LEGISLATION RELATING
TO THE
GENERAL ACCOUNTING OFFICE

Prepared by the
OFFICE OF THE GENERAL COUNSEL
U.S. GENERAL ACCOUNTING OFFICE

December 1976

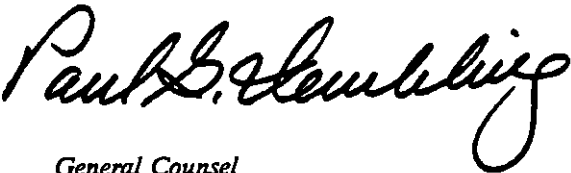

FOREWORD

Since the enactment of the Budget and Accounting Act, 1921, which created the General Accounting Office, numerous statutes have increased or affected the responsibilities of the Office. This book is a compendium of all statutory authorities applicable to the Office today including the Legislative Reorganization Act of 1970, which added significant responsibilities to the General Accounting Office.

The compilation contains the text of the Budget and Accounting Act, 1921, as amended and extended by the Budget and Accounting Procedures Act of 1950, and other amendments reflecting all changes of the 94th Congress through June 1976. In addition, it includes the Government Corporation Control Act, as amended, and pertinent provisions of other laws prescribing specific duties and responsibilities for GAO, and those which limit its audit authority.

Because there will be revisions to the compilation as new legislation is enacted, the book has been prepared in loose-leaf format to provide for additions or substitution of material for that which is superseded.

This book is arranged in eight chapters, identified by a letter of the alphabet and preceded by a table of contents together with an explanatory paragraph on the contents. To facilitate the use of the material a substantive alphabetical index is included at the end of the compilation.

REGULATIONS FOR CARRYING OUT PROVISIONS

It shall be the duty of the Secretary of the Treasury to make appropriate rules and regulations for carrying out the provisions of section 87 of this title and so much of sections 74, 76, 78, 496, and 514 of this title, as pertains to his duties, and for transferring or preserving books, papers, or other property appertaining to any office or branch of business affected by them.

31 U.S.C. 75

It shall also be the duty of the heads of the several executive departments and of the proper officers of other Government establishments, not within the jurisdiction of any executive department, to make appropriate rules and regulations to secure a proper administrative examination of all accounts sent to them, as required by section 78 of this title, before their transmission to the General Accounting Office, and for the execution of other requirements of this chapter insofar as the same relate to the several departments or establishments.

REQUISITIONS FOR ADVANCES

31 U.S.C. 76

Every requisition for an advance of money, before being acted on by the Secretary of the Treasury, shall be sent to the General Accounting Office for action thereon as required by section 78 of this title.

All warrants when authorized by law and signed by the Secretary of the Treasury, shall be countersigned in the General Accounting Office, and all warrants for the payment of money shall be accompanied either by the certificate, mentioned in section 72 of this title, or by the requisition for advance of money, which certificate or requisition shall specify the particular appropriation to which the same should be charged, instead of being specified on the warrant; and shall also go with the warrant to the Treasurer, who shall return the certificate or requisition to the General Accounting Office, with the date and amount of the draft issued indorsed thereon. Requisitions for the payment of money on all audited accounts, or for covering money into the Treasury, shall not be required. And requisitions for advances of money shall not be countersigned in the General Accounting Office.

RENDITION OF CURRENT ACCOUNTS

31 U.S.C. 78

Except as otherwise provided by law, all monthly accounts shall be mailed or otherwise sent to the proper officer at Washington within ten days after the end of the month to which they relate, and quarterly and other accounts within twenty days after the period to which they relate, and shall be transmitted to and received by the General Accounting Office within twenty days of their actual receipt at the proper office in Washington in the case of monthly, and sixty days in the case of quarterly and other accounts. Should there be any delinquency in this regard at the time of the receipt by the General Accounting Office of a requisition for an advance of money, said office shall disapprove the requisition, which said office may also do for other reasons arising out of the condition of the officer's accounts for whom the advance is requested; but the Secretary of the Treasury may overrule the General Accounting Office's

decision as to the sufficiency of these latter reasons. The Secretary of the Treasury shall prescribe suitable rules and regulations, and may make orders in particular cases, relaxing the requirement of mailing or otherwise sending accounts as aforesaid, within ten or twenty days, or waiving delinquency, in such cases only in which there is, or is likely to be, a manifest physical difficulty in complying with the same, it being the purpose of this provision to require the prompt rendition of accounts without regard to the mere convenience of the officers, and to forbid the advance of money to those delinquent in rendering them. Should there be a delay by the administrative departments beyond the aforesaid twenty or sixty days in transmitting accounts, an order of the President, or, in the event of the absence from the seat of Government or sickness of the President, an order of the Secretary of the Treasury, in the particular case, shall be necessary to authorize the advance of money requested. This section shall not apply to accounts of the postal revenue and expenditures therefrom, which shall be rendered as required by law.

have access to all books, accounts, records, reports, files, and all other papers, things, or property belonging to or in use by the United States Government (other than records, reports, files, or other papers or things containing or revealing information determined by the Secretary of the Treasury to be of an internationally significant nature).

NOTE—While audits under Public Law 91-599 of the Exchange Stabilization Fund may be useful and appropriate, GAO's access to certain information is quite limited.

Under Chapter 4 of the Act which amended section 10 of the Gold Reserve Act of 1934, the Secretary of the Treasury has broad discretion as to the records which GAO can review. The report of the House Committee on Banking and Currency (H. Rept. No. 91-1300, p. 28) which accompanied the proposed amendment, states in part:

"The committee fully shares this concern. It recognizes that foreign exchange operations and other aspects of international financial policy must not be subject to premature disclosure. Broad discretion must be left to the Secretary of the Treasury on the matters that must not be disclosed. Consequently, the language provides that the GAO may not audit any transaction, operation or expenditure of the ESF which the Secretary of the Treasury determines to be of an internationally significant nature. The language is broadly phrased in order to give the Secretary full authority in his discretion to limit the scope of the audit as he determines. It is expected that under the terms of this amendment the accounts of the Exchange Stabilization Fund with respect to transactions in foreign exchange, Special Drawing Rights, gold, ESF investments and similar operations will not be subject to audit by the GAO, but that administrative expenditures of the ESF would be subject to GAO audit, except for those matters which the Secretary feels is of an internationally sensitive nature. Those matters which are not audited by the GAO would continue to be audited as heretofore. In this way, the committee believes it is possible to utilize outside auditors and still protect the integrity of exchange stabilization activities.

"The committee wishes to make it clear that by recommending a GAO audit it has no intention to derogate in any way from the broad and absolute discretion in the Secretary of the Treasury and the President provided in section 10 of the Gold Reserve Act of 1934. The fund remains available for expenditure solely in the discretion of the Secretary for purposes which he determines are for the stabilization of the exchange value of the dollar."

(B) Disapproval by Joint Committee on Taxation.—Returns and return information shall not be open to inspection or disclosed under subparagraph (A) with respect to an audit—

(C) Public Report on Disclosures.—The Secretary shall, within 90 days after the close of each calendar year, furnish to the Joint Committee on Taxation for disclosure to the public a report with respect to the records or accounts described in subparagraph (A) which—

(i) provides with respect to each Federal agency, each agency, body, or commission described in subsection (d) or (1) (3) or (6), and the General Accounting Office the number of—

(II) instances in which returns and return information were disclosed pursuant to such requests,

(III) taxpayers whose returns, or return information with respect to whom, were disclosed pursuant to such requests, and

(ii) describes the general purposes for which such requests were made,

(4) Safeguards.—Any Federal agency described in subsection (h) (2), (i) (1), (2) or (5), (j) (1) or (2), (l) (1), (2), or (5) or (o) (1), the General Accounting Office, or any agency, body, or commission described in subsection (d) or (1) (3) or (6) shall, as a condition for receiving returns or return information—

(A) establish and maintain, to the satisfaction of the Secretary, a permanent system of standardized records with respect to any request, the reason for such request, and the date of such request made by or of it and any disclosure of return or return information made by or to it;

(B) establish and maintain, to the satisfaction of the Secretary, a secure area or place in which such returns or return information shall be stored;

(I) return to the Secretary such returns or return information (along with any copies made therefrom),

(II) otherwise make such returns or return information undisclosed, or

(III) to the extent not so returned or made undisclosed, ensure that the conditions of subparagraphs (A), (B), (C), (D), and (E) of this paragraph continue to be met with respect to such returns or return information,

except that the conditions of subparagraphs (A), (B), (C), (D), and (E) shall cease to apply with respect to any return or return information if, and to the extent that, such return or return information is disclosed in the course of any judicial or administrative proceeding and made a part of the public record thereof. If the Secretary determines that any such agency, body, or commission or the General Accounting Office has failed to, or does not, meet the requirements of this paragraph, he may, after any proceedings for review established under paragraph (7), take such actions as are necessary to ensure such requirements are met, including refusing to disclose returns or return information to such agency, body, or commission or the General Accounting Office until he determines that such requirements have been or will be met.

(5) Report on Procedures and Safeguards.—After the close of each calendar quarter, the Secretary shall furnish to each committee described in subsection (f) (1) a report which describes the procedures and safeguards established and utilized by such agencies, bodies, or commissions and the General Accounting Office for ensuring the confidentiality of returns and return information as required by this subsection. Such report shall also describe instances of deficiencies in, and failure to establish or utilize, such procedures.

(6) Audit of Procedures and Safeguards—

(A) Audit by Comptroller General.—The Comptroller General may audit the procedures and safeguards established by such agencies, bodies, or commissions pursuant to this subsection to determine whether such safeguards and procedures meet the requirements of this subsection and ensure the confidentiality of returns and return information. The Comptroller General shall notify the Secretary before any such audit is conducted.

(B) Records of Inspection and Reports by the Comptroller General.—The Comptroller General shall—

(ii) furnish an annual report to each committee described in subsection (f) and to the Secretary setting forth his findings with respect to any audit conducted pursuant to subparagraph (A).

The Secretary may disclose to the Joint Committee any report furnished to him under clause (i).

CHAPTER C. RESTRICTIONS ON AUDIT AUTHORITY

With certain exceptions, the audit authority and responsibility of the General Accounting Office extends to all activities, financial transactions, and accounts of the Federal Government. However, certain agencies and activities are not subject to audit by reason of specific statutory prohibitions and the type of funds involved. Where expenditures are of a privileged or confidential or emergency nature accounted for solely on certificate of a designated Government official, the General Accounting Office audit function is restricted. Certain laws impose restrictions on the disclosure of information and prescribe penalties for the officer or employee who violates the restriction. Certain international organizations in which the United States participates and to which the United States contributes are exempt from the GAO audit.

This chapter contains excerpts from laws which restrict an effective audit by GAO and explanatory comments concerning the restrictions.

EXECUTIVE BRANCH

EXPENSE ALLOWANCE OF THE PRESIDENT

(Based on sec. 1 of the act of June 25, 1948, 62 Stat. 672, amended by sec. 1(a) of the act of Jan. 19, 1949, 63 Stat. 4; and sec. 619(a) of the act of Oct. 20, 1951, 65 Stat. 569)

The President shall receive in full for his services ^{8 U.S.C. 102} during the term for which he shall have been elected compensation in the aggregate amount of \$200,000¹ a year, to be paid monthly, and in addition an expense allowance of \$50,000 to assist in defraying expenses relating to or resulting from the discharge of his official duties, for which expense allowances no accounting, other than for income tax purposes, shall be made by him.

TRAVELING EXPENSES OF THE PRESIDENT

(Based on sec. 1 of the act of June 25, 1948, 62 Stat. 672)

There may be expended for or on account of the traveling expenses of the President of the United States ^{8 U.S.C. 103} such sum as Congress may from time to time appropriate, not exceeding \$40,000, per annum, such sum when appropriated to be expended in the discretion of the President and accounted for on his certificate solely.

NOTE—The audit of these types of payments is limited to ascertaining, on a test-check basis, whether the vouchers indicate that the payments are for the purposes authorized, are certified by duly authorized persons, and show the correct appropriations chargeable.

CENTRAL INTELLIGENCE AGENCY

(Based on the National Security Act of 1947, Public Law 253, 80th Cong., 61 Stat. 498; the Central Intelligence Agency Act of 1949, Public Law 110, 81st Cong., 63 Stat. 880; and sec. 21(b) (2) of Public Law 85-507, 72 Stat. 337)

In the performance of its functions, the Central Intelligence Agency is authorized to— ^{50 U.S.C. 403f}

¹ Rate provided by Public Law 91-1, approved Jan. 17, 1969 (83 Stat. 3).

(a) Transfer to and receive from other Government agencies such sums as may be approved by the Bureau of the Budget, for the performance of any of the functions or activities authorized under sections 403 and 405 of this title, and any other Government agency is authorized to transfer to or receive from the Agency such sums without regard to any provisions of law limiting or prohibiting transfers between appropriations. Sums transferred to the Agency in accordance with this paragraph may be expended for the purposes and under the authority of sections 403a-403c, 403e-403h, 403j of this title without regard to limitations of appropriations from which transferred;

* * * * *

50 U.S.C.
408j (b)

The sums made available to the Agency may be expended without regard to the provisions of law and regulations relating to the expenditure of Government funds; and for objects of a confidential, extraordinary or emergency nature, such expenditures to be accounted for solely on the certificate of the Director and every such certificate shall be deemed a sufficient voucher for the amount therein certified.

NOTE—Following the enactment of the Central Intelligence Agency Act of 1949, the then Director of the Agency requested that, notwithstanding the very broad and unusual powers granted to the Central Intelligence Agency by the act, an audit of expenditures at the site, as previously performed by the General Accounting Office, be continued. Accordingly, the General Accounting Office continued to make audits of vouchered expenditures, under the same arrangements that were in effect with the predecessor Central Intelligence Group. Arrangements were made by letters dated August 28, 1965, and June 29, 1951. However, in view of the provisions of section 8 of the Central Intelligence Agency Act, and the lack of access for any substantive review of agency policies and of its practices and procedures, an audit of voucher expenditures is not now being made.

DEPARTMENT OF AGRICULTURE

MILK MARKET ORDER OPERATIONS

(Based on the Agricultural Adjustment Act of 1933, as added by sec. 6 of the act of Aug. 24, 1935, 49 Stat. 761; and under the act of June 3, 1937, 50 Stat. 246)

7 U.S.C. 608d

SEC. 8. (d) (1) All parties to any marketing agreement, and all handlers subject to an order, shall severally, from time to time, upon the request of the Secretary, furnish him with such information as he finds to be necessary to enable him to ascertain and determine

the extent to which such agreement or order has been carried out or has effectuated the declared policy of this chapter and with such information as he finds to be necessary to determine whether or not there has been any abuse of the privilege of exemptions from the antitrust laws. Such information shall be furnished in accordance with forms of reports to be prescribed by the Secretary. For the purpose of ascertaining the correctness of any report made to the Secretary pursuant to this subsection, or for the purpose of obtaining the information required in any such report, where it has been requested and has not been furnished, the Secretary is authorized to examine such books, papers, records, copies of income tax reports, accounts, correspondence, contracts, documents, or memoranda, as he deems relevant and which are within the control (1) of any such party to such marketing agreement, or any such handler, from whom such report was requested or (2) of any person having, either directly or indirectly, actual or legal control of or over such party or such handler or (3) of any subsidiary of any such party, handler, or person.

(2) Notwithstanding the provisions of section 607 of this title, all information furnished to or acquired by the Secretary of Agriculture pursuant to this section shall be kept confidential by all officers and employees of the Department of Agriculture and only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or upon the request, of the Secretary of Agriculture, or to which he or any officer of the United States is a party, and involving the marketing agreement or order with reference to which the information so to be disclosed was furnished or acquired. Nothing in this section shall be deemed to prohibit (A) the issuance of general statements based upon the reports of a number of parties to a marketing agreement or of handlers subject to an order, which statements do not identify the information furnished by any person, or (B) the publication by direction of the Secretary of the name of any person violating any marketing agreement or any order, together with a statement of the particular provisions of the marketing agreement or order violated by such person. Any such officer or employee violating the provisions of this section shall upon conviction be subject to a fine of not more than \$1,000 or to imprisonment for not more than one year, or to both, and shall be removed from office.

NOTE—This restriction unequivocally prohibits the disclosure of any information acquired pursuant to such section except by permission of the Secretary of Agriculture, and then only in a suit or administrative hearing brought at his direction or request. The General Accounting Office does not have the jurisdiction or authority to determine that information needed in an audit may be released to us without subjecting the officers or employees of the Department of Agriculture to the penalties prescribed by statute. The reviews of these milk marketing operations accordingly do not include an examination of milk handlers' records.

DEPARTMENT OF DEFENSE

(Chapter 4, title 10, United States Code)¹⁴

Sec. 140.¹⁵ Emergencies and extraordinary expenses

(a) Subject to the limitations of subsection (c) of this section, and within the limitation of appropriations made for the purpose, the Secretary of Defense and the Secretary of a military department within his department, may provide for any emergency or extraordinary expense which cannot be anticipated or classified. When it is so provided in such an appropriation, the funds may be spent on approval or authority of the Secretary concerned for any purpose he determines to be proper, and such a determination is final and conclusive upon the accounting officers of the United States. The Secretary concerned may certify the amount of any such expenditure authorized by him that he considers advisable not to specify, and his certificate is sufficient voucher for the expenditure of that amount.

(b) The authority conferred by this section may be delegated by the Secretary of Defense to any person in the Department of Defense or by the Secretary of a military department to any person within his department, with or without the authority to make successive redelegations.

(c) In any case in which funds are expended under the authority of subsections (a) and (b) of this section, the Secretary of Defense shall submit a report of such expenditures on a quarterly basis to the Committees on Armed Services and Appropriations of the Senate and the House of Representatives.

NOTE—The purpose of the provision was explained in S. Rept. 94-146, 163-164 (1975), as follows:

“This provision would permanently authorize the Secretary of Defense and the Service Secretaries to ‘provide for any emergency or extraordinary expenses which cannot be anticipated or classified.’ This authority would be limited to the extent of specific appropriations for ‘emergency or extraordinary expenses.’ The Secretary of Defense and the Service Secretaries or their delegates would be authorized to spend money for any purpose they determine to be proper

¹⁴ Title 10 of the United States Code was enacted into law by the act of August 10, 1956, ch. 1041, sec. 1, 70A Stat. 1.

¹⁵ Sec. 140 as added by Pub. L. 94-106, sec. 804(a), Oct. 7, 1974, 89 Stat. 538.

and would not be required to specify the purpose or content of the expenditure. A Secretarial determination would be 'final and conclusive upon the accounting officers of the United States'; a Secretarial certificate would be 'sufficient voucher for the expenditure.'

"Historically a relatively small appropriation has been provided to the Secretary of Defense and the various Service Secretaries for emergency and extraordinary expenses. In recent years this appropriation has been subject to a point of order in the House on the grounds that it lacked legislative authority.

* * * * *

"The committee adopted the provision authorizing emergency and extraordinary expenses. The Secretary of Defense and the Service Secretaries should have discretionary authority, within the limits of appropriations, for certain confidential or unanticipated contingencies. Such authority would be consistent with the existing authority of the Secretary of the Navy as well as the Congressional practice of appropriating funds for such purposes in past years. This section would provide a desirable management flexibility subject to the control of the appropriations process."¹⁰

NOTE—Pub. L. 94-106, sec. 804(b), Oct. 7, 1975, 89 Stat. 538, repealed 10 U.S.C. 7202 concerning emergency and extraordinary expenses of the Navy Department. It contained language with regards to the Sec. of the Navy which was quite similar to that set forth in 10 U.S.C. 140.

¹⁰ See Department of Defense Appropriation Act, 1977, and accompanying note, pp. App. B-9 and App. B-10, respectively.

DEPARTMENT OF THE ARMY

NOTE—The legislative history of this proviso reveals a clear intent that the Home not be audited by the General Accounting Office.

