## FINANCIAL AUDIT

Senate Restaurants Revolving Fund for Fiscal Years 1994 and 1993

United States General Accounting Office Washington, D.C. 20548

**Comptroller General** of the United States

B-260874

July 31, 1995

The Honorable George M. White Architect of the Capitol

Dear Mr. White:

This report presents our opinion on the financial statements of the Senate Restaurants for fiscal year 1994 as well as our opinion on management's assertions regarding the effectiveness of its system of internal controls as of September 30, 1994. This report also discusses our evaluation of the Restaurants' compliance with laws and regulations for the period ended September 30, 1994. This review was conducted pursuant to your request and section 5 of the act of July 6, 1961 (40 U.S.C. 174j-5).

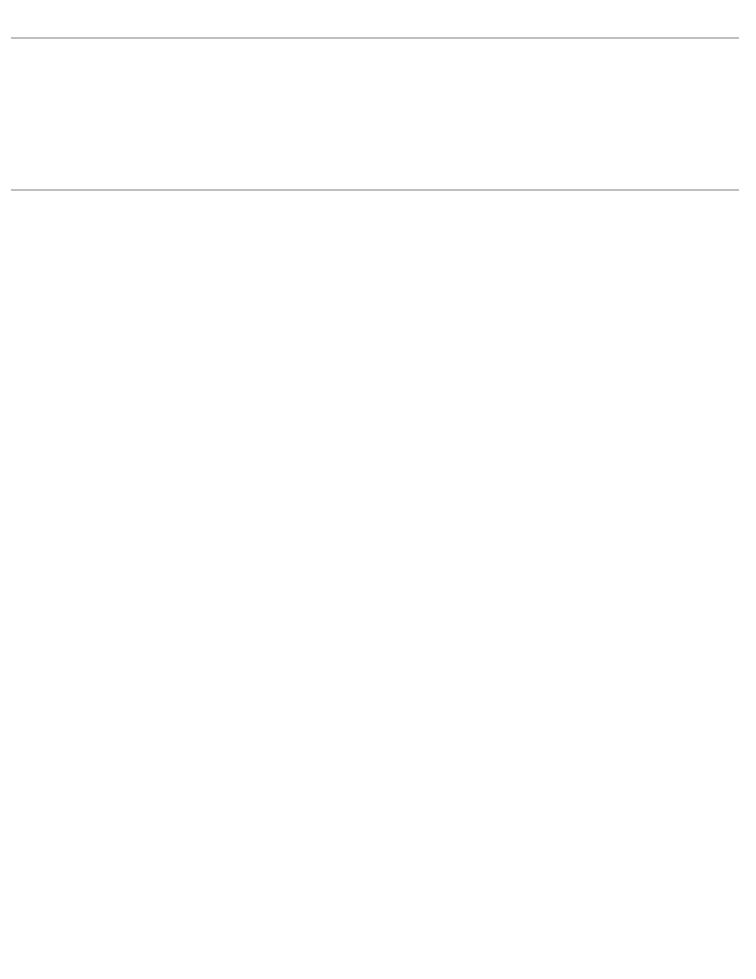

We are sending copies of this report to interested congressional committees and other interested parties. Copies will be made available to others on request.

Sincerely yours,

Charles A. Bowsher Comptroller General of the United States

The Honorable George M. White Architect of the Capitol

Dear Mr. White:

Pursuant to your request and section 5 of the act of July 6, 1961 (40 U.S.C. 174j-5), we audited the balance sheets of the United States Senate Restaurants Revolving Fund (the Fund) as of October 1, 1994 and October 2, 1993, and the related statements of operations and cash flows for the years then ended. We found

- the financial statements were reliable in all material respects;
- management fairly stated that internal controls in place on October 1, 1994, were effective in safeguarding assets from material loss, assuring material compliance with laws and regulations, and assuring that there were no material misstatements in the financial statements; and
- no reportable noncompliance with laws and regulations we tested.

The following sections outline each conclusion in more detail and discuss the scope of our audits.

# Opinion on Financial Statements

The financial statements and accompanying notes of the Senate Restaurants Revolving Fund as of October 1, 1994 and October 2, 1993, present fairly, in conformity with generally accepted accounting principles, the Fund's

- assets, liabilities, and government equity;
- results of operations; and
- · cash flows.

As discussed in note 3, the financial statements present the results of activities financed through the Senate Restaurants Revolving Fund and are not intended to present the financial position and results of operations of the Senate Restaurants as a whole. Other readily identifiable costs, such as management personnel salaries and benefits, and capital expenditures amounting to nearly \$2.2 million in fiscal year 1994 and nearly \$1.8 million in fiscal year 1993, which are financed by funds appropriated to the Architect of the Capitol, are not included on the financial statements. Also, the statements do not include such costs as space and utilities, which are not readily identifiable.

The Senate Restaurants Revolving Fund began incurring losses in fiscal year 1987. As of October 1, 1994, the Fund had cumulative losses totaling over \$1.4 million. The Fund has relied on loans and appropriated fund transfers to offset these losses and continue to pay Fund expenses. The Senate Restaurants Revolving Fund reported a profit of \$41,615 in fiscal year 1993. However, in fiscal year 1994, the Fund incurred a loss of \$368,306. If trends continue, in addition to the appropriated funds required for other identifiable and nonidentifiable costs mentioned above, the Fund itself will continue to require supplemental funding, such as additional loans or appropriated fund transfers, to support its future operations.

### Opinion on Management's Assertion About the Effectiveness of Internal Controls

We evaluated management's assertion about the effectiveness of its internal controls designed to:

- safeguard assets against loss from unauthorized use or disposition;
- assure the execution of transactions in accordance with laws and regulations; and
- properly record, process, and summarize transactions to permit the preparation of financial statements and maintain accountability for assets.

