential bidders in sufficient time to permit proper preparation of their bids. The answer may well resolve the issues raised in your protest.

Very truly yours,