KERMIT ROOSEVELT FUND

(Based on the act of July 2, 1945, Public Law 121, 79th Cong., 59 Stat. 316)

POWERS OF THE KERMIT ROOSEVELT FUND BOARD; DECISIONS REVIEWABLE BY SECRETARY OF THE ARMY; ANNUAL REPORT; JURISDICTION OF COURT

The board shall have all the usual powers of a trustee in respect to all property administered by it, but the members of the board shall not be personally liable, except for misfeasance, on account of any acts performed in their trust capacity. The members of the board shall not be required to furnish bond, and no additional compensation shall accrue to any of them on account of their duties as trustees. Within the limits prescribed by section 276bb-276dd of this title, the administration, control, and expenditure of this fund and its application to the purposes intended shall be according to the sole discretion of the board, and the exercise of its discretion and authority in regard thereto and 22 U.S.C. 276ee

its decisions thereon, including any payments made or authorized by it to be made from the Kermit Roosevelt fund, shall not be subject to review except by the Secretary of the Army, to whom the board shall, on the 1st day of January, each year, render a full report of its activities during the preceding 12 months. The actions of the board shall not be subject to judicial review except in an action brought in the United States District Court for the District of Columbia, which is given jurisdiction of such suits, for the purpose of enforcing the provisions of any trust accepted by the board.

NOTE—No audit is made of expenditures from this fund in view of the provisions of this law.

DEPARTMENT OF THE NAVY

ACCOUNTING FOR APPROPRIATIONS FOR OBTAINING INFORMATION

(Based on provisions in naval service appropriation act for 1917, approved Aug. 29, 1916, Public Law 241, 64th Cong., 39 Stat. 556, 557)

31 U.S.C. 108

Expenditures by the Department of the Navy from the appropriation for obtaining information from abroad and at home shall be accounted for specifically, if, in the judgment of the Secretary of the Navy, they may be made public, and he shall make a certificate of the amount of such expenditures as he may think it advisable not to specify, and every such certificate shall be deemed a sufficient voucher for the sum therein expressed to have been expended.

DEPARTMENT OF THE AIR FORCE

CIVIL AIR PATROL

(Based on the act of May 26, 1948, Public Law 557, 80th Cong., 62 Stat. 274)

10 U.S.C. 9441

The Civil Air Patrol is a volunteer civilian auxiliary of the Air Force. To assist the Civil Air Patrol in the fulfillment of its objectives as set forth in section 202 of title 36 (Federal charter for the Civil Air Patrol), the Secretary of the Air Force may under regulations prescribed by him with the approval of the Secretary of Defense—

(1) give, lend, or sell to the Civil Air Patrol without regard to the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 471 et seq.),—

(A) major items of equipment, including aircraft, motor vehicles, and communication equipment; and

(B) necessary related supplies and training aids; that are excess to the military departments;

(2) permit the use of such services and facilities of the Air Force as he considers to be needed by the Civil Air Patrol to carry out its mission; * * *

NOTE—It appears that an audit of CAP activities by GAO would be precluded in the absence of appropriate reservations on the part of the Government.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SLUM CLEARANCE AND URBAN RENEWAL PROGRAM

(Based on 42 U.S.C. 1454; and the definition of "local grants-in-aid" in 42 U.S.C. 1460(d))

REQUIREMENTS FOR LOCAL GRANTS-IN-AID

Every contract for capital grants under this subchapter shall require local grants-in-aid in connection with the project involved. Such local grants-in-aid, together with the local grants-in-aid to be provided in connection with all other projects of the local public agency (or two or more local public agencies in the same municipality) on which contracts for capital grants have theretofore been made, shall be at least equal to the total of one-third of the aggregate net project costs of such projects undertaken on a two-thirds capital grant basis and one-fourth of the aggregate new project costs of such projects undertaken on a three-fourths capital grant basis.

42 U.S.C. 1454

NOTE—There is no provision in the statutes specifically authorizing the General Accounting Office to make audits of costs incurred by the donors of noncash grants-in-aid under this program. We have, however, been able to make arrangements to review the records of such donors through the cooperation of the donors and the Department of Housing and Urban Development.

No payment of any money apportioned under said sections shall be made on any project until such statement of the project and the plans, specifications, and estimates thereof shall have been submitted to and approved by the Secretary of the Interior.

The Secretary of the Treasury shall thereupon set aside so much of said appropriation as represents the share of the United States payable under this chapter on account of such project, which sum so set aside shall not exceed 75 per centum of the total estimated cost thereof.

NOTE—The General Accounting Office does not have specific legal authority to examine the records of the States or of the contractors employed by the States.

However, we can require the Bureau of Sport Fisheries and Wildlife to obtain from the States any documents that are necessary to support the disbursement of Government funds.

Since the Federal-aid program accounts for approximately 50 percent of all expenditures made by the Bureau of Sport Fisheries and Wildlife, the General Accounting Office, in connection with its audit of the Bureau, is interested in examining program costs at the State level. During our reviews of the Bureau's activities, arrangements have been made for our auditors, accompanied by Bureau representatives, to review program costs in State offices.

We review the activities and reports of the Office of the Government Comptroller of the Virgin Islands as required by law (48 U.S.C. 1599). See page B-24. Although we do not have legislative authority to audit the Government of the Virgin Islands (see B-130632-O.M., Mar. 18, 1957), we nevertheless perform a limited review of the Government's operations in connection with our examinations into the accuracy and validity of the Government Comptroller's reports.

OFFICE OF ALIEN PROPERTY

(Based on a provision in the Department of Justice Appropriation Act, 1965, Public Law 88-527, approved Aug. 31, 1964, 78 Stat. 716)

The Attorney General, or such officer as he may designate, is hereby authorized to pay out of any funds or other property or interest vested in him or transferred to him pursuant to or with respect to the Trading With the Enemy Act of October 6, 1917, as amended (50 U.S.C. App.), and the International Claims Settlement Act, as amended (22 U.S.C. 1631), necessary expenses incurred in carrying out the powers and duties conferred on the Attorney General pursuant to said acts: *Provided*, That not to exceed \$690,000 shall be available in the current fiscal year for the general administrative expenses of alien property activities, including rent of private or Government-owned space in the District of Columbia: *Provided further*, That on or before November 1 of the current fiscal year the Attorney General shall make a report to the Appropriations Committees of the Senate and the House of Representatives giving detailed information on all administrative and nonadministrative expenses incurred during the next preceding fiscal year in connection with the alien property activities; * * *

FOREIGN CLAIMS SETTLEMENT COMMISSION
INTERNATIONAL CLAIMS SETTLEMENT ACT
OF 1949

(Act of March 10, 1949, Ch. 54, 64 Stat. 12)

TITLE I

SEC. 4. Claims.

22 U.S.C.
1623(m)

The Commission shall notify all claimants of the approval or denial of their claims, stating the reasons and grounds therefor, and, if approved, shall notify such claimants of the amount for which such claims are approved. * * * The action of the Commission in allowing or denying any claims under this subchapter shall be final and conclusive on all questions of law and fact and not subject to review by the Secretary of State or any other official, department, agency, or establishment of the United States or by any court by mandamus or otherwise.

NOTE—In view of these restrictions, our examinations of claims adjudicated and paid by the commission under the acts cited above are limited to ascertaining whether significant computing, typographical, and other clerical errors have been made.

DEPARTMENT OF TRANSPORTATION
FEDERAL-AID HIGHWAY PROGRAM

(The Federal-aid highway programs are found in title 23 of the United States Code)

NOTE—Under this program, the Federal Government through the Bureau of Public Roads, shares the cost of building roads with the States. Costs so shared vary from 50 to 90 percent, with the actual work being done by the States.

In view of the large amounts of Federal funds authorized for these programs, the General Accounting Office, in connection with its audit of the Bureau of Public Roads, is interested in examining the programs, particularly at the State highway department level. The Office, however, does not have the authority to examine the records of the States or of the contractors employed by the States. It can require the Bureau of Public Roads to obtain from the States any supporting documents regarding program costs.

Arrangements have been made with the Bureau of Public Roads for GAO staff to go to the State highway departments for the purpose of making examinations. The Division Engineer of the Bureau introduces our representatives at the State highway departments upon the inception of an assignment but thereafter generally does not accompany them except on occasions when our representatives or the Bureau Division Office considers it desirable.

DEPARTMENT OF THE TREASURY

COMPTROLLER OF THE CURRENCY

(Based on sec. 5230, Revised Statutes, as amended)

APPOINTMENT OF EXAMINERS; EXAMINATION OF MEMBER BANKS, STATE BANKS, AND TRUST COMPANIES; REPORTS

The Comptroller of the Currency, with the approval of the Secretary of the Treasury, shall appoint examiners who shall examine every national bank twice in each calendar year, * * * The expenses of examinations of such affiliates may be assessed by the Comptroller of the Currency upon the affiliates examined in proportion to assets or resources held by the affiliated upon the dates of examination of the various affiliates. * * * the employment and compensation of examiners, chief examiners, reviewing examiners, assistant examiners, and of the other employees of the office of the Comptroller of the Currency whose compensation is and shall be paid from assessments on banks or affiliates thereof shall be without regard to the provisions of other laws applicable to officers or employees of the United States. The funds derived from such assessments may be deposited by the Comptroller of the Currency in accordance with the provisions of section 192 of this title and shall not be construed to be Government funds or appropriated monies; and the Comptroller of the Currency is authorized and empowered to prescribe regulations governing the computation and assessment of the expenses of examinations herein provided for and the collection of such assessments from the banks and/or affiliates examined. 12 U.S.C. 481

NOTE—The expenses of the Office of the Comptroller of the Currency—aside from his annual salary as fixed by law—are paid from assessments levied against member banks and affiliates of the Federal Reserve System. With respect to funds derived from such assessments, it specifically is provided (12 U.S.C. 481) that they shall not be construed to be Government funds or appropriated moneys—language identical to that used to describe the funds obtained by assessment upon Federal Reserve banks to defray the expenses of the Board of Governors of the Federal Reserve System. For the same reasons which are set forth under the Federal Reserve System, see p. C-23, the General Accounting Office lacks authority to audit the operations of this agency.

INTERNAL REVENUE SERVICE

(Based on the Internal Revenue Code of 1954, approved Aug. 16, 1954, 68A Stat. 753)

PUBLIC RECORD AND INSPECTION

26 U.S.C. 6103

(1) Returns made with respect to taxes imposed by chapters 1, 2, 3, and 6 upon which the tax has been determined by the Secretary or his delegate shall constitute public records; but, except as hereinafter provided in this section, they shall be open to inspection only upon order of the President and under rules and regulations prescribed by the Secretary or his delegate and approved by the President.

NOTE—There are no restrictions on the authority of the General Accounting Office to audit the administrative expenditures of this agency.

However, the nature and full effectiveness of our audit of tax collection matters is dependent upon access to tax returns and related information with respect to which restrictions exist. Under existing law, the General Accounting Office does not have access to individual income tax returns except when permission for examination is granted under 26 U.S.C. 6103(a). Similarly, except with permission under section 6103(a), the General Accounting Office does not have access to taxpayer information of such a nature that it would fall within the categories of information precluded from disclosure by 26 U.S.C. 7213(a) (1).

(c) The Commission shall determine questions of disability and dependency arising under this subchapter. The decisions of the Commission concerning these matters are final and conclusive and are not subject to review. The Commission may direct at any time such medical or other examinations as it considers necessary to determine the facts concerning disability or dependency of an individual receiving or applying for annuity under this subchapter. The Commission may suspend or deny annuity for failure to submit to examination.

NOTE—While the above provision precludes our issuance of formal exceptions on questions of dependency and disability, it does not prevent us from obtaining and

examining the files and records of the Commission, nor does it prevent us from reporting on matters which, in our opinion, warrant disclosure.

FEDERAL RESERVE SYSTEM

(Based on the Federal Reserve Act, approved Dec. 23, 1913, 38 Stat. 251, as amended, see U.S. Code for amendments)

ASSESSMENTS UPON FEDERAL RESERVE BANKS TO PAY EXPENSES

The Board of Governors of the Federal Reserve System shall have power to levy semiannually upon the Federal reserve banks, in proportion to their capital stock and surplus, an assessment sufficient to pay its estimated expenses and the salaries of its members and employees for the half year succeeding the levying of such assessment, together with any deficit carried forward from the preceding half year and such assessments may include amounts sufficient to provide for the acquisition by the Board in its own name of such site or building in the District of Columbia as in its judgment alone shall be necessary for the purpose of providing suitable and adequate quarters for the performance of its functions. * * * 12 U.S.C. 243

PRINCIPAL OFFICES OF BOARD; CHAIRMAN OF BOARD; OBLIGATIONS AND EXPENSES

The principal offices of the Board shall be in the District of Columbia. At meetings of the Board the chairman shall preside, and, in his absence, the vice chairman shall preside. In the absence of the chairman and the vice chairman, the Board shall elect a member to act as chairman pro tempore. The Board shall determine and prescribe the manner in which its obligations shall be incurred and its disbursements and expenses allowed and paid, and may leave on deposit in the Federal Reserve banks the proceeds of assessments levied upon them to defray its estimated expenses and the salaries of its members and employees, whose employment, compensation, leave, and expenses shall be governed solely by the provisions of this chapter and rules and regulations of the Board not inconsistent therewith; and funds derived from such assessments shall not be construed to be Government funds or appropriated moneys. 12 U.S.C. 244

NOTE—The Board of Governors of the Federal Reserve System is authorized by law (12 U.S.C. 243), to levy assessments against Federal Reserve banks to pay the expenses of the Board. The Board is authorized to determine and prescribe the manner in which its obliga-

tions shall be incurred and its expenses allowed and paid. Further, it specifically is provided (12 U.S.C. 244), that funds derived from the assessments against Federal Reserve banks to defray the expenses of the Board "shall not be construed to be Government funds or appropriated moneys."

In view of the broad authority conferred upon the Board to determine and prescribe the manner of incurring obligations and to pay its expenses and the fact that funds used to defray the expenses of the Board are not Government funds or appropriated moneys, together with the rule, as set out in 12 U.S.C. 484, that no bank is subject to any visitorial powers other than authorized by law, or vested in the courts, or as shall be exercised or directed by the Congress or by either House thereof or by any committee of the Congress or of either House duly authorized, it is the opinion of the Comptroller General that the General Accounting Office would be unable to undertake an audit of the activities of the Board and the Federal Reserve banks without specific authority of the Congress.

INTERNATIONAL ORGANIZATIONS

NOTE—The United States is a member in, and financial contributor to numerous international organizations. In 1967 the Foreign Assistance Act of 1961 was amended to give GAO authority to audit those international organizations and programs financed solely with United States contributions. See page B-26. With this exception, the GAO does not have any specific authority to audit the affairs of any of these organizations. GAO may, however, depending on the recipient international organization, be permitted to examine records pertinent to the application of United States contributions, to the extent that the Department of State or any other administering United States agency would delegate its own rights of inspection or examination.

FEDERAL GRANTS-IN-AID OR COST SHARING PROGRAMS

NOTE—The general audit authority over the financial transactions of Federal Government departments and agencies has not been regarded as extending to moneys which have been transferred to and are under the custody and control of State or Territorial agencies or instrumentalities. Funds paid to a State or Territory as grants-in-aid have been considered to lose their identity as Federal funds and to become State or Territorial funds. As a consequence, the expenditures of such funds by the States or Territories are not subject to our audit unless the grant or some other law specifically provides authority for such audit.

Our audit activities with respect to grant-in-aid or cost sharing programs are generally limited to the extent that we are able to obtain approval and cooperation of the Federal departments and agencies and the States, Territories, and local authorities.

In recent years numerous laws authorizing Federal grants-in-aid have included provisions giving GAO access to the books and records of recipients. For examples of such laws see chapter D.

CHAPTER D. LEGISLATION CONTAINING PROVISIONS GIVING THE GENERAL ACCOUNTING OFFICE ACCESS TO RECORDS OF RECIPIENTS OF FEDERAL LOANS, GRANTS, AND OTHER FINANCIAL ASSISTANCE

Although the general audit authority of GAO has not been regarded as extending to moneys transferred to States, instrumentalities, and local organizations because such funds lose their identity as Federal funds when transferred, numerous laws enacted in recent years and authorizing Federal grant-in-aid, cost-sharing programs, and other financial assistance, specifically provide for GAO audit and access to records of recipients. This chapter contains excerpts from such laws.

CHAPTER E. CONTRACTS

This chapter contains laws and excerpts from laws relating to Government contracts. It includes the laws giving GAO access to records under negotiated contracts and certain war contracts, and the laws authorizing the Comptroller General to pay withheld wages to laborers and mechanics and to distribute lists of debarred bidders. The Wunderlich Act which permits review of Government contracts has been included in this chapter because of its effect on the jurisdiction of GAO's contract review work. Also included in this chapter are excerpts from laws giving GAO express access to records authority under special contracts.

Negotiated Contracts--Access to Records

The principal provisions dealing with the use of negotiated contracts are contained in the Armed Services Procurement Act of 1947 (approved February 14, 1948, Public Law 413, 80th Cong., ch. 65, 62 Stat. 21) and the Federal Property and Administrative Services Act of 1949 (approved June 30, 1949, Public Law 152, 81st Cong., ch. 288, 63 Stat. 377). These Acts have been revised on various occasions. In addition Title 10, United States Code as enacted by Public Law 1028, 84th Cong. (approved August 10, 1956, ch. 1041, 70A Stat. 135) now incorporates most of the provisions of the Armed Services Procurement Act.

the Comptroller General may remit all or part, as he considers just and equitable, of any liquidated damages assessed for delay in performing a contract, made by that agency, that provides for such damages.

SEC. 2313.^o Examination of books and records of contractor.

(a) An agency named in section 2303 of this title is entitled, through an authorized representative, to inspect the plant and audit the books and records of—

(1) a contractor performing a cost or cost-plus-a-fixed-fee contract made by that agency under this chapter; and

(2) a subcontractor performing any subcontract under a cost or cost-plus-a-fixed-fee contract made by that agency under this chapter.

(b) Except as provided in subsection (c), each contract negotiated under this chapter shall provide that the Comptroller General and his representatives are entitled, until the expiration of three years after final payment, to examine any books, documents, papers, or records of the contractor, or any of his subcontractors, that directly pertain to, and involve transactions relating to, the contract or subcontract.

(c) Subsection (b) does not apply to a contract or subcontract with a foreign contractor or foreign subcontractor if the head of the agency determines, with the concurrence of the Comptroller General or his designee, that the application of that subsection to the contract or subcontract would not be in the public interest. However, the concurrence of the Comptroller General or his designee is not required—

(1) where the contractor or subcontractor is a foreign government or agency thereof or is precluded by the laws of the country involved from making its books, documents, papers, or records available for examination; and

(2) where the head of the agency determines, after taking into account the price and availability of the property or services from United States sources, that the public interest would be best served by not applying subsection (b).

CONTRACT SETTLEMENT ACT OF 1944

(Act of July 1, 1944, ch. 358, 58 Stat. 649)

FUNCTIONS OF GENERAL ACCOUNTING OFFICE; CERTIFICATION OF FRAUDULENT SETTLEMENTS TO DEPARTMENT OF JUSTICE; REPORTS TO CONGRESS

41 U.S.C. 116

SEC. 16. (a) Any other provision of law notwithstanding, the function of the General Accounting Office with respect to any termination settlement made, authorized, ratified, or approved by a contracting agency shall be confined to determining, after final settlement, (1) whether the settlement payments to the war contractor were made in accordance with the settlement, and (2) whether the records transmitted to it, or other information, warrant a reasonable belief that the settlement was induced by fraud. For this purpose the General Accounting Office shall have the authority to examine any records maintained by any contracting agency or by any war contractor relating to any termination settlement.

(b) Whenever the Comptroller General is convinced that any settlement was induced by fraud, he shall so certify, together with all the facts relating thereto, to the Department of Justice, to the Administrator of General Services, and to the contracting agency concerned. Upon receipt of such certificate (1) the Department of Justice shall make an investigation to determine whether such settlement was induced by fraud, and (2) until the Department of Justice notifies the contracting agency that in its opinion the facts do not support the belief that the settlement was induced by fraud, the contracting agency, by set-off or otherwise, may withhold, from amounts owing to the war contractor by the United States under such settlement or otherwise, the amount of the settlement, or the portion thereof, which, in the opinion of the Comptroller General as stated in his certificate, was affected by the fraud. In any such case the Department of Justice shall take such action as it deems appropriate to recover payments made to such war contractor. The General Accounting Office shall not

suspend credit to any disbursing officer on any disbursements made by him under such settlement in the absence of fraud on his part.

