Attn: Scott Fischman, President

Gentlemen:

We have been informed by the Department of the Interior that the bid opening date for invitation for bids No. 3-5-114(R) has been indefinitely postponed. This action was taken to permit the specifications upon which you based your protest of January 16, 1986 to be reviewed, as you requested. It is, of course, uncertain when this review will be completed and what its results might be. Under these circumstances, no useful purpose would be served at this time by our resolution of the issues you raised with respect to the current specifications.

We have therefore closed the file on your protest without prejudice to your right to submit a new protest if the specifications are not revised or are revised in a manner to which you also have objections.

Sincerely yours,

A handwritten signature in cursive script that reads "Ronald Berger".

Ronald Berger