(c) The Comptroller General may investigate the settlements completed by each contracting agency for the purpose of reporting to the Congress from time to time on—

(1) whether the settlement methods and procedures employed by such agency are of a kind and type designed to result in expeditious and fair settlements in accordance with and subject to the provisions of this chapter and the orders and regulations of the Administrator of General Services;

(2) whether such methods and procedures are followed by such agency with care and efficiency; and

(3) whether such methods and procedures adequately protect the interest of the Government.

If in any such report the Comptroller General shall find that the settlement methods and procedures fail to meet the foregoing standards, he shall make suggestions and recommendations to such agency for the improvement of such methods and procedures and to the Congress for any additional legislation needed to carry out the policies of this chapter: At least thirty days before filing any such report with the Congress, the Comptroller General shall deliver a copy thereof to the agency concerned and the Administrator of General Services, and shall forward to the Congress together with such report any comments of such agency with respect thereto.

(d) The jurisdiction of the Comptroller General of the United States shall not be affected by this chapter except to the extent necessary to give effect to the specific provisions thereof. UNIFORM COST ACCOUNTING STANDARDS BOARD

NOTE—Public Law 90-370, approved July 1, 1968, 82 Stat. 279, amended Title VII of the Defense Production Act of 1950, to require the Comptroller General in cooperation with the Secretary of Defense and the Director of the Bureau of the Budget, to undertake a study to determine the feasibility of applying uniform cost accounting standards to be used in all negotiated prime contracts and subcontract defense procurements of \$100,000 or more, and to report the results of this study to the Committees on Banking and Currency and the Committee on Armed Services of the Senate and House of Representatives. The report was issued January 19, 1970, B-39995.

submits to the Committees on Armed Services of the Senate and the House of Representatives a plan for the expenditure of such \$200,000,000. In no event may all or any part of such \$200,000,000 be obligated or expended except in accordance with such plan.

(b) The \$200,000,000 referred to in subsection (a) of this section, following the submission of a plan pursuant to such subsection, may be expended only for the reasonable and allocable direct and indirect costs incurred by the prime contractor under a contract entered into with the United States to carry out the C-5A aircraft program. No part of such amount may be used for—

(1) direct cost of any other contract or activity of the prime contractor;

(2) profit on any materials, supplies, or services which are sold or transferred between any division, subsidiary, or affiliate of the prime contractor under the common control of the prime contractor and such division, subsidiary, or affiliate;

(3) bid and proposal costs, independent research and development costs, and the cost of other similar unsponsored technical effort; or

(4) depreciation and amortization costs on property, plant, or equipment.

Any of the costs referred to in the preceding sentence which would otherwise be allocable to any work funded by such \$200,000,000 may not be allocated to other portions of the C-5A aircraft contract or to any other contract with the United States, but payments to C-5A aircraft subcontractors shall not be subject to the restrictions referred to in such sentence.

(c) Any payment from such \$200,000,000 shall be made to the prime contractor through a special bank account from which such contractor may withdraw funds only after a request containing a detailed justification of the amount requested has been submitted to and approved by the contracting officer for the United States. All payments made from such special bank account shall be audited by the Defense Contract Audit Agency of the Department of Defense and, on a quarterly basis, by the General Accounting Office. The Comptroller General shall submit to the Congress not more than thirty days after the close of each quarter a report on the audit for such quarter performed by the General Accounting Office pursuant to this subsection, * * *

(d) The restrictions and controls provided for in this section with respect to the \$200,000,000 referred to in subsections (a) and (b) of this section shall be in addition to such other restrictions and controls as may be prescribed by the Secretary of Defense or the Secretary of the Air Force.

COST ACCOUNTING STANDARDS BOARD

DEFENSE PRODUCTION ACT OF 1950

(Act of September 8, 1950, ch. 932, 64 Stat. 798)

SEC. 719.²² (a) There is established, as an agent of the Congress, a Cost-Accounting Standards Board which shall be independent of the executive departments and shall consist of the Comptroller General of the United States who shall serve as Chairman of the Board and four members to be appointed by the Comptroller General. Of the members appointed to the Board, two, of whom one shall be particularly knowledgeable about the cost accounting problems of small business, shall be from the accounting profession, one shall be representative of industry, and one shall be from a department or agency of the Federal Government who shall be appointed with the consent of the head of the department or agency concerned. The term of office of each of the appointed members of the Board shall be four years, except that any member appointed to fill a vacancy in the Board shall serve for the remainder of the term for which his predecessor was appointed. Each member of the Board appointed from private life shall receive compensation at the rate of one two-hundred-sixtieth of the rate prescribed for level IV of the Federal Executive Salary Schedule for each day (including traveltime) in which he is engaged in the actual performance of duties vested in the Board.

50 U.S.C.
App. 2168

(b) The Board shall have the power to appoint, fix the compensation of, and remove an executive secretary and two additional staff members without regard to chapter 51, subchapters III and VI of chapter 53, and chapter 75 of title 5, United States Code, and those provisions of such title relating to appointment in the competitive service. The executive secretary and the two additional staff members may be paid compensation at rates not to exceed the rates prescribed for levels IV and V of the Federal Executive Salary Schedule, respectively.

(c) The Board is authorized to appoint and fix the compensation of such other personnel as the Board deems necessary to carry out its functions.

(d) The Board may utilize personnel from the Federal Government (with the consent of the head of the agency concerned) or appoint personnel from private life without regard to chapter 51, subchapters III and VI of chapter 53, and chapter 75 of title 5, United States Code, and those provisions of such title relating to appointment in the competitive service, to serve on advi-

sory committees and task forces to assist the Board in carrying out its functions and responsibilities under this section.

(e) Except as otherwise provided in subsection (a), members of the Board and officers or employees of other agencies of the Federal Government utilized under this section shall receive no compensation for their services as such but shall continue to receive the compensation of their regular positions. Appointees under subsection (d) from private life shall receive compensation at rates fixed by the Board, not to exceed one two-hundred-sixtieth of the rate prescribed for level V in the Federal Executive Salary Schedule for each day (including traveltime) in which they are engaged in the actual performance of their duties as prescribed by the Board. While serving away from their homes or regular place of business, Board members and other appointees serving on an intermittent basis under this section shall be allowed travel expenses in accordance with section 5703 of title 5, United States Code.

(f) All departments and agencies of the Government are authorized to cooperate with the Board and to furnish information, appropriate personnel with or without reimbursement, and such financial and other assistance as may be agreed to between the Board and the department or agency concerned.

(g) The Board shall from time to time promulgate cost-accounting standards designed to achieve uniformity and consistency in the cost-accounting principles followed by defense contractors and subcontractors under Federal contracts. Such promulgated standards shall be used by all relevant Federal agencies and by defense contractors and subcontractors in estimating, accumulating, and reporting costs in connection with the pricing, administration and settlement of all negotiated prime contract and subcontract national defense procurements with the United States in excess of \$100,000, other than contracts or subcontracts where the price negotiated is based on (1) established catalog or market prices of commercial items sold in substantial quantities to the general public, or (2) prices set by law or regulation. In promulgating such standards the Board shall take into account the probable costs of implementation compared to the probable benefits.

(h) (1) The Board is authorized to make, promulgate, amend, and rescind rules and regulations for the implementation of cost-accounting standards promulgated under subsection (g). Such regulations shall require defense contractors and subcontractors as a condition of contracting to disclose in writing their cost-accounting principles, including methods of distinguishing direct costs from indirect costs and the basis used for allocating indirect costs, and to agree to a contract price adjustment, with interest, for any increased costs

paid to the defense contractor by the United States because of the defense contractor's failure to comply with duly promulgated cost-accounting standards or to follow consistently his disclosed cost-accounting practices in pricing contract proposals and in accumulating and reporting contract performance cost data. Such interest shall not exceed 7 per centum per annum measured from the time such payments were made to the contractor or subcontractor to the time such price adjustment is effected. If the parties fail to agree as to whether the defense contractor or subcontractor has complied with cost-accounting standards, the rules and regulations relating thereto, and cost adjustments demanded by the United States, such disagreement will constitute a dispute under the contract dispute clause.

(2) The Board is authorized, as soon as practicable after the date of enactment of this section, to prescribe rules and regulations exempting from the requirements of this section such classes or categories of defense contractors or subcontractors under contracts negotiated in connection with national defense procurements as it determines, on the basis of the size of the contracts involved or otherwise, are appropriate and consistent with the purposes sought to be achieved by this section.

(3) Cost-accounting standards promulgated under subsection (g) and rules and regulations prescribed under this subsection shall take effect not earlier than the expiration of the first period of sixty calendar days of continuous session of the Congress following the date on which a copy of the proposed standards, rules, or regulations is transmitted to the Congress; if, between the date of transmittal and the expiration of such sixty-day period, there is not passed by the two Houses a concurrent resolution stating in substance that the Congress does not favor the proposed standards, rules, or regulations. For the purposes of this subparagraph, in the computation of the sixty-day period there shall be excluded the days on which either House is not in session because of adjournment of more than three days to a day certain or an adjournment of the Congress sine die. The provisions of this paragraph do not apply to modifications of cost accounting standards, rules, or regulations which have become effective in conformity with those provisions.

(i) (A) Prior to the promulgation under this section of rules, regulations, cost-accounting standards, and modifications thereof, notice of the action proposed to be taken, including a description of the terms and substance thereof, shall be published in the Federal Register. All parties affected thereby shall be afforded a period of not less than thirty days after such publication in which to submit their views and comments with respect to the action proposed to be taken. After full consideration of the views and comments so submitted the

Board may promulgate rules, regulations, cost-accounting standards, and modifications thereof which shall have the full force and effect of law and shall become effective not later than the start of the second fiscal quarter beginning after the expiration of not less than thirty days after publication in the Federal Register:

(B) The functions exercised under this section are excluded from the operation of sections 551, 553-559, and 701-706 of title 5, United States Code.

(C) The provisions of paragraph (A) of this subsection shall not be applicable to rules and regulations prescribed by the Board pursuant to subsection (h) (2).

(j) For the purpose of determining whether a defense contractor or subcontractor has complied with duly promulgated cost-accounting standards and has followed consistently his disclosed cost-accounting practices, any authorized representative of the head of the agency concerned, of the Board, or of the Comptroller General of the United States shall have the right to examine and make copies of any documents, papers, or records of such contractor or subcontractor relating to compliance with such cost-accounting standards and principles.

(k) The Board shall report to the Congress, not later than twenty-four months after the date of enactment of this section, concerning its progress in promulgating cost-accounting standards under subsection (g) and rules and regulations under subsection (h). Thereafter, the Board shall make an annual report to the Congress with respect to its activities and operations, together with such recommendations as it deems appropriate.

(l) There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this section.

(As authorized by the act of August 1, 1947, ch. 441, sec. 1, 61 Stat. 720; as amended by the act of August 9, 1955, ch. 694, 69 Stat. 626)

31 U.S.C. 82a-1

The General Accounting Office is authorized, after consideration of the pertinent findings and if in concurrence with the determinations and recommendations of the head of the department or independent establishment concerned, to relieve any disbursing or other accountable officer or agent or former disbursing or other accountable officer or agent of any such department or independent establishment of the Government charged with responsibility on account of physical loss or deficiency of Government funds, vouchers, records, checks, securities, or papers in his charge, or to authorize the reimbursement, from any appropriation or fund available for purposes of the activity in which the loss or deficiency occurred, of amounts paid subsequent to August 1, 1947, by or on behalf of the officer or agent in restitution of the loss or deficiency, if the head of the department or independent establishment determines (1) that such loss or deficiency occurred while such officer or agent was acting in the discharge of his official duties, or that such loss or deficiency occurred by reason of the act or omission of a subordinate of such officer or agent; and (2) that such loss or deficiency occurred without fault or negligence on the part of such officer or agent. This Act shall be applicable only to the actual physical loss or deficiency of Government funds, vouchers, records, checks, securities, or papers, and shall not include deficiencies in the accounts of such officers or agents resulting from illegal or erroneous payments. Whenever it is necessary in the opinion of the Comptroller General to restore or otherwise adjust the account of any disbursing or accountable officer or agent or former disbursing or other accountable officer for relief heretofore or hereafter granted under this Act, the amount of such relief shall, unless another appropriation is specifically provided therefor, be charged to the appropriation or fund available for the expense of the disbursing or other accountable function at the time the adjustment is effected.

**RELIEF OF ACCOUNTABLE OFFICERS

INCORRECT PAYMENTS**

(As authorized by the act of August 11, 1955,
ch. 803, 69 Stat. 687)

81 U.S.C. 82a-2

SEC. 1. That (a) whenever (1) any deficiency exists or occurs in the official disbursing accounts of any disbursing officer or former disbursing officer of any department, agency, or independent establishment of the Government in consequence of the making of any illegal, improper, or incorrect payment, and (2) the Comptroller General or any officer of the General Accounting Office designated by the Comptroller General determines, upon his own motion or upon written findings and recommendations made by the department, agency, or independent establishment concerned, or his designees for that purpose, that such payment was not the result of bad faith or lack of due care on the part of such disbursing officer, the Comptroller General or his designee is authorized in his discretion to relieve such disbursing officer of accountability and responsibility, and allow credit in his official disbursing accounts, for such deficiency. Such relief may be denied in any case in which the Comptroller General or his designee determines that the department, agency, or independent establishment concerned has not diligently pursued collection action in accordance with procedures prescribed by the Comptroller General.

(b) Nothing contained in this section shall (1) affect the liability, or authorize the relief, of any payee, beneficiary, or recipient of any illegal, improper, or incorrect payment, or (2) relieve any such disbursing officer, the head of any department, agency, or establishment, or the Comptroller General of responsibility to pursue collection action against any such payee, beneficiary, or recipient. This section shall not deprive any such disbursing officer of any right which he otherwise may have to obtain relief by any other means with respect to any illegal, improper, or incorrect payment.

(c) Whenever it is necessary in the opinion of the Comptroller General to restore or otherwise adjust in the account of any disbursing officer any amount as to which relief is granted under this section, such amount, unless another appropriation is specifically provided therefor, shall be charged to the appropriation or fund available for the expense of the disbursing function at the time the adjustment is effected.

31 U.S.C. 95a

That whenever (1) any disbursing officer of the Army, Navy, Air Force, or Marine Corps incurs or has incurred a physical loss or deficiency of any Government funds, vouchers, records, or papers in his charge and (2) the Secretary of the department concerned determines that such loss or deficiency occurred while the officer was in line of his duty and that such loss or deficiency occurred without fault or negligence on his part, the General Accounting Office shall relieve such officer of the liability for such loss or deficiency, or authorize the reimbursement, from any appropriation or fund made available for that purpose, of amounts paid by or on behalf of such officer in restitution of such loss or deficiency. Any determination made by the Secretary of the department concerned under this Act shall be conclusive upon the General Accounting Office. No relief may be granted under this Act with respect to any deficiency in the accounts of any disbursing officer which results from any illegal or erroneous payment. This Act shall not deprive any disbursing officer of any right which he otherwise may have to obtain relief by any other means with respect to any loss or deficiency covered by this Act.

(b) Nothing contained in this section shall affect the liability, or authorize the relief, of any payee, beneficiary, or recipient of any illegal, improper, or incorrect payment, or relieve any certifying or disbursing officer, the head of any department or agency of the Government, the Commissioners of the District of Columbia, or the Comptroller General of responsibility to pursue collection action against any such payee, beneficiary, or recipient.

PART 1—RECOGNITION OF ATTOR- NEYS AND OTHER REPRESENT- ATIVES

The regulations governing the recognition of persons representing others before the General Accounting Office are being revised to eliminate the registration committee and the complaint proceedings. Specific procedures are prescribed for revocation of representations.

Part 1 is revised to read as follows:

Sec.

- 1.1 Right to representation before the General Accounting Office.
- 1.2 Practice by attorneys.
- 1.3 Authority to represent in payment cases.
- 1.4 Authority to represent in other cases.
- 1.5 Revocation of authority to represent.

AUTHORITY: Sec. 311, 42 Stat. 25, as amended (31 U.S.C. 52).

§ 1.1 Right to representation before the General Accounting Office.

Each person having a claim or other rights assertable in the General Accounting Office may pursue such claim or right individually or through an attorney or other representative.

§ 1.2 Practice by attorneys.

Any person who is a member in good standing of the bar of the Supreme Court of the United States or of the highest court of any State, territory, or the District of Columbia, and is not under any order of any court suspending, enjoining, restraining, disbarring, or otherwise restricting him in the practice of law, may represent others before the General Accounting Office.

§ 1.3 Authority to represent in pay- ment cases.

In the prosecution of claims involving payments to be made by the United States, a proper power of attorney is required before an attorney or other representative may be recognized. A power of attorney from the principal may also be requested in other cases.

§ 1.4 Authority to represent in other cases.

When an attorney acting in a representative capacity appears in person or signs a document submitted to the General Accounting Office in connection with a matter other than one involving a payment to be made by the United States, his personal appearance or signature shall constitute a representation that he is authorized and qualified to represent the particular party in whose behalf he acts. In the case of representatives other than attorneys, a simple written declaration from the principal will be accepted as evidence of the authority of the representative to act on behalf of the principal.

§ 1.5 Revocation of authority to repre- sent.

Prior to the conclusion of action by the General Accounting Office on a matter in which a principal is represented by another person whose authority to act is established under either § 1.3 or § 1.4, the principal may revoke the authority of his representative. Such revocation is not effective unless it is in writing and signed by the principal and until the written revocation is received by the General Accounting Office. Upon notification of the death of the principal during the pendency of any matter involving representation of the principal by an attorney or other party, the General Accounting Office will consider the representative's authority to have been automatically revoked.

SUBPART A—GENERAL PROVISIONS

§ 10.1 Scope and purpose of part.

(a) This part establishes policies, requirements, and procedures governing submission to, and review and disposition by, the General Accounting Office (GAO), pursuant to 44 U.S.C. 3512 (c) and (d), of plans or forms proposed by independent Federal regulatory agencies for use in conducting or sponsoring the collection of information upon an identical item from 10 or more persons.

(b) At present, the following agencies are "independent Federal regulatory agencies" for purposes of this part: Civil Aeronautics Board, Commodity Futures Trading Commission, Consumer Product Safety Commission, Equal Employment Opportunity Commission, Federal Communications Commission, Federal Energy Administration, Federal Maritime Commission, Federal Power Commission, Federal Trade Commission, Interstate Commerce Commission, National Labor Relations Board, Nuclear Regulatory Commission, and Securities and Exchange Commission.

[39 FR 24347, July 2, 1974, as amended at 40 FR 36297, Aug. 20, 1975]

§ 10.2 Definitions.

As used in this part, unless the context requires otherwise—

"Agency" means an independent Federal regulatory agency specified in §10.1(b) of this part.

"Collection of information" means the soliciting or obtaining of facts on an identical item from 10 or more persons by use of report forms, application forms, schedules, questionnaires, letters, plans, or similar methods or the imposition of recordkeeping or record maintenance requirements concerning an identical item and affecting 10 or more persons.

"Person" means an individual, partnership, association, corporation, business trust, legal representative, an organized group of persons, a State or territorial government or branch, or a political subdivision of a State or territory or a branch of a political subdivision; but does not include agencies, instrumentalities, or employees of the United States.

"Plan or report form" includes any plan, guide, form, schedule, questionnaire, letter, instruction, contract, agreement, order, regulation, or other method or device used or available for use to solicit or obtain facts or to impose recordkeeping or similar requirements.

"Proposal," "proposal for the collection of information," or "proposed plans or report forms" refer to a proposal submitted to GAO for clearance pursuant to this part.

An agency is considered to "sponsor" the collection of information when it requires a person or organization, including its contractor or grantee, to collect specific information to be made available to the agency and when it promulgates plans or forms as mandatory standards for State or local government agencies to use in collecting information.

In determining whether information is collected from "ten or more persons," when the primary or principal respondent must obtain from others the same information requested of them (e.g., contractors obtaining information from subcontractors), the secondary respondents must be counted.

§ 10.3 General policies and responsibilities.

(a) The purpose of 44 U.S.C. 3512 is to assure that information required by agencies is obtained with a minimum burden upon business enterprises, especially small business enterprises, and other persons required to furnish information. To this end, unnecessary duplication of efforts in obtaining information already filed with other Federal agencies through the use of reports, questionnaires, and other methods shall be eliminated as rapidly as practicable; and information collected and tabulated by agencies shall, as far as is expedient, be tabulated in a manner designed to maximize its usefulness to other Federal agencies and to the public.

(b)(1) Each agency shall submit to GAO all proposals for the collection of information requiring clearance under subpart B of this part. Any questions concerning whether a particular plan or report form is subject to clearance shall be presented for determination by GAO. Submissions shall comply with the requirements prescribed in subpart C of this part.

(2) Each agency is directly responsible for planning and conducting its information collection activities, including establishing procedures for managing such activities, in a manner consistent with the policies of 44 U.S.C. 3512, as stated in paragraph (a) of this section. Accordingly, prior to submitting

proposals for clearance by GAO, each agency shall take all necessary and appropriate measures to insure to the best of its capabilities that proposed plans and report forms comply with the requirements and policies of 44 U.S.C. 3512, including all reasonable efforts to avoid seeking unneeded or marginally useful information; to ascertain whether information sought is already available from another source and, if so, to arrange for use of such information; to minimize both substantive and procedural burdens imposed upon respondents; and to solicit and consider the views of persons who would be affected by the proposed plan or report form, including respondents, business and trade associations, and other concerned organizations. To insure that information is collected and tabulated to maximize its usefulness, agencies should consult with governmental and nongovernmental organizations and entities, including Federal agencies other than independent Federal regulatory agencies, which are likely to be significant users of the information to be collected. For example, agencies planning to conduct or sponsor the collection of statistical information involving financial statements and operating data should consult with the Bureau of Economic Analysis of the Social and Economic Statistics Administration, Department of Commerce.

(3) Each agency is encouraged to use surveys, pretests, or pilot tests in developing major information collection proposals and before full-scale agency adoption of such major proposals. Surveys, pretests, and pilot tests involving collection of information from 10 or more persons which are designed, not as information gathering devices, but for use by an agency to develop a full-scale major information collection proposal, by ascertaining and evaluating such proposal in terms of costs, respondent burdens, effects, utility, and similar criteria, will not be subject to GAO clearance. Respondents to such a survey, pretest, or pilot test shall be clearly advised of its exemption from GAO clearance and of its limited purpose.

(4) Each agency shall provide GAO such information concerning the status and use of its plans and report forms as may be requested.

(c) GAO is responsible for determining whether information to be collected is already available from another Federal source and whether proposed plans or forms for the collection of information are consistent with the requirements and policies of 44 U.S.C. 3512. Such responsibilities will be approached initially by reviewing those steps which an agency has taken to effect compliance. However, GAO will take such additional steps as it deems necessary and appropriate to insure compliance with the statutory requirements and policies.

§ 10.4 Confidentiality of information.

Section 3508(a) of title 44, United States Code, dealing with unlawful disclosure of information, applies to the use of information by agencies subject to this part. Each report form and reporting or recordkeeping requirement shall specify any restrictions upon agency use of the information concerned or other protections in terms of the confidentiality of such information under relevant statutes or agency regulations, procedures, or practices.

SUBPART B—CLEARANCE PROCEDURES

§ 10.5 Requirement for clearance.

(a) Except as provided in § 10.6 of this part and paragraph (b) of this section, an agency shall not conduct or sponsor the collection of information upon an identical item from 10 or more persons unless in advance of adoption or revision of any plans or forms to be used in the collection—

(1) The agency has submitted to GAO proposed plans or forms for collecting such information, together with copies of pertinent regulations and of such other related materials as are specified in and required pursuant to subpart C of this part; and

(2) GAO has advised that the information proposed to be collected is not presently available to the agency from another source within the Federal Government and has determined that the proposed plans or forms are consistent with the provisions of 44 U.S.C. 3512.

(b) If GAO does not provide advice within 45 days following the date on which it received a complete submission for clearance of a proposal to collect information and review of such proposal has not been suspended or discontinued pursuant to § 10.9 of this part, the agency may immediately proceed to collect such information under the proposal as submitted to GAO. Collection of information by operation of this subsection may not continue for more than 1 year from the date on which it commenced.

(c) Renewals of plans or report forms upon expiration of an existing clearance must be submitted for a new clearance whether or not any revision in such plans or report forms is proposed.

(d) Revisions in plans or report forms prior to expiration of an existing clearance are subject to a new clearance if such revisions are material. The materiality of revisions depends generally on their relationship to the GAO clearance criteria of duplication and respondent burden. Thus a material revision in a plan or report form might include, but is not necessarily limited to, significant modification in the kind of information sought or an increase in the amount of information sought; significant change in the type of respondents or an increase in the survey coverage or number of respondents; an in-

[39 FR 24347, July 2, 1974, as amended at 40 FR 36297, Aug. 20, 1975]

crease in the frequency of reporting or a lengthening of the duration of records maintenance requirements; or a change in the purpose for which information is required. Nonmaterial changes need not be submitted for clearance by GAO. However, agencies shall advise GAO of such changes and the reasons therefor, and furnish GAO a copy of the revised plan or report form.

(e) Agencies may continue to use plans and report forms approved by OMB prior to November 16, 1973, until the OMB clearance expires. However, no plan or report form previously cleared by OMB may be used after its expiration date or materially revised for use prior to its expiration date without submission to and clearance by GAO.

[39 FR 24347, July 2, 1974, as amended at 40 FR 36297, Aug. 20, 1975]

§10.6 Particular proposals.

(a)(1) Subject to §§ 10.2 and 10.5 of this part and paragraphs (b) and (c) of this section, agencies shall submit for clearance every new or revised proposal to conduct or sponsor the collection of information upon an identical item from 10 or more persons.

(2) Subsections (b) and (c) of this section establish certain general guidelines for clearance. As such, these guidelines are not designed to cover definitively or comprehensively all issues which may arise concerning which plans or forms are subject to clearance; and GAO may depart from these guidelines when deemed consistent with 44 U.S.C. 3512. GAO shall ultimately determine what proposed plans and forms are subject to clearance; and any questions concerning applicability of the clearance requirement to particular plans or forms, as well as questions concerning application of the guidelines contained in paragraphs (b) and (c) of this section, should be submitted for determination by GAO.

(b) Plans or forms for the collection of information shall be submitted for clearance irrespective of whether they are:

(1) Specifically authorized or required by law (and whether or not the agency is authorized to prescribe the manner or form of such collection);

(2) Established or implemented through a rulemaking or similar proceeding; or

(3) Undertaken solely to satisfy a requirement that the agency collect or maintain information for purposes of public inspection or disclosure.

(c) The requirement for clearance does not include the following types of plans or forms:

(1) Affidavits, oaths, notices of change of address, or forms used for acknowledgement or receipt of articles or services requiring no information other than that necessary to describe the article or service and identify the person or persons making the acknowledgement or receipt;

(2) Collection of information for identification or classification in connection with laboratory research and clinical investigations;

(3) Tests or examinations given individuals to determine knowledge, abilities, or aptitudes or the collection of information for identification or classification in connection with such tests;

(4) Collection of evidence or other information in connection with litigation;

(5) Collection of evidence or other information in connection with quasijudicial proceedings or formal or informal investigations undertaken with reference to particular individuals or entities to determine whether such individuals or entities have violated a statute, regulation, or other requirement (this exception does not include general investigations undertaken with reference to a category of individuals or entities, such as a class of licensees or an industry as a whole);

(6) A solicitation of comments or opinions which is not addressed to specified respondents or is otherwise clearly intended to be entirely voluntary, such as an invitation for comments on a proposed rulemaking or on a proposed action affecting the environment; or

(7) Surveys, pretests, and pilot tests referred to in §10.3(b)(3); or

(8) Demands for information through the exercise of an agency's subpoena power.

[39 FR 24347, July 2, 1974, as amended at 40 FR 36297, Aug. 20, 1975]

§10.7 Scope of clearance procedures.

(a) Each review for clearance by GAO of a proposal for the collection of information will include consideration of whether information proposed to be collected is presently available to the agency from another source within the Federal Government and whether the proposed plans or report forms impose a minimum burden upon respondents consistent with the substantive needs of the agency and are otherwise consistent with 44 U.S.C. 3512 and appropriate for collection of the information sought. The agency shall finally determine its substantive need for information. However, GAO will consider an agency's need for information, as well as any other issues insofar as relevant to the criteria specified in this subsection.

(b) GAO shall take such measures as it deems necessary and appropriate to conduct reviews for clearance and to promote the purposes of 44 U.S.C. 3512, including requesting additional information and other cooperation from the agency and directly consulting with or soliciting the views of persons affected by or having an interest in the proposal.

(c) Clearances by GAO will normally be limited to a particular period of time and shall be subject to revocation on the basis of changed circumstances or other cause after notice to and consultation with the agency concerned.

§10.8 Availability of information.

(a) GAO will publish in the FEDERAL REGISTER notices of submissions for clearance of new plans and report forms, as well as revisions and renewals of existing plans and report forms, as such submissions are received. Such notice will identify for each proposal the proponent agency (and subdivision thereof when applicable), type of proposal (new plan or form, revision, or renewal), subject matter, potential respondents, and date of receipt by GAO.

(b) All proposals submitted to GAO for clearance, including all accompanying materials, shall be available for public inspection and copying (at reasonable cost) during regular business hours.

(c) Questions concerning the disposition or status of proposals submitted to GAO for clearance or whether particular information collection activities have been submitted to and cleared by GAO may be directed to the GAO's Regulatory Reports Review Officer.

SUBPART C—SUBMISSION FOR CLEARANCE

§10.9 General Submission Procedure.

(a) Subject to paragraph (d) of this section, all submissions for clearance shall be made in accordance with this subpart and shall evidence compliance with all requirements thereof. Each agency shall provide GAO such additional information, assistance, or other cooperation as may be required in connection with reviews for clearance. Any failure to comply with any of the provisions or requirements of this subpart which, in the opinion of GAO, precludes complete and effective review or action upon a submission within 45 days shall, after notice to and consultation with the agency, justify suspension or discontinuance of GAO review of such submission and the 45 day period for GAO review will not continue to run.

(b) Proposals requiring clearance shall be sent to the Comptroller General of the United States, 441 G Street NW., Washington, D.C. 20548, and should include a letter of transmittal, Standard Form 83 (original and two copies), and all related documentation (three copies). Each submission for clearance shall also include, for purposes of the FEDERAL REGISTER, notice, pursuant to §10.8(a) of this part, a separate sheet indicating the proponent agency (and subdivision thereof when applicable), type of proposal (new plan or form, revision, or renewal), subject matter, and potential respondents.

(c) The 45-day limit for GAO clearance reviews shall commence on the day GAO receives a complete submission in terms of the requirements specified in subpart C of this part. Within 5 working days following receipt of a submission for clearance, GAO will notify the agency if its submission is incomplete in any respect. In the event of such notice, the 45-day period will not commence until the date GAO receives the addi-

tional information or materials necessary to complete the submission.

(d) GAO may in special or emergency circumstances undertake special procedures or arrangements within the general framework of this part for the processing of submissions for clearance.

[39 FR 24347, July 2, 1974, as amended at 40 FR 36297, Aug. 20, 1975]

§10.10 New plans or report forms.

Subject to § 10.9(d) of this part, all requests for clearance of new plans or report forms must be made in accordance with the provisions of this section:

(a) Until GAO has developed its own form, requests for clearance should be made by submitting Standard Form 83, "Clearance Request and Notice of Action," prepared in accordance with the instructions contained therein (subject to any revisions or modifications which GAO may specify), and accompanied by additional materials described in this section. Requests for clearance should be made in time to allow for adequate review and adoption of any necessary alterations (including coordination or integration with other plans and report forms) without delaying the operating program to which the plan or report form relates.

(b) Clearance should not be requested for a plan or report form until it is in final form. Therefore, the agency head should approve the plan or report form before submitting it for clearance to GAO and the letter of transmittal should so state. However, if the plan or report form for which clearance is requested is of a type for which the responsibility for determining need, use, etc., has been delegated to a staff level within the agency, the agency's transmittal letter should include a statement that the proposed form has been processed pursuant to a delegation of authority and appropriate documentation showing such delegation should be included.

(c) Each request for clearance must include a narrative supporting statement containing detailed information, quantified where applicable, on each of the topics specified in this subsection. When a topic is not applicable to the subject request, so state, giving the reasons therefor. If the information has already been provided for the review of the preliminary plan or contract, a reference to the previous submission, with the citation, will be sufficient.

(1) *Justification.* (i) Give a full and detailed explanation of the circumstances which make the plan or report form necessary. Include identification of any legal or administrative requirements which necessitate such data collection. Where the form is used in an agency program, describe the program and indicate how this particular form fits in.

(ii) Indicate how, by whom, and for what purpose the data will be used.

(iii) Indicate specifically any similar data

already available in the subject field and why it cannot be used for this purpose.

(2) *Description of survey plan.* (May be omitted for application forms and record-keeping requirements.)

(i) Give a quantified description of the potential respondent universe. Identify available mailing lists or directory sources used.

(ii) Describe the survey design and sampling or other respondent selection method to be used, as well as any plans for a pretest and techniques for handling nonresponse.

(iii) If the survey is to be made or the returns processed under a federally sponsored contractor grant, the sponsoring agency will be responsible for obtaining GAO clearance for all data collection forms or other documents. The sponsoring agency should also provide the following: name of contractor; his role and responsibilities relating to the entire project; and the arrangement made with the contractor regarding confidentiality of collected data, disposition of completed report forms, punch cards, or tapes, etc.

(3) *Tabulation and publication plans.* (May be omitted for application forms, record-keeping requirements, and preliminary plans or contracts.) Indicate brief plans for publication, such as time, type, and content. A summary of the tabulation plans should accompany the request for clearance or be described briefly in the supporting statement.

(4) *Time schedule for data collection and publication.* (May be omitted for application forms and recordkeeping requirements.) Indicate the planned time schedule for the entire project, including beginning and ending collection dates, and completion of report or publication dates. Indicate the expected elapsed time between the completion of data collection and issuance of first published results.

(5) *Consultations outside the agency.* (i) Give names of persons outside the agency with whom the proposed plan or report form was discussed and indicate the companies, organizations, or associations which they represent. Summarize any major problems on which agreement could not be reached.

(ii) Indicate the extent to which comments from such persons are reflected in the plan or report form.

(iii) Indicate the extent to which availability of records and reportability of data was learned from such persons.

(iv) Give the names and positions of officials of other Federal agencies (whether or not subject to this part) which whom the plan or report form was discussed and indicate comments these officials made regarding the present availability of the information.

(v) The agency will maintain and make available for GAO review copies of written comments from persons and officials contacted pursuant to paragraphs (c)(5) (i) through (iv) of this section.

(6) *Estimation of compliance burden.* To minimize the compliance burden on persons affected and to improve governmental efficiency, each agency will consider and determine, in connection with each plan or report form submitted, whether the proposed plan or report form exceeds the limits of reasonable needs or practical utility, either with respect to the number of respondents, frequency of collection, or number or difficulty of the items and whether all items of information to be furnished or recorded are essential to the central purpose of such plan or report form. Special consideration will be given to the burden on individuals, small business, and other organizations with limited clerical, financial management, and statistical staffs.

(i) Explain the basis used in developing the figure shown in item 15e, "Estimated average number of man-hours required per person," of Standard Form 83. Informal consultation with a few persons affected, particularly in instances in which selected persons are consulted as described in subparagraph (c)(5) of this section, may be desirable. Estimates may also be based on experience with a pretest or related forms. In the case of forms to be completed by individuals or households, a trial with office staff is a possible device.

(ii) In making this estimate of burden, be sure to allow for the time needed to gather and compile the data (if not already available) as well as clerical time needed to complete the form.

(iii) Where the compliance burden is expected to vary considerably because of differences in respondent size or complexity, show the range of such estimated burden explaining the reasons for the variation and estimate the average time per response.

(7) *Estimate of cost to the Federal Government.* Include an estimate of the total cost for each proposed collection of information, including planning, compiling of information, and the estimated share of overhead costs. In the case of repetitive plans or forms, calculate costs on an annual basis.

(8) *Provisions for confidentiality of information.* Include references and descriptions of any restrictions upon agency use of the information concerned or other protections in terms of the confidentiality of such information under relevant statutes or agency regulations, procedures, or practices.

(9) *Certifications.* Include the certifications required by subparagraph (e)(3) of this section.

(d) Any related background documents, such as preliminary research reports or survey, pretest, or pilot test results, which will illustrate the purpose or origin of the proposed plan or report form, should be submitted with the proposal.

(e) (1) *Application of Federal Information Processing Standards (FIPS) for public reporting requirements of independent Federal regu-*

latory agencies. Pursuant to Pub. L. No. 89-306, 79 Stat. 1127, and 15 CFR Part 6, each proposed public reporting requirement shall be reviewed for applicability and shall be used in conformance with Federal Information Processing Standards (FIPS) to the extent they are applicable. FIPS that are applicable to public reporting requirements are part of a Federal-wide program for standardizing data elements and representations which are used and interchanged in Government data systems. The objective of this standardization program is to make maximum use of the data resources of the Federal Government and to avoid unnecessary duplications and incompatibilities in the collecting, processing, and dissemination of data. The current FIPS publications will be used in reviewing each proposed public reporting requirement. Information concerning these standards and their availability can be obtained from the Office of ADP Standards Management, Institute for Computer Sciences and Technology, National Bureau of Standards, Washington, D.C. 20234.

(2) *Applicability.* The following types of standards as defined in FIPS publications apply to public reporting requirements:

(i) Federal General and Federal Program Data Standards, and

(ii) Other ADP standards for media, interchange codes, data transmission, and optional character recognition are applicable when data is to be collected and interchanged in a machine readable form.

(3) *Certification.* After the proposed public reporting requirement has been reviewed and compared with applicable FIPS, one or more of the following certifications will be made part of the agency's supporting statement:

(i) "Format and contents are in conformance with FIPS PUB Number (enter applicable numbers)."

(ii) "Format and contents are not applicable to FIPS."

(iii) "Approval has been obtained to deviate from FIPS" (attach copy of this approval).

(f) Pursuant to the Budget and Accounting Act, 1921, and through an agreement of May 29, 1967, between the Office of Management and Budget and the General Services Administration/National Archives and Records Service (GSA/NARS), the NARS is responsible for operating the Standard and Optional Forms Program, Subpart 101-11.8 of the Federal Property Management Regulations. Proposed new, revised, and exceptions to Standard and Optional forms must be cleared by the GSA/NARS as well as GAO. By agreement between GAO and GSA, such Standard and Optional forms public report documents shall be submitted to General Services Administration (NRI), Washington, D.C. 20408, using Standard Form 83, Clearance Request and Notice of Action. NARS will forward the request documents to GAO

for review and approval. Only items 6, 14, 15, and 16 need to be filled in on the SF 83 when it is forwarded to NARS with the SF 152.

[39 FR 24347, July 2, 1974, as amended at 40 FR 36298, Aug. 20, 1975]

§ 10.11 Renewals or revisions of existing plans and report forms.

(a)(1) Forms with clearance expiring. Proposals for renewal of a prior OMB or GAO clearance which is about to expire must be submitted in accordance with the requirements for new plans or report forms set forth in § 10.10 of this part. Information provided under § 10.10 in a prior submission to GAO may, to extent that it is still current, be incorporated by reference in the submission for renewal. All proposals for renewal shall be submitted to GAO not later than 45 days prior to the expiration date of the existing clearance.

(2) For plans or report forms for which the agency plans no revision, furnish a statement detailing the use made of previously collected information and explaining the circumstances which make continued use of the plan or report form necessary.

(3) If a change is to be made in an existing plan or report form or in the use thereof, furnish a statement explaining the extent of the revisions and the reasons therefor, and what use has been made of previously collected information.

(b) Plans or report forms revised prior to expiration of an existing clearance. Clearance is required only for revisions which are material, as explained in § 10.5 (d) of this part. Material revisions will be submitted for clearance in accordance with the requirements for new plans or report forms set forth in § 10.10 of this part, subject also to § 10.11(a)(1).

§ 10.12 Notification of General Accounting Office action.

(a) If GAO determines that proposed plans or report forms are not unnecessarily duplicative or burdensome and are otherwise consistent with 44 U.S.C. 3512 and appropriate for collection of the information sought, GAO will so advise the agency, assign a clearance number, and prescribe an expiration date. The GAO clearance number, or a statement denoting GAO clearance, and the expiration date must appear prominently on the report form or in the reporting or record-keeping requirement, except that the clearance expiration date need not be printed on application forms or in regulations or orders that do not involve a separate form.

(b) If GAO determines that [a] proposed plan[s] or report form[s] fails to meet any one or more of the criteria referred to in paragraph (a) of this section, GAO shall advise the agency of such determination and the reasons therefor, and will not issue a clear-

ance. GAO will also publish in the Federal Register notice of any such determination and the reasons therefor.

(c) If an agency implements a proposal for collecting information upon failure by GAO to respond to a submission within 45 days as provided in §10.5(b) of this part, the report form or reporting or recordkeeping require-

ment shall prominently display a notice stating in substance the collection of information is authorized by operation of 44 U.S.C. 3512(d) until (a date not more than 1 year following the date on which information collection commenced).

(a) All "days" referred to in this part are deemed to be "working days" of the Federal Government. The term "file" or "submit" in all sections except § 20.2 and § 20.9(b) refers to the date of transmission.

(b) "Adverse agency action" is any action or inaction on the part of a contracting agency which is prejudicial to the position taken in a protest filed with an agency. It may include but is not limited to: a decision on the merits of the protest; a procurement action such as the award of a contract or the rejection of a bid despite the pendency of a protest; or contracting agency acquiescence in and active support of continued and substantial contract performance.

§ 20.1 Filing of protest.

(a) An interested party may protest to the General Accounting Office the award or the proposed award of a formally advertised or negotiated contract of procurement or sale by or for an agency of the Federal Government whose accounts are subject to settlement by the General Accounting Office.

(b) Such protests must be in writing and addressed to the General Counsel, General Accounting Office, Washington, D.C. 20548. To expedite handling within the General Accounting Office, the address should include "Attn: Bid Protest Control Unit."

(c) The initial protest filed with the General Accounting Office shall (1) include the name and address of the protester, (2) identify the contracting activity and the number of the solicitation and/or contract, (3) contain a statement of the grounds of protest, and (4) specifically request

a ruling by the Comptroller General. A copy of the protest shall also be filed concurrently with the contracting officer and the communication to the General Accounting Office should so indicate. The grounds for protest filed with the General Accounting Office must be fully supported to the extent feasible. See § 20.2(d) with respect to time for filing any additional statement required in support of an initial protest.

(d) No formal briefs or other technical forms of pleading or motion are required, but a protest and other submissions should be concise, logically arranged, and direct.

§ 20.2 Time for filing.

(a) Protesters are urged to seek resolution of their complaints initially with the contracting agency. If a protest has been filed initially with the contracting agency, any subsequent protest to the General Accounting Office filed within 10 days of formal notification of or actual or constructive knowledge of initial adverse agency action will be considered provided the initial protest to the agency was filed in accordance with the time limits prescribed in paragraph (b) of this section, unless the contracting agency imposes a more stringent time for filing, in which case the agency's time for filing will control. In any case, a protest will be considered if filed with the General Accounting Office within the time limits prescribed in paragraph (b).

(b) (1) Protests based upon alleged improprieties in any type of solicitation which are apparent prior to bid opening or the closing date for receipt of initial proposals shall be filed prior to bid opening or the closing date for receipt of initial proposals. In the case of negotiated procurements, alleged improprieties which do not exist in the initial solicitation but which are subsequently incorporated therein must be protested not later than the next closing date for receipt of proposals following the incorporation.

(2) In cases other than those covered in subparagraph (1) bid protests shall be filed not later than 10 days after the basis for protest is known or should have been known, whichever is earlier.

(3) The term "filed" as used in this section means receipt in the contracting agency or in the General Accounting Office as the case may be. Protesters are cautioned that protests should be transmitted or delivered in

the manner which will assure earliest receipt. Except as provided in paragraph (c) of this section, any protest received in the General Accounting Office after the time limits prescribed in this section shall not be considered unless it was sent by registered or certified mail not later than the fifth day, or by mailgram not later than the third day, prior to the final date for filing a protest as specified herein. The only acceptable evidence to establish the date of mailing shall be the U.S. Postal Service postmark on the wrapper or on the original receipt from the U.S. Postal Service. The only acceptable evidence to establish the date of transmission by mailgram shall be the automatic date indication appearing on the mailgram. If the postmark in the case of mail or the automatic date indication in the case of a mailgram is illegible, the protest shall be deemed to have been filed late.

(c) The Comptroller General, for good cause shown, or where he determines that a protest raises issues significant to procurement practices or procedures, may consider any protest which is not filed timely.

(d) If an additional statement in support of the initial protest is required by the General Accounting Office, one copy shall be mailed or otherwise furnished to the General Counsel, General Accounting Office, and a copy shall be mailed or otherwise furnished to the contracting officer, not later than 5 days after receipt of notification from the General Accounting Office of the need for such additional statement.

§ 20.3 Notice of protest, submission of agency report and time for filing of comments on report.

(a) The General Accounting Office shall notify the contracting agency by telephone and in writing within one day of the receipt of a protest, requesting the agency to give notice of the protest to the contractor if award has been made or, if no award has been made, to all bidders and proposers who appear to have a substantial and reasonable prospect of receiving an award if the protest is denied. The agency shall be requested to furnish in accordance with applicable procurement regulations copies of the protest documents to such parties with instructions to communicate further directly with the General Accounting Office.

(b) Material submitted by a protester will not be withheld from any interested party outside the Govern-

ment or from any Government agency which may be involved in the protest except to the extent that the withholding of information is permitted or required by law or regulation. If the protester considers that the protest contains material which should be withheld, a statement advising of this fact must be affixed to the front page of the protest document and the allegedly proprietary information must be so identified wherever it appears.

(c) The Office of General Counsel shall request the agency to submit a complete report on the protest to the General Accounting Office as expeditiously as possible (generally within 25 working days) in accordance with applicable procurement regulations, and to furnish a copy of the report to the protester and other interested parties.

(d) Comments on the agency report shall be filed with the Office of General Counsel within 10 days after receipt of the report, with a copy to the agency office which furnished the report and to other interested parties. Any rebuttal a protester or interested parties may care to make shall be filed with the Office of General Counsel, General Accounting Office, within 5 days after receipt of the comments to which rebuttal is directed, with a copy to the agency office which furnished the report, the protester, and interested parties, as the case may be. Unsolicited agency rebuttals shall be considered if filed within 5 days after receipt by the Agency of the comments to which rebuttal is directed.

(e) The failure of a protester or any interested party to comply with the time limits stated in this section may result in resolution of the protest without consideration of the comments untimely filed.

§ 20.4 Withholding of award.

When a protest has been filed before award the agency will not make an award prior to resolution of the protest except as provided in the applicable procurement regulations. In the event the agency determines that award is to be made during the pendency of a protest, the agency will notify the Comptroller General.

§ 20.5 Furnishing of information on protests.

The Office of General Counsel, General Accounting Office, shall, upon request, make available to any interested party information bearing on

the substance of the protest which has been submitted by interested parties or agencies, except to the extent that withholding of information is permitted or required by law or regulation. Any comments thereon shall be submitted within a maximum of 10 days.

§ 20.6 Time for submission of additional information.

Any additional information requested by the Office of General Counsel, General Accounting Office, from the protester or interested parties shall be submitted no later than 5 days after the receipt of such request. If it is necessary to obtain additional information from the agency, the General Accounting Office will request that such information be furnished as expeditiously as possible.

§ 20.7 Conference.

(a) A conference on the merits of the protest with members of the Office of General Counsel, General Accounting Office, may be held at the request of the protester, any other interested party, or an agency official. Request for a conference should be made prior to the expiration of the time period allowed for filing comments on the agency report (see §20.3(d)). Except in unusual circumstances, requests for a conference received after such time will not be honored.

(b) Conferences normally will be held prior to expiration of the period allowed for filing comments on the agency report. All interested parties shall be invited to attend the conference. Ordinarily, only one conference will be held on a bid protest.

(c) Any written comments to be submitted and as deemed appropriate by the General Accounting Office as a result of the conference must be received in the General

Accounting Office within 5 days of the date on which the conference was held.

§ 20.8 Time for decision by Comptroller General.

The Comptroller General establishes a goal of 25 days for issuing a decision on a protest after receipt of all information submitted by all parties and the conclusion of any conference.

§ 20.9 Request for reconsideration.

(a) Reconsideration of a decision of the Comptroller General may be requested by the protester, any interested party who submitted comments during consideration of the protest, and any agency involved in the protest. The request for reconsideration shall contain a detailed statement of the factual and legal grounds upon which reversal or modification is deemed warranted, specifying any errors of law made or information not previously considered.

(b) Request for reconsideration of a decision of the Comptroller General shall be filed not later than 10 days after the basis for reconsideration is known or should have been known, whichever is earlier. The term "filed" as used in this section means receipt in the General Accounting Office.

(c) A request for reconsideration shall be subject to these bid protest procedures consistent with the need for prompt resolution of the matter.

§ 20.10 Effect of judicial proceedings.

The Comptroller General may refuse to decide any protest where the matter involved is the subject of litigation before a court of competent jurisdiction or has been decided on the merits by such a court. The foregoing shall not apply where the court requests, expects, or otherwise expresses interest in the Comptroller General's decision.

However, claims by carriers and forwarders against the United States for amounts administratively deducted from transportation payment vouchers in connection with loss or damage to property are covered by this subchapter and are to be filed in the General Accounting Office.

§ 31.1 Scope of part.

This part prescribes general procedures applicable to claims against the United States which must be adjudicated in the General Accounting Office before payment is made or denied exclusive of transportation claims. Special procedures applicable to specified types or classes of claims against the United States are contained in the subsequent parts of this subchapter.

FILING REQUIREMENTS FOR CLAIMANTS

§ 31.2 Form of claim.

Unless otherwise specifically provided, claims will be considered only when presented in writing over the signature and address of the claimant or over the signature of the claimant's authorized agent or attorney. Generally, no particular form is required for filing a claim; however, claim forms are prescribed in succeeding parts of this subchapter for specific classes of claims.

§ 31.3 Claim filed by attorney or agent.

A claim filed by an agent or attorney must be supported by a duly executed power of attorney or other documentary evidence of the agent's or attorney's right to act for the claimant. See § 1.8 of this chapter.

§ 31.4 Where claims should be filed.

Action will generally be expedited if claimants file their claims initially with the administrative department or agency out of whose activities they arose. Claims which cannot be disposed of administratively will be transmitted to the Claims Division of the General Accounting Office by the administrative office. However, as to claim filing requirements when the statutory period of limitation is about to expire, see § 31.5. Claims filed direct with the General Accounting Office should be addressed to

(b) *Statutory limitation on check claims.* The statutory limitation on claims on account of checks appearing to have been paid are contained in 31 U.S.C. 122. To protect their own interests, it is the responsibility of claimants to present their claims for the proceeds of checks to the Treasurer of the United States or the General Accounting Office if the statutory period of limitation is about to expire.

(c) *Other statutory limitations.* It is not intended to imply that statutes of limitation imposed by Congress are necessarily limited to those cited in paragraphs (a) and (b) of this section. It is incumbent on claimants to inform themselves regarding other possible statutory limitations.

§ 31.7 Basis of claim settlements.

Claims are settled on the basis of the facts as established by the Government agency concerned and by evidence submitted by the claimant. Settlements are founded on a determination of the legal liability of the United States under the factual situation involved as established by the written record. The burden is on claimants to establish the liability of the United States, and the claimants' right to payment. The settlement of claims is based upon the written record only.

§ 31.8 Form of claim settlements.

(a) *Allowed claims.* The Claims Division of the General Accounting Office will certify claims for payment either by use of a Certificate of Settlement, GAO Form 39, or by certificate of allowance placed on the voucher when voucher procedures are in effect.

(b) *Disallowed claims.* When part of a claim is allowed and part disallowed, a statement relating to the disallowed portion will be included on the certificate of settlement or the voucher. When the full amount of a claim is disallowed, the claimant will be advised by issuance of Settlement Certificate, GAO Form 44.

Unless otherwise directed by the Comptroller General on the presentation of proper facts in the particular case, the check issued upon a settlement must not be cashed when its amount includes any item as to which review is applied for, but should accompany the application for review.

§33.2 Definitions.

The term "unpaid compensation," as defined in the act and when used in this part, means the pay, salary, or allowances, or other compensation due on account of the services of the decedent for the Federal Government or the government of the District of Columbia. It shall include, but not be limited to, (a) all per diem in lieu of subsistence, mileage, and amounts due in reimbursement of travel expenses, including incidental and miscellaneous expenses which are incurred in connection with the travel and for which reimbursement is due; (b) all allowances upon change of official station; (c) all quarters and cost-of-living allowances and overtime or premium pay; (d) amounts due for payment of cash awards for employees' suggestions; (e) amounts due as refund of salary deductions for United States Savings bonds; (f) payment for all accumulated and current accrued annual or vacation leave equal to the compensation the decedent would have received had he lived and remained in the service until the expiration of the period of such annual or vacation leave; (g) the amounts of all checks drawn in payment of such compensation which were not delivered by the Government to the officer or employee during his lifetime or of any unnegotiated checks returned to the Government because of the death of the officer or employee.

[26 F.R. 12275, Dec. 23, 1961]

§33.3 Forms prescribed for procedures in this part.

Forms prescribed for procedures in this part are:

Standard Forms

SF 1152 Designation of Beneficiary, Unpaid Compensation for Deceased Civilian Employee.

SF 1153 Claim of Designated Beneficiary and/or Surviving Spouse for Unpaid Compensation of Deceased Civilian Employee.

SF 1155 Claim for Unpaid Compensation of Deceased Civilian Employee (No Designated Beneficiary or Surviving Spouse).

[23 F.R. 7479, Sept. 26, 1958]

§33.4 Notifying employees; agency responsibility.

Each agency of the Government affected will bring to the attention of its civilian employees the provisions of the act relative to their right to designate a beneficiary or beneficiaries to receive the amounts due and the disposition to be made of unpaid amounts

where no beneficiary or beneficiaries have been designated.

[22 F.R. 10891, Dec. 28, 1957]

§33.5 Designation of beneficiary.

(a) *Designation Form.* SF 1152, Designation of Beneficiary, Unpaid Compensation of Deceased Civilian Employee, is prescribed for use by employees in designating a beneficiary and in changing or revoking a previous designation. However, in the absence of the prescribed form, any designation, change, or cancellation of beneficiary witnessed and filed in accordance with the general requirements of this part shall be acceptable. Each agency subject to the provisions of the act will furnish the employee SF 1152 upon request therefor.

(b) *Who may be designated.* An employee may designate any person or persons as beneficiary. The term "person or persons" as used in this part includes a legal entity or the estate of the deceased employee.

(c) *Executing and filing a designation of beneficiary form.* The SF 1152 must be executed in duplicate by the employee and filed with the employing agency where the proper officer will sign it and insert the date of receipt in the space provided on each part, file the original, and return the duplicate to the employee. The designation will be filed in the particular office which authorizes payment of the employee's compensation, or such other place as the head of the agency may direct.

(d) *Effective period of a designation.* A designation of beneficiary, properly executed and filed in the agency of employment, unless earlier changed or revoked in writing, will be effective as long as employment by the same agency continues and thereafter until the employee is transferred or reemployed by the same or another department or agency of the Government. Should an employee resign and be reemployed, or be transferred to another agency, and desire the unpaid compensation to be paid to a designated beneficiary, another designation of beneficiary form must be executed, as directed in paragraph (c) of this section. If an amount should become due from the agency from which the employee was separated, it will be the responsibility of such agency to ascertain, prior to payment, if the employee was reemployed and executed a designation of beneficiary in connection with such employment, and to pay the compensation to any person or persons so designated. A new designation of beneficiary is not required as to an employee whose agency or site function, records, equipment, and personnel are absorbed by another agency.

(e) *Change or revocation of a designation.* A designation of beneficiary previously made may be changed or revoked as of a later date by the execution and filing of another SF 1152 by the employee, as directed in paragraph (c) of this section. When a designation

of beneficiary is changed or revoked, the employing agency should return the earlier designation to the employee.

(2) When doubt exists as to the person(s) properly entitled to payment.

(3) When the claim involves uncurrent checks. Unnegotiated and/or undelivered checks for unpaid compensation due to decedent which are drawn on designated depositaries and have not been paid prior to the close of the fiscal year next following the fiscal year in which the checks were issued are uncurrent. Claims for the proceeds of such checks must be submitted to the Claims Division of the General Accounting Office for settlement pursuant to the provisions of section 1(b) of the act of August 28, 1957, Public Law 85-183, 31 U.S.C. 132. The checks, if available, should accompany the claims.

SUBCHAPTER D—TRANSPORTATION

PART 51—DETERMINATIONS

Sec.

51.1 Scope of part.

51.2 Standard forms and procedures.

AUTHORITY: 42 Stat. 25, as amended; 31 U.S.C. 52. Interpret or apply sec. 112, 64 Stat. 835; 31 U.S.C. 66.

SOURCE: 40 FR 47511, Oct. 9, 1975, unless otherwise noted.

§ 51.1 Scope of part.

This part contains basic determinations by the Comptroller General as to the extent he deems it necessary to continue or discontinue to exercise the authority to prescribe forms and uniform procedures provided in section 309, 42 Stat. 25, 31 U.S.C. 49.

§ 51.2 Standard forms and procedures.

It is determined that the prescribing of standard forms and procedures pertaining to payments for transportation services furnished for the account of the United States is so closely related to the audit of such payments and adjustment of claims pertaining thereto that it will generally be unnecessary for this function to be performed in the General Accounting Office upon transfer of the transportation audit to the General Services Administration. Standard forms and procedures may therefore be prescribed by the Administrator, General Services Administration, subject to consultation with the internal organization of the General Accounting Office assigned overview responsibility, except for the uniform standards and procedures necessary to permit performance of the discretionary functions vested by statute in the Comptroller General and other uniform fiscal requirements deemed necessary, as prescribed in part 52.

PART 52—UNIFORM STANDARDS AND PROCEDURES FOR TRANSPORTATION TRANSACTIONS

Sec.

52.1 Scope of part.

52.2 Use of American flag vessels and certificated air carriers.

52.3 Use of travel agencies.

AUTHORITY: Sec. 311, 42 Stat. 25; 31 U.S.C. 52. Interpret or apply sec. 309, 42 Stat. 25; 31 U.S.C. 49 and sec. 112, 64 Stat. 835; 31 U.S.C. 66, unless otherwise noted.

SOURCE: 40 FR 47512, Oct. 9, 1975, unless otherwise noted.

§ 52.1 Scope of part.

This part contains uniform standards and procedures relating to discretionary functions vested by statute in the Comptroller

General and to matters requiring uniformity of fiscal practices relating to transportation transactions entered into for the account of the United States Government.

§ 52.2 Use of American flag vessels and certificated air carriers.

(a) *Transportation of passengers.* Section 901 of the Merchant Marine Act of 1936, 46 U.S.C. 1241, requires the use of American flag vessels for travel on official business; and section 5 of the International Air Transportation Fair Competitive Practices Act of 1974, 49 U.S.C. 1517, requires the use of air carriers certificated under section 401 of the Federal Aviation Act of 1958 (American flag) for Government-financed passenger transportation (including but not limited to Government dependents, consultants, grantees, contractors and subcontractors), when such carriers are available. Compliance with section 901 and section 5 is required whether the transportation expenses are paid by the United States or reimbursed to the traveler.

(b) *Transportation of personal effects and freight.* Section 901 of the Merchant Marine Act of 1936, 46 U.S.C. 1241, requires the use of American flag vessels by officers and employees of the United States for the transportation of their personal effects, when such vessels are available, and section 5 of the International Air Transportation Fair Competitive Practices Act of 1974, 49 U.S.C. 1517, requires the use of air carriers certificated under section 401 of the Federal Aviation Act of 1958 (American flag) for any Government-financed movement of freight by air when such air carriers are available.

(c) *Disallowance of expenditures.* The Comptroller General will disallow any expenditures for commercial non-American-flag air or foreign-flag ocean passenger transportation, or for foreign-flag ocean transportation of personal effects or non-American-air transportation of freight, unless there is attached to the payment voucher a certificate or memorandum adequately explaining why American-flag service was unavailable signed by the traveler or other responsible official of the agency authorizing the travel or transportation who has knowledge of the facts concerning such usage.

(d) *Required documentation.* Each voucher for reimbursement of expenses for travel in whole or in part via a non-American-flag air or foreign flag ocean carrier, and each bill for payment of transportation services furnished in whole or in part by a non-American-flag air or foreign flag ocean carrier will

(2) Disallowance of a claim, or supplemental bill, for charges for transportation and related services, either in whole or in part;

(3) Any other action that entails finality of administrative consideration.

§ 53.2 Actions reviewable by Comptroller General.

Actions taken by the General Services Administration on a claim by a carrier

or freight forwarder entitled under 49 U.S.C. 66 to be paid for transportation services prior to audit that have dispositive effect and constitute a settlement action as defined in § 53.1 will be reviewed by the Comptroller General, provided request for review of such action is made within six months (not including time of war) from the date such action is taken or within the periods of limitation specified in 49 U.S.C. 66(a), whichever is later.

§ 53.3 Requests for review.

Requests for review of settlement actions by the General Services Administration should be addressed to the Comptroller General of the United States, U.S. General Accounting Office, Washington, D.C. 20548. Each request for review must identify the transaction as to which review is requested by the date the action was taken, the Government bill of lading or Government transportation request number, the carrier's bill number, Government voucher number and date of payment, General Services Administration claim number, or other identifying information, to enable speedy location of the pertinent records. Each request for review should state why the action taken is believed erroneous and specify any factual, technical, or legal basis relied on.

FOR ADVANCE PAYMENT OF
CHARGES FOR TRANSPORTA-
TION SERVICES FURNISHED
THE UNITED STATES**

- Sec.
56.1 Prescription of standards.
56.2 Payment prior to Government confirma-
tion of satisfactory performance.
56.3 Bonding requirements.

AUTHORITY: Sec. 1(b) 86 Stat. 1163, 1164,
as amended by sec. 201, 88 Stat. 1959; (49
U.S.C. 66(c)).

SOURCE: 41 FR 53769, Dec. 9, 1976.

§ 56.1 Prescription of standards.

The regulations in this part are issued jointly by the Comptroller General of the United States and the Secretary of the Treasury under the provisions of 49 U.S.C. 66(c) which authorized payment of charges for transportation services to carriers or forwarders in advance of the completion of services without regard to section 3648 of the Revised Statutes, 31 U.S.C. 529: *Provided*, The carrier or forwarder has issued the usual ticket, receipt, bill of lading or equivalent document covering the service involved. Regulations prescribed by the head of an agency in implementation of this part will be reviewed by the General Accounting Office as a part of its audit of the agency's activities.

§ 56.2 Payment prior to Government confirmation of satisfactory performance.

Where a carrier or forwarder has issued the usual ticket, receipt, bill of lading or equivalent document, and subject to limitations prescribed by the Administrator, General Services Administration, or his designee, administrative procedures may provide for payment of bills for charges for transportation services furnished for the account of the United States prior to Government confirmation of the satisfactory completion of such services except those bills presented by:

(a) An assignee bank or financial institution under the authority of 31 U.S.C. 203 and 41 U.S.C. 15;

(b) Payees who are in bankruptcy proceedings or are subject to the control of a receiver, trustee, or other similar representative;

(c) Payees who consistently fail to refund overcharges without assertion of substantial defenses or other valid reasons when notified by the General Services Administration or any other interested Government agency;

(d) Payees who without good cause fail to make timely disposition or settlement of loss or damage or other claims asserted by agencies of the United States;

(e) Payees owing substantial sums of money to the United States concerning which no adequate arrangements for settlement have been made;

(f) Payees in such bad financial condition as to justify a determination that the Government's best interests require consideration of special payment rules for their account;

(g) Payees who do business with the United States infrequently and who previously have not been administratively approved for payment upon presentation of bills;

(h) Any other person or business organization determined administratively for valid reasons to be ineligible for payment unless after review of the facts and in the absence of objection by the United States General Accounting Office it is determined administratively that the best interests of the United States will not be jeopardized by such payment.

§ 56.3 Bonding requirements.

Whenever the head of an agency of the United States or his designee determines in any particular case that a bond (or other form of guarantee or assurance) of an acceptable surety is essential for the account of any particular carrier or forwarder in order to protect the interests of the United States where payments are to be made prior to Government confirmation of the satisfactory completion of transportation services a bond may be required and held by the agency making such requirement. The bond shall be for such amount as in the discretion of the responsible Government officers is necessary for the protection of the Government's best interests but shall not exceed \$10,000 unless the head of the agency or his designee certifies that a bond for a higher amount is justified in the circumstances.

SUBCHAPTER E—STANDARDIZED FISCAL PROCEDURES

PART 75—CERTIFICATES AND APPROVALS OF BASIC VOUCHERS AND INVOICES

§ 75.1 Contractors' and vendors' certificates.

(a) The General Accounting Office no longer requires that a certificate as to correctness and nonpayment be executed on the bills and invoices of contractors and vendors, with the exception that carriers, or other corporations, agencies, or persons furnishing transportation and accessorial services to the Government must continue to execute the certificates as provided in §§ 51.64 and 52.26 of this chapter. Pending the eventual elimination of the contractors' and vendors' certificates from all other stan-

dard voucher forms, the certificates on such other forms need no longer be executed. However, the elimination of this requirement does not dispense with the necessity for the specific certification of facts required by certain contracts.

(b) The omission of the certificate from bills or invoices submitted for payment to Government agencies does not in any manner lessen the responsibility of contractors and vendors in complying with all statutory requirements applicable to transactions with the Government, nor will it be construed as mitigating their liability for asserting false, fictitious, or fraudulent claims against the United States, penalties for which are set forth in 18 U.S.C. 287.

 - 81.3 Definitions.
 - 81.4 Requests for identifiable records.
 - 81.5 Public reading facility.
 - 81.6 Records which may be exempt from disclosure.

AUTHORITY: The provisions of this Part 81 issued under sec. 311, 42 Stat. 25, as amended; 31 U.S.C. 52; sec. 8, 28 Stat. 207, as amended, sec. 117, 64 Stat. 837; 31 U.S.C. 74, 67.

SOURCE: The provisions of this Part 81 appear at 33 F.R. 357, Jan. 10, 1968, unless otherwise noted.

§ 81.1 Purpose and scope of part.

This part implements the policy of making the fullest possible public disclosure of General Accounting Office records consistent with the functions and duties of the Office and its responsibilities as an agency of the Congress. Although the adopted policy and this part reflect the public information section of the Administrative Procedure Act (5 U.S.C. 552), the application of the Administrative Procedure Act to the General Accounting Office is not to be inferred; nor should this part be considered as conferring on any member of the public a right under that Act of access to or information from the records of the General Accounting Office. Nothing herein shall be considered to modify existing instructions and practices in the handling of congressional correspondence.

§ 81.2 Administration.

The effective administration of this part shall be the duty and responsibility of the Director, Office of Administrative Services, General Accounting Office, and to that end he shall promulgate such supplemental rules or regulations as may be necessary.

§ 81.3 Definitions.

As used in this part:

(a) The term "identifiable" means, in the context of a request for a record, a reasonably specific description of the particular records sought, such as date, subject matter, agency,

or person involved, etc., which will permit its location.

(b) The term "records" includes all books, papers, manuals, maps, photographs, reports, and other documentary materials, regardless of physical form or characteristics made or received by, or under the control of, the General Accounting Office in pursuance of law or in connection with the transaction of public business. In the context of a request for a record or records, the term "records" refers only to records in being and in the possession or under the control of the General Accounting Office. It does not include the compiling or procuring of a record. Nor does it include library or museum material made or acquired and preserved solely for reference or exhibition purposes, extra copies or documents preserved only for convenience of reference, or stocks of publications or of processed documents.

(c) "Records available to the public" means records which may be examined or copied, or of which copies may be obtained in accordance with this part by the public or representatives of the press regardless of interest and without specific justification.

(d) "Disclose" or "disclosure" means making available for examination or copying or furnishing a copy.

(e) "Person" includes an individual, partnership, corporation, association, or public or private organization other than a Federal agency.

§ 81.4 Requests for identifiable records.

(a) A request of a member of the public for an opportunity to inspect or for a copy of an identifiable record of the General Accounting Office not customarily made available in furtherance of a primary function of the General Accounting Office, nor available in the public reading facility hereafter in § 81.5, should be submitted in writing on GAO Form 339, Request for Access to Official Record, and forwarded to the Records Management and Services Officer, Office of Administrative Services, General Accounting Office, Washington, D.C. 20548, who will promptly acknowledge and record the request.

(b) The Records Management and Services Officer, after consultation

with any division or office of the General Accounting Office (or other Government agency where appropriate) having a continuing substantial interest in the record requested, will promptly honor the request if no valid objection or doubt exists as to the propriety of such action and the requester is willing and able to pay the prescribed fees for locating the record and making it available for inspection and copying or being furnished a copy.

(c) In the event of an objection or doubt as to the propriety of honoring a request, the matter should be immediately referred, with an explanation, to the General Counsel. If the General Counsel is of the opinion that a valid basis exists for withholding the record, the Records Management and Services Officer shall deny the request; if otherwise, he shall grant the request.

(d) A person whose request is denied shall be informed that further consideration of his request may be obtained by a letter to the Comptroller General of the United States setting forth the basis for the belief that the denial of the request was unwarranted.

(e) If a Federal agency other than the General Accounting Office has the primary interest in a record, a request for the record shall be transferred to the agency with the primary interest, and the requester notified of that action.

§ 81.5 Public reading facility.

(a) A public reading facility shall be maintained by the General Accounting Office at 441 G. Street N.W., Washington, D.C., for the public inspection and copying of General Accounting Office final decisions, opinions, statements of policy, and instructions (including staff manuals) which may be relied upon, used, or cited as authority or precedent in the determination of rights, privileges, and obligations of members of the public. The facility, under the immediate supervision of the Chief, Legal Reference Services, Office of the General Counsel, shall be open to the public from 9 a.m. to 5 p.m. except Saturdays, Sundays, holidays.

(b) The materials to be available in the public reading facility shall be selected by the General Counsel after consultation with the heads of the divisions or officers which may be concerned.

(c) To the extent required to prevent a clearly unwarranted invasion

of personal privacy, the Chief of Legal Reference Services shall delete identifying details from materials made available in the public reading facility. The justification for any such deletion shall be fully explained in writing.

(d) There shall be maintained in the public reading facility for public use a current index of materials issued, adopted, or promulgated after July 4, 1967, and available in the reading facility for public inspection and copying.

§ 81.6 Records which may be exempt from disclosure.

(a) The public disclosure of General Accounting Office records contemplated by this part shall not apply to records, or parts thereof, within any of the categories enumerated below, except in the situation where in the judgment of the General Counsel after consultation with the heads of the divisions or offices concerned, a significant purpose would not be served by withholding the record under the exemption.

(1) Records specifically required by Executive order to be kept secret in the interest of the national defense or foreign policy. An example of this category is a record classified under Executive Order 10501 (3 CFR, 1949-1953 Comp., p. 979), Safeguarding Official Information in the Interests of the Defense of the United States.

(2) Records related solely to the internal personnel rules and practices of any agency. This category includes in addition to internal matters of personnel administration, internal rules, and practices which cannot be disclosed without prejudice to the effective performance of an agency function. Examples of matters within the purview of this exemption are operating rules, guidelines, and manuals of procedure for auditors, investigators or examiners.

(3) Records specifically exempted from disclosure by statute. One of the many statutes restricting access to Government records is 18 U.S.C. 1905. For a general, but not exhaustive, compilation of relevant statutory provisions, see Federal Statutes on the Availability of Information, Committee Print, House Committee on Government Operations, 86th Congress, 2nd session, March 1960.

(4) Records containing trade secrets and commercial or financial information obtained from any person and privileged or confidential. This

exemption pertains to information which would not customarily be made public by the person from whom it was obtained by the Government. It includes, but is not limited to, business sales statistics, inventories, customer lists, scientific or manufacturing processes or developments; information customarily subject to protection as privileged in a court or other proceeding, such as information protected by the doctor-patient, lawyer-client, or lender-borrower privilege; information submitted by any person to the Government in confidence or where the Government has obligated itself not to disclose information it received; formulae, designs, drawings, research data, and other records developed by or for the Government which are significant as items of valuable property.

(5) Records containing interagency or intra-agency memorandums or letters which would not be available by law to a private party in litigation with the agency. This exemption covers internal communications which would not routinely be available to a party in litigation with the agency, such as internal drafts, workpapers, memorandums between officials or agencies, opinions, and interpretations prepared by agency staff personnel or consultants for the use of the agency, and records of the deliberations of the agency or staff groups. The exemption seeks to avoid the inhibiting of internal communications, and the premature disclosure of documents which would be detrimental to an agency function.

(6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. This exemption excludes from disclosure all personnel and medical files, and all private or personal information contained in other files which, if disclosed to the public, would amount to a clearly unwarranted invasion of the privacy of any person. An example of such other files within the exemption are those compiled to evaluate candidates for security clearance.

(7) Investigatory files compiled for law enforcement purposes except to the extent available by law to a private party. This exemption protects from disclosure, except to litigants in accordance with law, investigatory files compiled to enforce all kinds of laws and is not limited to files compiled to enforce criminal statutes.

(8) Records having information contained in or related to examina-

tion, operating, or condition reports prepared by, on behalf of, or for the use of any agency responsible for the regulation or supervision of financial institutions.

(9) Records containing geological and geophysical information and data (including maps) concerning wells.

(b) In the application of the exemptions set forth in paragraph (a) of this section, there shall be considered the guidelines provided in the Attorney General's Memorandum on the Public Information Section of the Administrative Procedure Act, June 1967.

§ 81.7 Fees and charges.

(a) When a request to examine a record or for a copy of a record is received, the General Accounting Office will comply with the request at a fair and reasonable fee if the record is available to the public. In determining the fair and reasonable fee the General Accounting Office will consider the direct and indirect cost to the Government, including, but not limited to, the cost of staff members' services relating to research, reproduction, assembly, authentication of copies, and mailing. The Office will not undertake to comply with the request until the fees are paid, except when the fees cannot be determined in advance in which case an estimated fee shall be paid with the appropriate adjustment at time of delivery. The following service charges and collections shall be made:

(1) The reproduction charge per page will be:

(i) Copies up to 8½ x 14 inches on office copying machines: 25 cents;

(ii) Photostatic copies up to 9 x 12 inches 50 cents; Copies larger than 9 x 12 inches will be 50 cents for each 9 x 12 inch unit or fraction thereof.

(2) Certification of authenticity will be \$2 for each certificate;

(3) Other direct and indirect costs related to the request;

(4) There will be a minimum service charge of \$3 for each request;

(5) Fees and charges shall be paid by check or money order payable to the U.S. General Accounting Office.

(b) No charge will be made for copies of records, including their certification as true copies, furnished for official use to any officer or employee of any branch of the Government of the United States.

(c) No charge will be made in the distribution to members of the public and the press of copies of the deci-

sions of the Comptroller General of the United States.

(d) When necessary or desirable to the performance of a primary function of the General Accounting Office, copies of pertinent records may be furnished without charge to a party having a direct and immediate interest in a matter pending before the Office.

(e) General Accounting Office publications are not within the purview of this section, the charges, if any, for such publications are set forth in the Office leaflet entitled "List of GAO Publications", which may be obtained from the Publications Section, General Accounting Office, Washington, D.C. 20548.

SUBCHAPTER G— STANDARDS FOR WAIVER OF CLAIMS FOR ERRONEOUS PAYMENT OF PAY

PART 91—STANDARDS FOR WAIVER

- Sec.
91.1 Prescription of standards.
91.2 Definitions.
91.3 Exclusions.
91.4 Waiver of claims for erroneous payment of pay.

91.5 Conditions for waiver of claims.
AUTHORITY: The provisions of this Part 91 issued under sec. 311, 42 Stat. 25, as amended; 31 U.S.C. 52. Interpret or apply, 82 Stat. 1212, 5 U.S.C. 5584.

SOURCE: The provisions of this Part 91 appear at 33 F.R. 20001, Dec. 31, 1968, unless otherwise noted, Redesignated at 34 F.R. 19967, Dec. 20, 1969.

§ 91.1 Prescription of standards.

The regulations in this chapter issued by the Comptroller General of the United States under Public Law 90-616, approved October 21, 1968, 82 Stat. 1212, which amended subchapter VIII of chapter 55 of title 5, United States Code by adding a new section, section 5584, prescribed standards for the waiver of claims of the United States against a person arising out of an erroneous payment of pay, on or after July 1, 1960, to an employee of an executive agency, the collection of which would be against equity and good conscience and not in the best interests of the United States.

§ 91.2 Definitions.

In this chapter:

(a) "Employee" means an employee as defined in 5 U.S.C. 5581 who is or was employed in a civilian capacity by an executive agency as defined in 5 U.S.C. 105.

(b) "Pay" means salary, wages, pay, compensation, emoluments, and remuneration for services. It includes overtime pay; night, Sunday standby, irregular and hazardous duty differential; pay for Sunday and holiday work; payment for accumulated and accrued leave; and severance pay. It does not include expenses of travel and transportation or expenses of transportation of household goods.

§ 91.3 Exclusions.

This chapter does not apply to:

(a) Members of the uniformed services as defined in 5 U.S.C. 2101(3).

(b) Employees of the District of Columbia Government.

(c) Employees of the Architect of the Capitol, the Government Printing Office, the U.S. Botanic Garden and other employees of the legislative branch of the Government except employees of the General Accounting Office.

(d) Employees of the Administrative Office of the U.S. Courts, the Federal Judicial Center, and other employees of the judicial branch.

§ 91.4 Waiver of claims for erroneous payment of pay.

(a) The Comptroller General of the United States may waive in whole or in part a claim of the United States in any amount arising out of an erroneous payment of pay to an employee when all of the conditions set out in § 91.5 are present. Claims referred to the Attorney General for litigation will not be considered for waiver by the Comptroller General of the United States without first having obtained permission from the Attorney General.

(b) The head of an executive agency may waive in whole or in part a claim of the United States in an amount aggregating not more than \$500, without regard to any repayments, against any person arising out of an erroneous payment of pay to an employee of such agency when all of the conditions set out in § 91.5 are present except that he may not waive such a claim which is the subject of an exception made by the Comptroller General in the account of any accountable official, or, which has been transmitted to the General Accounting Office for collection or to the Attorney General for litigation.

[33 F.R. 20001, Dec. 31, 1968; 34 F.R. 303, Jan. 9, 1969]

§ 91.5 Conditions for waiver of claims.

Claims of the United States arising out of an erroneous payment of pay may be waived in whole or in part in accordance with the provisions of § 91.4 whenever:

(a) The claim arises out of an erroneous payment of pay made to an employee of an executive agency on or after July 1, 1960, except that waiver action may not be taken under the provisions of these regulations after the expiration of 3 years immediately following the date on which the erroneous payment of pay was discovered or after October 21, 1971, whichever is later.

(b) Collection action under the claim would be against equity and

good conscience and not in the best interests of the United States. Generally these criteria will be met by a finding that the erroneous payment of pay occurred through administrative error and that there is no indication of fraud, misrepresentation, fault or lack of good faith on the part of the employee or any other person having an interest in obtaining a waiver of the claim. Any significant unexplained increase in an employee's pay which would require a reasonable man to make inquiry concerning the correctness of his pay ordinarily would preclude a waiver when the employee fails to bring the matter to the attention of appropriate officials. Waiver of overpayments of pay under this standard necessarily must depend upon the facts existing in the particular case. The facts upon which a waiver is based should be recorded in detail and made a part of the written record in accordance with the provisions of § 92.6.

PART 92—PROCEDURE

Sec.

- 92.1 Referral of requests for waiver or applications for refund to head of executive agency—Claims pending before General Accounting Office.

- 92.5 Refund of amounts repaid and waived.
- 92.6 Written record.
- 92.7 Register of waivers—Report.
- 92.8 Referral of claims for collection or litigation.

AUTHORITY: The provisions of this Part 92 issued under sec. 311, 42 Stat. 25, as amended; 31 U.S.C. 52. Interpret or apply, 82 Stat. 1212, 5 U.S.C. 5584.

SOURCE: The provisions of this Part 92 appear at 33 F.R. 20001, Dec. 31, 1968, unless otherwise noted. Redesignated at 34 F.R. 19967, Dec. 20, 1969.

§ 92.1 Referral of requests for waiver or applications for refund to head of executive agency—Claims pending before General Accounting Office.

(a) All requests for waiver and all applications for refund within the provisions of these regulations shall be submitted to the executive agency which made the erroneous payment of pay. All such applications for refund which have not previously been considered for waiver shall be considered for waiver in accordance with the provisions of these regulations. In the absence of other request, either the Comptroller General of the United States or the head of the executive agency which made the erroneous payment of pay may initiate the

waiver procedure prescribed in these regulations.

(b) Claims of the United States for erroneous payment of pay which (1) prior to the prescribing of these regulations have been referred to the General Accounting Office for collection, (2) which are still pending, and (3) which appear to be for consideration under these regulations, will be returned to the executive agency for processing in accordance with the procedure prescribed in these regulations unless they are found to contain sufficient information for waiver action by the Comptroller General of the United States.

§ 92.2 Investigation—Report of Investigation.

(a) All claims of the United States considered for waiver under the provisions of these regulations shall be investigated by the executive agency which made the erroneous payment of pay.

(b) The report of investigation will be made to the head of the executive agency and should include:

(1) A statement of the aggregate amount of the erroneous payment of pay supported by a citation to the voucher or vouchers upon which the erroneous payment of pay was made together with a showing as to the part of the erroneous payment of pay made on each voucher;

(2) A statement showing the circumstances under which the erroneous payment of pay was made, the date it was discovered and whether it was subject to an exception made by the Comptroller General of the United States;

(3) A statement as to whether there is any indication of fraud, misrepresentation, fault, or lack of good faith on the part of the employee or any other person having an interest in obtaining a waiver of the claim; and

(4) Such other information as may assist the Comptroller General of the United States, or the head of the executive agency, as the case may be, to determine whether collection action under the claim would be against equity and good conscience and not in the best interests of the United States.

§ 92.3 Procedure of head of executive agency after receiving report of investigation.

After the head of the executive agency receives the report of investi-

gation made in accordance with the provisions of § 92.2 of these regulations he shall:

(a) Determine the reason for the erroneous payment of pay and take such corrective action as may be required to prevent similar erroneous payments of pay;

(b) Waive the claim of the United States in whole or in part, if it is an amount aggregating not more than \$500, without regard to any repayment, and he determines that waiver would be proper under these regulations, and record the date and reasons for the waiver, unless the claim has been referred to the Comptroller General for collection or the Attorney General for litigation in which case the report of investigation together with his recommendation will be referred to the Comptroller General of the United States;

(c) Refer the report of investigation together with his recommendation to the Comptroller General of the United States for determination if the claim of the United States is in an amount aggregating more than \$500; or

(d) Refer the report of investigation together with his recommendation to the Comptroller General of the United States if the claim of the United States is an amount aggregating \$500 or less without regard to any repayment, and the head of the executive agency has doubt as to whether waiver action is proper.

§ 92.4 Notification of waiver action.

The Comptroller General of the United States or the head of the executive agency, as the case may be, to the extent practicable, shall send written notification to all concerned as to the final action taken upon a claim of the United States for erroneous payment of pay considered for waiver. If he reasonably can be located, any person who has repaid to the United States all or part of a claim which has been waived in whole or in part under the provisions of these regulations, and who has not previously made application for refund, in addition to being informed as to the waiver action shall also be informed of his right to make application to the employing agency for refund within 2 years following the date of the waiver action.

§ 92.5 Refund of amounts repaid and waived.

The employing agency at the time of the erroneous payment shall refund

any amounts to a person who has repaid to the United States all or part of the claim which has been waived in whole or in part under the provisions of these regulations providing application is made to the employing agency for the refund within 2 years following the date of the waiver. Refunds shall be charged to the appropriation from which the erroneous overpayment of pay was made.

§ 92.6 Written record.

The report of investigation, an account of the corrective action taken, an account of the waiver action taken and the reasons therefor, and other pertinent information such as the action taken upon an application for refund shall constitute the written record in each case considered under the provisions of these regulations.

§ 92.7 Register of waivers—Report.

(a) Each executive agency shall maintain a register which shall show the disposition of each claim of the United States for erroneous payment of pay considered for waiver under the provisions of these regulations, which register, together with the written record as described in section 92.6 of these regulations shall be available for review by the General Accounting Office.

(b) Within 60 days after the close of each fiscal year, each agency exercising waiver authority under the provisions of these regulations shall report to the Comptroller General of the United States the total amount waived during the preceding fiscal year and the total amount refunded.

§ 92.8 Referral of claims for collection or litigation.

(a) If the administrative agency has considered waiver and has denied waiver in whole or in part it shall so advise the General Accounting Office when referral for collection is made to it pursuant to 31 U.S.C. 71.

(b) No claim for the recovery of an erroneous payment of pay shall be referred to the Attorney General for litigation until it has first been considered for waiver, unless the time remaining for suit within the applicable period of limitations does not permit such waiver consideration prior to referral.

PART 93—EFFECT OF WAIVER

Sec.

93.1 Credit in accounts.

93.2 Waived payment deemed valid.

93.3 Effect on other authority.

Authority: The provisions of this Part 93 issued under sec. 311, 42 Stat. 25, as amended; 51 U.S.C. 52, Interpret or apply, 82 Stat. 1212, 5 U.S.C. 5584.

§ 93.1 Credit in accounts.

In the audit and settlement of the accounts of any accountable official, full credit shall be given for any amounts with respect to which collection by the United States is waived under the provisions of these regulations.

§ 93.2 Waived payment deemed valid.

An erroneous payment of pay, the collection of which is waived under the provisions of these regulations is deemed a valid payment of pay for all purposes.

FEDERAL CLAIMS COLLECTION STANDARDS

PART 101—SCOPE OF STANDARDS

Sec.	
101.1	Prescription of standards.
101.2	Omissions not a defense.
101.3	Fraud, antitrust, and tax claims excluded.
101.4	Compromise, waiver, or disposition under other statutes not precluded.
101.5	Conversion claims.
101.6	Subdivision of claims not authorized.
101.7	Required administrative proceedings.
101.8	Referral for litigation.

AUTHORITY: The provisions of this Part 101 issued under sec. 3, 80 Stat. 309; 51 U.S.C. 952.

SOURCE: The provisions of this Part 101 appear at 31 F.R. 13381, Oct. 15, 1966, unless otherwise noted.

§ 101.1 Prescription of standards.

The regulations in this chapter, issued jointly by the Comptroller General of the United States and the Attorney General of the United States under section 3 of the Federal Claims Collection Act of 1966, 80 Stat. 309, prescribe standards for the administrative collection, compromise, termination of agency collection action, and the referral to the General Accounting Office, and to the Department of Justice for litigation, of civil claims by the Federal Government for money or property. Regulations prescribed by the head of an agency pursuant to section 3 of the Federal Claims Collection Act of 1966 will be reviewed by the General Accounting Office as a part of its audit of the agency's activities.

§ 101.2 Omissions not a defense.

The standards set forth in this chapter shall apply to the administrative handling of civil claims of the Federal Government for money or property but the failure of an agency to comply with any provision of this chapter shall not be available as a defense to any debtor.

§ 101.3 Fraud, antitrust, and tax claims excluded.

The standards set forth in this chapter do not apply to the handling of any claim as to which there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim, or to any claim based in whole or in part on conduct in violation of the antitrust laws. Only the Department of Justice has authority to compromise or terminate collection action on

such claims. However, matters submitted to the Department of Justice for consideration without compliance with the regulations in this chapter because there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim, may be returned to the agency forwarding them for further handling in accordance with the regulations in this chapter if it is determined that action based upon the alleged fraud, false claim, or misrepresentation is not warranted. Tax claims, as to which differing exemptions, administrative consideration, enforcement considerations, and statutes apply, are also excluded from the coverage of this chapter.

§ 101.4 Compromise, waiver, or disposition under other statutes not precluded.

Nothing contained in this chapter is intended to preclude agency disposition of any claim under statutes other than the Federal Claims Collection Act of 1966, 80 Stat. 308, providing for the compromise, termination of collection action, or waiver in whole or in part of such a claim. See, e.g., "The Federal Medical Care Recovery Act," 76 Stat. 593, 42 U.S.C. 2651, et seq., and applicable regulations, 28 CFR 43.1, et seq. The standards set forth in this chapter should be followed in the disposition of civil claims by the Federal Government by compromise or termination of collection action (other than by waiver pursuant to statutory authority) under statutes other than the Federal Claims Collection Act of 1966, 80 Stat. 308, to the extent such other statutes or authorized regulations issued pursuant thereto do not establish standards governing such matters.

§ 101.5 Conversion claims.

The instructions contained in this chapter are directed primarily to the recovery of money on behalf of the Government and the circumstances in which Government claims may be disposed of for less than the full amount claimed. Nothing contained in this chapter is intended, however, to deter an agency from demanding the return of specific property or from demand-

ing, in the alternative, either the return of property or the payment of its value.

§ 101.6 Subdivision of claims not authorized.

A debtor's liability arising from a particular transaction or contract shall be considered as a single claim in determining whether the claim is one of less than \$20,000, exclusive of interest, for the purpose of compromise or termination of collection action. Such a claim may not be subdivided to avoid the monetary ceiling established by the Federal Claims Collection Act of 1966, 80 Stat. 308.

§ 101.7 Required administrative proceedings.

Nothing contained in this chapter is intended to require an agency to omit or foreclose administrative proceedings required by contract or by law.

§ 101.8 Referral for litigation.

As used in this chapter referral for litigation means referral to the Department of Justice for appropriate legal proceedings, unless the agency concerned has statutory authority for handling its own litigation.

- 102.12 Additional administrative collection action.

AUTHORITY: The provisions of this Part 102 issued under sec. 3, 80 Stat. 309; 31 U.S.C. 952.

SOURCE: The provisions of this Part 102 appear at 31 F.R. 13381, Oct. 15, 1966, unless otherwise noted.

§ 102.1 Aggressive agency collection action.

The head of an agency or his designee shall take aggressive action, on a timely basis with effective followup, to collect all claims of the United States for money or property arising out of the activities of, or referred to, his agency in accordance with the standards set forth in this chapter. However, nothing contained in this

chapter is intended to require the General Accounting Office or the Department of Justice to duplicate collection actions previously undertaken by any other agency.

§ 102.2 Demand for payment.

Appropriate written demands shall be made upon a debtor of the United States in terms which inform the debtor of the consequences of his failure to cooperate. Three written demands, at 30-day intervals, will normally be made unless a response to the first or second demand indicates that further demand would be futile or unless prompt suit or attachment is required in anticipation of the departure of the debtor or debtors from the jurisdiction or his or their removal or transfer of assets, or the running of the statute of limitations. There should be no undue time lag in responding to any communication received from the debtor or debtors.

§ 102.3 Collection by offset.

Collections by offset will be undertaken administratively on claims which are liquidated or certain in amount in every instance in which this is feasible. Collections by offset from persons receiving pay or compensation from the Federal Government shall be effected over a period not greater than the period during which such pay or compensation is to be received. See 5 U.S.C. 5514. Collection by offset against a judgment obtained by the debtor against the United States shall be accomplished in accordance with the Act of March 3, 1875, 18 Stat. 481, as amended, 31 U.S.C. 227. Appropriate use should be made of the cooperative efforts of other agencies in effecting collections by offset, including utilization of the Army Holdup List, and all agencies are enjoined to cooperate in this endeavor.

§ 102.4 Personal interview with debtor.

Agencies will undertake personal interviews with their debtors when this is feasible, having regard for the amounts involved and the proximity of agency representatives to such debtors.

§ 102.5 Contact with debtor's employing agency.

When a debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard, and collection by offset

cannot be accomplished in accordance with 5 U.S.C. 5514, the employing agency will be contacted for the purpose of arranging with the debtor for payment of the indebtedness by allotment or otherwise in accordance with section 206 of Executive Order 11222 of May 8, 1965, 3 CFR, 1965 Supp., p. 180 (30 F.R. 6469).

§ 102.6 Suspension or revocation of license or eligibility.

Agencies seeking the collection of statutory penalties, forfeitures, or debts provided for as an enforcement aid or for compelling compliance will give serious consideration to the suspension or revocation of licenses or other privileges for any inexcusable, prolonged or repeated failure of a debtor to pay such a claim and the debtor will be so advised. Any agency making, guaranteeing, insuring, acquiring, or participating in loans will give serious consideration to suspending or disqualifying any lender, contractor, broker, borrower or other debtor from doing further business with it or engaging in programs sponsored by it if such debtor fails to pay its debts to the Government within a reasonable time and the debtor will be so advised. The failure of any surety to honor its obligations in accordance with 6 U.S.C. 11 is to be reported to the Treasury Department at once. Notification that a surety's certificate of authority to do business with the Federal Government has been revoked or forfeited by the Treasury Department will be forwarded by that Department to all interested agencies.

§ 102.7 Liquidation of collateral.

Agencies holding security or collateral which may be liquidated and the proceeds applied on debts due it through the exercise of a power of sale in the security instrument or a non-judicial foreclosure should do so by such procedures if the debtor fails to pay his debt within a reasonable time after demand, unless the cost of disposing of the collateral will be disproportionate to its value or special circumstances require judicial foreclosure. Collection from other sources, including liquidation of security or collateral, is not a prerequisite to requiring payment by a surety or insurance concern unless such action is expressly required by statute or contract.

§ 102.8 Collection in installments.

Claims, with interest in accordance

with § 102.10, should be collected in full in one lump sum whenever this is possible. However, if the debtor is financially unable to pay the indebtedness in one lump sum, payment may be accepted in regular installments. The size and frequency of such installment payments should bear a reasonable relation to the size of the debt and the debtor's ability to pay. If possible the installment payments should be sufficient in size and frequency to liquidate the Government's claim in not more than 3 years. Installment payments of less than \$10 per month should be accepted in only the most unusual circumstances. An agency holding an unsecured claim for administrative collection should attempt to obtain an executed confess-judgment note, comparable to the Department of Justice form USA-70a, from a debtor when the total amount of the deferred installments will exceed \$750. Such notes may be sought when an unsecured obligation of a lesser amount is involved. Security for deferred payments, other than a confess-judgment note, may be accepted in appropriate cases. An agency may accept installment payments notwithstanding the refusal of a debtor to execute a confess-judgment note or to give other security, at the agency's option.

§ 102.9 Exploration of compromise.

Agencies will attempt to effect compromises (preferably during the course of personal interviews), of claims of \$20,000 or less exclusive of interest, in accordance with the standards set forth in Part 103 of this chapter in all cases in which it can be ascertained that the debtor's financial ability will not permit payment of the claim in full, or in which the litigative risks or the cost of litigation dictate such action.

§ 102.10 Interest.

In cases in which prejudgment interest is not mandated by statute, contract or regulation, the agency may forego the collection of prejudgment interest as an inducement to voluntary payment. In such cases demand letters should inform the debtor that prejudgment interest will be collected if suit becomes necessary. When a debt is paid in installments and interest is collected, the installment payments will first be applied to the payment of accrued interest and then to principal, in accordance with the so-called "U.S. Rule," unless a different rule is prescribed by statute,

contract or regulation. Prejudgment interest should not be demanded or collected on civil penalty and forfeiture claims unless the statute under which the claim arises authorizes the collection of such interest. See *Rodgers v. United States*, 332 U.S. 371.

§ 102.11 Documentation of administrative collection action.

All administrative collection action should be documented and the bases for compromise, or for termination or suspension of collection action, should be set out in detail. Such documentation should be retained in the appropriate claims file.

§ 102.12 Additional administrative collection action.

Nothing contained in this chapter is intended to preclude the utilization of any other administrative remedy which may be available.

AUTHORITY: The provisions of this Part 103 issued under sec. 3, 80 Stat. 309; 31 U.S.C. 952.

SOURCE: The provisions of this Part 103 appear at 31 F.R. 13382, Oct. 15, 1966, unless otherwise noted.

§ 103.1 Scope and application.

The standards set forth in this part apply to the compromise of claims, pursuant to section 3(b) of the Federal Claims Collection Act of 1966, 80 Stat. 309, which do not exceed \$20,000 exclusive of interest. The head of an agency or his designee may exercise such compromise authority with respect to claims for money or property arising out of the activities of his agency prior to the referral of such claims to the General Accounting Office or to the Department of Justice for litigation. The Comptroller General or his designee may exercise such compromise authority with respect to claims referred to the General Accounting Office prior to their further referral for litigation. Only the Comptroller General or his designee may effect the compromise of a claim that arises out of an exception made by the General Accounting Office in the account of an accountable officer,

including a claim against the payee, prior to its referral by that Office for litigation.

§ 103.2 Inability to pay.

A claim may be compromised pursuant to this part if the Government cannot collect the full amount because of (a) the debtor's inability to pay the full amount within a reasonable time, or (b) the refusal of the debtor to pay the claim in full and the Government's inability to enforce collection in full within a reasonable time by enforced collection proceedings. In determining the debtor's inability to pay the following factors, among others, may be considered: Age and health of the debtor; present and potential income; inheritance prospects; the possibility that assets have been concealed or improperly transferred by the debtor; the availability of assets or income which may be realized upon by enforced collection proceedings. The agency will give consideration to the applicable exemptions available to the debtor under State and Federal law in determining the Government's ability to enforce collection. Uncertainty as to the price which collateral or other property will bring at forced sale may properly be considered in determining the Government's ability to enforce collection. A compromise effected under this section should be for an amount which bears a reasonable relation to the amount which can be recovered by enforced collection procedures, having regard for the exemptions available to the debtor and the time which collection will take. Compromises payable in installments are to be discouraged. However, if payment of a compromise by installments is necessary, an agreement for the reinstatement of the prior indebtedness less sums paid thereon and acceleration of the balance due upon default in the payment of any installment should be obtained, together with security in the manner set forth in § 102.8 of this chapter, in every case in which this is possible. If the agency's files do not contain reasonably up-to-date credit information as a basis for assessing a compromise proposal such information may be obtained from the individual debtor by obtaining a statement executed under penalty of perjury showing the debtor's assets and liabilities, income and expense. Forms such as Department of Justice form DJ-35 may be used for this purpose. Similar data may be obtained from corporate debtors by

resort to balance sheets and such additional data as seems required.

§ 103.3 Litigative probabilities.

A claim may be compromised pursuant to this part if there is a real doubt concerning the Government's ability to prove its case in court for the full amount claimed either because of the legal issues involved or a bona fide dispute as to the facts. The amount accepted in compromise in such cases should fairly reflect the probability of prevailing on the legal question involved, the probabilities with respect to full or partial recovery of a judgment having due regard to the availability of witnesses and other evidentiary support for the Government claim, and related pragmatic considerations. Proportionate weight should be given to the probable amount of court costs which may be assessed against the Government if it is unsuccessful in litigation, having regard for the litigative risks involved. Cf. 28 U.S.C. 2412, as amended by Public Law 89-507, 80 Stat. 308.

§ 103.4 Cost of collecting claim.

A claim may be compromised pursuant to this part if the cost of collecting the claim does not justify the enforced collection of the full amount. The amount accepted in compromise in such cases may reflect an appropriate discount for the administrative and litigative costs of collection having regard for the time which it will take to effect collection. Cost of collecting may be a substantial factor in the settlement of small claims. The cost of collecting claims normally will not carry great weight in the settlement of large claims.

§ 103.5 Enforcement policy.

Statutory penalties, forfeitures, or debts established as an aid to enforcement and to compel compliance may be compromised pursuant to this part if the agency's enforcement policy in terms of deterrence and securing compliance, both present and future, will be adequately served by acceptance of the sum to be agreed upon. Mere accidental or technical violations may be dealt with less severely than willful and substantial violations.

§ 103.6 Joint and several liability.

When two or more debtors are jointly and severally liable collection action will not be withheld against one such debtor until the other or oth-

ers pay their proportionate share. The agency should not attempt to allocate the burden of paying such claims as between the debtors but should proceed to liquidate the indebtedness as quickly as possible. Care should be taken that compromise with one such debtor does not release the agency's claim against the remaining debtors. The amount of a compromise with one such debtor shall not be considered a precedent or as morally binding in determining the amount which will be required from other debtors jointly and severally liable on the claim.

§ 103.7 Settlement for a combination of reasons.

A claim may be compromised for one or for more than one of the reasons authorized in this part.

§ 103.8 Further review of compromise offers.

If an agency holds a debtor's firm written offer of compromise which is substantial in amount and the agency is uncertain as to whether the offer should be accepted, it may refer the offer, the supporting data, and particulars concerning the claim to the General Accounting Office or to the Department of Justice. The General Accounting Office or the Department of Justice may act upon such an offer or return it to the agency with instructions or advice.

§ 103.9 Restrictions.

Neither a percentage of a debtor's profits nor stock in a debtor corporation will be accepted in compromise of a claim. In negotiating a compromise with a business concern consideration should be given to requiring a waiver of the tax-loss-carry-forward and tax-loss-carry-back rights of the debtor.

PART 104—STANDARDS FOR SUSPENDING OR TERMINATING COLLECTION ACTION

Sec.

- 104.1 Scope and application.
- 104.2 Suspension of collection activity.
- 104.3 Termination of collection activity.
- 104.4 Transfer of claims.

AUTHORITY: The provisions of this Part 104 issued under sec. 3, 80 Stat. 309; 31 U.S.C. 952.

SOURCE: The provisions of this Part 104 appear at 31 F.R. 13383, Oct. 15, 1966, unless otherwise noted.

§ 104.1 Scope and application.

The standards set forth in this part apply to the suspension or termination of collection action pursuant to

section 3(b) of the Federal Claims Collection Act of 1966, 80 Stat. 309, on claims which do not exceed \$20,000 exclusive of interest. The head of an agency or his designee may suspend or terminate collection action under this part with respect to claims for money or property arising out of activities of his agency prior to the referral of such claims to the General Accounting Office or to the Department of Justice for litigation. The Comptroller General or his designee may exercise such authority with respect to claims referred to the General Accounting Office prior to their further referral for litigation.

§ 104.2 Suspension of collection activity.

Collection action may be suspended temporarily on a claim when the debtor cannot be located after diligent effort and there is reason to believe that future collection action may be sufficiently productive to justify periodic review and action on the claim having consideration for its size and the amount which may be realized thereon. The following sources may be of assistance in locating missing debtors: Telephone directories; city directories; postmasters; drivers' license records; automobile title and license records; state and local governmental agencies; district directors of Internal Revenue; other Federal agencies; employers, relatives, friends; credit agency skip locate reports. Suspension as to a particular debtor should not defer the early liquidation of security for the debt. Every reasonable effort should be made to locate missing debtors sufficiently in advance of the bar of the applicable statute of limitations, such as Public Law 89-505, 80 Stat. 304, to permit the timely filing of suit if such action is warranted. If the missing debtor has signed a confess-judgment note and is in default, referral of the note for the entry of judgment should not be delayed because of his missing status. Collection action may be suspended temporarily on a claim when the debtor owns no substantial equity in realty and is unable to make payments on the Government's claim or effect a compromise thereof at the time but his future prospects justify retention of the claim for periodic review and action and (a) the applicable statute of limitations has been tolled or started running anew or (b) future collection can be effected by offset notwithstanding the statute of limitations.

§ 104.3 Termination of collection activity.

The head of an agency or his designee may terminate collection activity and consider the agency's file on the claim closed under the following standards:

(a) *Inability to collect any substantial amount.* Collection action may be terminated on a claim when it becomes clear that the Government cannot collect or enforce collection of any significant sum from the debtor having due regard for the judicial remedies available to the Government, the debtor's future financial prospects, and the exemptions available to the debtor under State and Federal law. In determining the debtor's inability to pay the following factors, among others, may be considered: Age and health of the debtor; present and potential income; inheritance prospects; the possibility that assets have been concealed or improperly transferred by the debtor; the availability of assets or income which may be realized upon by enforced collection proceedings.

(b) *Inability to locate debtor.* Collection action may be terminated on a claim when the debtor cannot be located, there is no security remaining to be liquidated, the applicable statute of limitations has run, and the prospects of collecting by offset notwithstanding the bar of the statute of limitations is too remote to justify retention of the claim.

(c) *Cost will exceed recovery.* Collection action may be terminated on a claim when it is likely that the cost of further collection action will exceed the amount recoverable thereby.

(d) *Claim legally without merit.* Collection action should be terminated on a claim whenever it is determined that the claim is legally without merit.

(e) *Claim cannot be substantiated by evidence.* Collection action should be terminated when it is determined that the evidence necessary to prove the claim cannot be produced or the necessary witnesses are unavailable and efforts to induce voluntary payment are unavailing.

§ 104.4 Transfer of claims.

When an agency has doubt as to whether collection action should be suspended or terminated on a claim it may refer the claim to the General Accounting Office for advice. When a

significant enforcement policy is involved in reducing a statutory penalty or forfeiture to judgment, or recovery of a judgment is a prerequisite to the imposition of administrative sanctions, such as the suspension or revocation of a license or the privilege of participating in a Government sponsored program, an agency may refer such a claim for litigation even though termination of collection activity might otherwise be given consideration under § 104.3 (a) or (c). Claims on which an agency holds a judgment by assignment or otherwise will be referred to the Department of Justice for further action if renewal of the judgment lien or enforced collection proceedings are justified under the criteria discussed in this part, unless the agency concerned has statutory authority for handling its own litigation.

PART 105—REFERRALS TO GAO OR FOR LITIGATION

Sec.	
105.1	Prompt referral.
105.2	Current address of debtor.
105.3	Credit data.
105.4	Report of prior collection actions.
105.5	Preservation of evidence.
105.6	Minimum amount of referrals to the Department of Justice.
105.7	Referrals to GAO.

AUTHORITY: The provisions of this Part 105 issued under sec. 3, 80 Stat. 309; 31 U.S.C. 952.

SOURCE: The provisions of this Part 105 appear at 31 F.R. 13384, Oct. 15, 1966, unless otherwise noted.

§ 105.1 Prompt referral.

Claims on which collection action has been taken in accordance with Part 102 of this chapter and which cannot be compromised, or on which collection action cannot be suspended or terminated, in accordance with Parts 103 and 104 of this chapter, will be referred to the General Accounting Office in accordance with R.S. 236, as amended, 31 U.S.C. 71, or to the Department of Justice, if the agency concerned has been granted an exception from referrals to the General Accounting Office. Such referrals should be made as early as possible consistent with aggressive agency collection action and the observance of the regulations contained in this chapter and in any event well within the time limited for bringing a timely suit against the debtor.

§ 105.2 Current address of debtor.

Referrals to the General Accounting Office, and to the Department of

Justice for litigation, will be accompanied by the current address of the debtor or the name and address of the agent for a corporation upon whom service may be made. Reasonable and appropriate steps will be taken to locate missing parties in all cases. Referrals to the General Accounting Office, and referrals to the Department of Justice for the institution of foreclosure or other proceedings, in which the current address of any party is unknown will be accompanied by a listing of the prior known addresses of such a party and a statement of the steps taken to locate him.

§ 105.3 Credit data.

(a) Claims referred to the General Accounting Office, and to the Department of Justice for litigation, will be accompanied by reasonably current credit data indicating that there is a reasonable prospect of effecting enforced collections from the debtor, having due regard for the exemptions available to the debtor under State and Federal law and the judicial remedies available to the Government.

(b) Such credit data may take the form of (1) a commercial credit report, (2) an agency investigative report, showing the debtor's assets and liabilities and his income and expenses, (3) the individual debtor's own financial statement executed under penalty of perjury reflecting his assets and liabilities and his income and expenses, or (4) an audited balance sheet of a corporate debtor.

(c) Such credit data may be omitted if (1) a surety bond is available in an amount sufficient to satisfy the claim in full, (2) the forced sale value of the security available for application to the Government's claim is sufficient to satisfy its claim in full, (3) the referring agency wishes to liquidate loan collateral through judicial foreclosure but does not desire a deficiency judgment, (4) the debtor is in bankruptcy or receivership, or (5) the debtor's liability to the Government is fully covered by insurance, in which case the agency will furnish such information as it can develop concerning the identity and address of the insurer and the type and amount of insurance coverage.

§ 105.4 Report of prior collection actions.

A checklist or brief summary of the actions previously taken to collect or

compromise a claim will be forwarded with the claim upon its referral to the General Accounting Office or to the Department of Justice. If any of the administrative collection actions enumerated in Part 102 of this chapter have been omitted, the reason for their omission will be given with the referral. The General Accounting Office and the Department of Justice may return or retain claims at their option when there is insufficient justification for the omission of one or more of the administrative collection actions enumerated in Part 102 of this chapter.

§ 105.5 Preservation of evidence.

Care will be taken to preserve all files, records and exhibits on claims referred or to be referred to the General Accounting Office, or to the Department of Justice for litigation.

§ 105.6 Minimum amount of referrals to the Department of Justice.

Agencies will not refer claims of less than \$400, exclusive of interest, for litigation unless (a) referral is important to a significant enforcement policy or (b) the debtor has not only the clear ability to pay the claim but the Government can effectively enforce payment having due regard to the exemptions available to the debtor under State or Federal law and the judicial remedies available to the Government. [35 F.R. 16397, Oct. 21, 1970]

§ 105.7 Referrals to GAO.

Referrals of claims to the General Accounting Office will be in accordance with instructions, including monetary limitations, contained in the General Accounting Office Policy and Procedures Manual for the Guidance of Federal Agencies.

GENERAL ACCOUNTING OFFICE¹

INTERNATIONAL AIR TRANSPORTATION FAIR COMPETITIVE PRACTICES ACT OF 1974

Guidelines for Implementation of Section 5

These guidelines will be considered by the General Accounting Office in carrying out its responsibilities under section 5, Public Law 93-623, 88 Stat. 2104 (49 U.S.C. 1517). Section 5 requires, in the absence of satisfactory proof of necessity, the disallowance of expenditures from appropriated funds for Government-financed commercial foreign air transportation of passengers and property performed by an air carrier not holding a certificate under section 401 of the Federal Aviation Act of 1958. These guidelines will require the executive departments, agencies, and instrumentalities of the United States (hereinafter referred to as "agency") to modify their current regulations concerning Government-financed commercial foreign air transportation in order to avoid disallowance of expenditures that previously would have been allowed.

1. Certificated air carrier (those holding certificates under section 401 of the Federal Aviation Act of 1958, 49 U.S.C. 1371 (1970)) must be used for all Government-financed commercial foreign air transportation of persons or property if service provided by those carriers is "available."

2. Generally, passenger or freight service by a certificated air carrier is "available" if the carrier can perform the commercial foreign air transportation needed by the agency and if the service will accomplish the agency's mission. Expenditures for service furnished by a non-certificated air carrier generally will be allowed only when service by a certificated air carrier or carriers was "unavailable."

3. Passenger or freight service by a certificated air carrier is considered "available" even though:

(a) Comparable or a different kind of service by a non-certificated air carrier costs less, or

(b) Service by a non-certificated air carrier can be paid for in excess foreign currency, or

(c) Service by a non-certificated air carrier is preferred by the agency

or traveler needing air transportation, or

(d) Service by a non-certificated air carrier is more convenient for the agency or traveler needing air transportation.

4. Passenger service by a certificated air carrier will be considered to be "unavailable":

(a) When the traveler, while en route, has to wait six hours or more to transfer to a certificated air carrier to proceed to the intended destination, or

(b) When any flight by a certificated air carrier is interrupted by a stop anticipated to be six hours or more for refueling, reloading, repairs, etc., and no other flight by a certificated air carrier is available during the six hour period, or

(c) When by itself or in combination with other certificated or non-certificated air carriers (if certificated air carriers are "unavailable") it takes 12 or more hours longer from the origin airport to the destination airport to accomplish the agency's mission than would service by a non-certificated air carrier or carriers.

5. The Comptroller General will disallow any expenditures for commercial foreign air transportation on non-certificated air carrier unless there is attached to the appropriate voucher a certificate or memorandum adequately explaining why service by certificated air carriers is "unavailable."

6. Although international air freight forwarders as defined in 14 CFR 297.1(c) and 297.2 (1974) engaged in foreign air transportation [49 U.S.C. 1301(21)(c) (1970)] may be used for Government-financed movements of property, the rule stated in guideline 5 applies to the use of underlying air carriers by international air freight forwarders engaged in such foreign air transportation.

7. In order that bills submitted by international air freight forwarders engaged in foreign air transportation may be paid upon presentation, such carriers are directed to submit with their bills a copy of the airway bill or manifest showing the underlying air carriers utilized with such justification certificates or memoranda as they may have for the use of underlying non-certificated air carriers.

REVIEW OF COMPLAINTS CONCERNING CONTRACTS UNDER FEDERAL GRANTS

Public Notice appearing in 40 Fed. Reg. 42406 (1975)

Federal grant funds are disbursed throughout the economy to a wide variety of recipients ranging from State and local governments to private organizations and individuals. The magnitude of Federal grant activity is demonstrated by the fact that the fiscal year 1976 budget recommendations of the President were for \$56 billion in grants-in-aid, as compared with \$13 billion in 1966. Further, Federal aid constituted 21 percent of total State and local government receipts in 1974, more than twice the percentage of 1954. These recipients are engaged, in turn, in varied practices and procedures regarding controls over the manner in which grant funds are utilized. Recipients of Federal grants are engaged in a significant amount of contract activity financed from public funds. For example, in 1974, \$8 billion of grant funds were committed to construction project contracts entered into by grantees as opposed to \$5 billion of construction contracts entered into directly by Federal agencies. Aside from construction projects, grant funds are also frequently utilized to acquire by contract many other such items as office furnishings and equipment, automobiles, laboratory equipment, specialized clothing, and other types of materials required for the proper prosecution of the effort contemplated by the grant.

Of particular concern, in connection with the sizeable expenditure of grant funds for contract purposes, is the propriety of contracting procedures followed. Often particular procedures to be followed as specified in grant instruments are legally binding upon the grantee.

The General Accounting Office has from time to time considered on an *ad hoc* basis complaints regarding contract award procedures followed by grantees in specific cases. However, we think it is now necessary to clarify the GAO role concerning the review of such complaints. Therefore, consistent with the statutory obligation of the General Accounting Office to investigate the receipt, disbursement, and application of public funds, we will undertake reviews concerning the propriety of contract awards made by grantees in furtherance of grant purposes upon request of prospective contractors.

It is not the intent of the General Accounting Office to interfere with the functions and responsibilities of grantor agencies in making and administering grants. Prospective contractors are urged to seek resolution of their complaints through regular administrative channels prior to making a complaint with GAO. The purpose of our reviews will be to foster compliance with grant terms, agency regulations, and applicable statutory requirements. We will not consider complaints where the Federal funds in a project as a whole are insignificant.

Complaints are not for consideration under our bid protest procedures (see 40 Fed. Reg. 17979, April 24, 1975), since there is no direct contractual relationship between the Federal Government and the party engaged in contracting with the grantee. We will develop and publish appropriate detailed procedures to govern our consideration of requests for review of grantee contract award matters. In the interim we will receive and consider complaints under the following general interim procedure.

Upon receipt of a complaint, GAO will solicit a report from the grantor agency involved setting forth its views and the views of the grantee with respect to the issues raised. The grantee and other interested parties will be afforded an opportunity to comment on the agency report and to present their views concerning the matters at issue. At the conclusion of its review GAO will inform all interested parties of its conclusions.

Requests for GAO review of complaints concerning grantee contract awards shall be submitted to the General Counsel, General Accounting Office, Washington, D.C. 20548. Such requests should (1) identify the specific grant and contract thereunder at issue and (2) provide a full statement of the basis upon which it is believed that proper contracting procedures have not been followed. It is important that complaints be received as promptly as possible.

Agencies will continue to be responsible for assuring that grant administration functions adhere to the statutory requirements applicable to their grant programs.

APPENDIX B

APPROPRIATION AND ANNUAL AUTHORIZATION ACTS RELATING TO THE GENERAL ACCOUNTING OFFICE

This appendix contains provisions from various appropriation or annual authorization acts relating to the duties and functions of the General Accounting Office. Generally, these duties and functions are of a temporary or limited nature, extending only to specific appropriations and thus are more susceptible to change by the Congress from year-to-year, as distinguished from the legislation in the main body of the compilation which is of a more permanent nature. It is noted, however, that while these provisions are more limited in scope, some appear regularly in the authorization or appropriation acts of the various agencies.

MISCELLANEOUS EXPENSES

For miscellaneous expenses, to be expended as the Chief Justice must approve, \$737,000.

NOTE—Section 117(b) of the Accounting and Auditing Act of 1950 (31 U.S.C. 67(b)), expressly vests in the Comptroller General the authority to require that accounts and records of executive agencies be retained at agency sites for audit purposes. As to the legislative and judicial branches, however, this authority may be exercised only through agreements with such branches. Therefore, the General Accounting Office may not unilaterally determine that a site audit will be performed and require the agencies in the legislative and judicial branches to retain their accounts and records at the sites, even though it may be determined that site audits are desirable.

DEPARTMENT OF DEFENSE APPROPRIATION

90 Stat. 1279)

OPERATION AND MAINTENANCE, NAVY

For expenses, not otherwise provided for, necessary for the operation and maintenance of the Navy and the Marine Corps, as authorized by law; and not to exceed \$4,462,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of the Navy, and payments may be made on his certificate of necessity for confidential military purposes; * * *

OPERATION AND MAINTENANCE, DEFENSE AGENCIES

For expenses, not otherwise provided for, necessary for the operation and maintenance of activities and agencies of the Department of Defense (other than the military departments and the Defense Civil Preparedness Agency), as

authorized by law; as follows: for the Secretary of Defense activities, \$897,130,000, of which \$581,830,000 shall be available only for the Civilian Health and Medical Program of the Uniformed Services, and \$242,800,000 shall be available only for Overseas Dependents Education; for the organization of the Joint Chiefs of Staff, \$13,100,000; for the Office of Information for the Armed Forces, \$17,600,000; for the Defense Contract Audit Agency, \$72,500,000; for the Defense Investigative Service, \$28,000,000; for the Defense Mapping Agency, \$198,400,000; for the Defense Nuclear Agency, \$24,500,000; for the Uniformed Services University of the Health Sciences, \$5,600,000; for the Defense Supply Agency, \$839,800,000; and for intelligence and communications activities, \$622,270,000; in all: \$2,718,900,000: *Provided*, That of the total amount of this appropriation, not to exceed \$8,384,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of Defense, and payments may be made on his certificate of necessity for confidential military purposes: * * *

Note—Reading the appropriation language and 10 U.S.C. sec. 140(a) (see p. C-5) together, it is clear that GAO cannot take exception to any “emergency or extraordinary” expenditure made under this authority, whether or not it is certified as confidential. Moreover, when such an expenditure is certified as confidential, GAO would have no right to go behind the voucher involved. On the other hand, unless and until the expenditure is certified as confidential, GAO could conduct the same audit and review of the expenditure as we could for any other appropriated fund transaction, short of questioning its legality. We could also address such a non-confidential expenditure in an audit report.