Management of the Senate Restaurants fairly stated that those controls in place on October 1, 1994, provided reasonable assurance that losses, noncompliance, or misstatements material to the financial statements would be prevented or detected on a timely basis. Management made this assertion based on criteria provided in GAO's Standards for Internal Controls in the Federal Government.

# Compliance With Laws and Regulations

Our current year audit tests for compliance with selected provisions of laws and regulations disclosed no instances of noncompliance that would be reportable under generally accepted government auditing standards. We do not express an opinion on overall compliance with such provisions.

# Objectives, Scope, and Methodology

Management is responsible for

 preparing annual financial statements in conformity with generally accepted accounting principles;

 $<sup>^1</sup>$ Our reports on the Fund's internal control structure and compliance with laws and regulations for fiscal year 1993 are presented in GAO/AIMD-95-1, dated October 12, 1994.

- establishing, maintaining, and assessing the internal control structure to provide reasonable assurance that the internal control objectives mentioned above are met; and
- complying with applicable laws and regulations.

We are responsible for obtaining reasonable assurance about whether (1) the financial statements are reliable (free of material misstatement and presented fairly in conformity with generally accepted accounting principles) and (2) management's assertion about the effectiveness of internal controls is fairly stated in all material respects based upon criteria mentioned above. We are also responsible for testing compliance with selected provisions of laws and regulations.

In order to fulfill these responsibilities, we

- examined, on a test basis, evidence supporting the amounts and disclosures in the financial statements;
- assessed the accounting principles used and significant estimates made by management;
- evaluated the overall presentation of the financial statements;
- obtained an understanding of the internal control structure related to safeguarding assets, compliance with laws and regulations, and financial reporting;
- tested relevant internal controls over safeguarding, compliance, and financial reporting, and evaluated management's assertion about the effectiveness of internal controls; and
- tested compliance with selected provisions of 40 U.S.C. 174j-1 through j-9,
  Department of the Treasury regulations on cash, Office of Personnel
  Management regulations on employee benefits and employer costs, and
  Internal Revenue Service regulations on federal income and social security
  tax withholdings.

We limited our internal control testing to accounting and other controls necessary to achieve the objectives outlined in our opinion on management's assertion about the effectiveness of internal controls. Because of inherent limitations in any internal control structure, losses, noncompliance, or misstatements may nevertheless occur and not be detected. We also caution that projecting our evaluation to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with controls may deteriorate.

We performed our work in accordance with generally accepted government auditing standards.

Sincerely yours,

Charles A. Bowsher Comptroller General of the United States

June 16, 1995

The accompanying notes are an integral part of these statements.

#### **Notes to Financial Statements**

#### Note 1. Background

The Senate Restaurants Revolving Fund operates restaurant facilities for Senators, employees of the Senate, and (in certain locations) the general public. The Architect of the Capitol, under the direction of the Senate Committee on Rules and Administration, is responsible for managing the restaurants. Restaurant management recommends price changes and the Committee approves them.

#### Note 2. Significant Accounting Policies

The Fund's fiscal year consists of thirteen 4-week accounting periods. Periodically, when determined by management, an adjustment is made so that the Fund's fiscal year-end more nearly matches the federal government's.

Assets, liabilities, revenues, and expenses are recognized on the accrual basis of accounting in accordance with generally accepted accounting principles.

Cash receipts from sales and commissions are deposited in the U.S. Treasury to the credit of the Fund for use in operating the various restaurant facilities.

Inventories are valued at cost and are charged to operations using the first-in, first-out method.

#### Note 3. Other Costs of Operations

Certain costs of operating the Senate Restaurants are not financed through the Revolving Fund. Instead, they are paid from other appropriations made to the Architect of the Capitol. Identifiable costs paid directly from appropriated funds on behalf of the Senate Restaurants include the costs of employing management personnel and other miscellaneous expenses. In addition, in fiscal year 1993, the Senate Chef facility was renovated without charge to the Revolving Fund. These identifiable costs are shown below.

Other costs cannot be readily determined, such as space, occupancy, utilities, garbage disposal, or printing by the Government Printing Office, which are furnished without charge to the Fund.

In addition, the Secretary of the Senate is responsible for paying any monetary awards to employees of the Senate Restaurants that result from employee claims of discriminatory employment practices. In fiscal year 1992, some Senate Restaurants' employees filed complaints alleging discriminatory employment practices. Two of these matters were resolved in fiscal year 1993 and resulted in monetary awards to employees and an obligation to pay associated attorney fees and other costs.

#### Note 4. Accounts Receivable

The Senate Committee on Rules and Administration allows Senators, former Senators, and certain Senate officials to have customer accounts. A comparison of the aged customer accounts receivable at October 1, 1994 and October 2, 1993, follows:

By December 24, 1994, more than 99 percent of the October 1, 1994, accounts receivable balance had been collected. In accordance with the policy direction established by the Senate Committee on Rules and Administration, the Fund's accounting office mails monthly delinquent notice letters. These letters are signed by the Architect of the Capitol and are mailed to customers whose accounts are delinquent for over 30 days.

## Note 5. Prior Period Adjustment -- Penalties Assessed on Delinquent Accounts Receivable

Effective January 1, 1992, the Senate Committee on Rules and Administration authorized the Senate Restaurants to assess a 2 percent penalty to delinquent customer accounts for each 30-day period of delinquency. As of October 1, 1994, the Senate Restaurants assessed cumulative penalties totaling \$15,880 for accounts deemed delinquent. Of this amount, \$4,524 corresponds to fiscal year 1994 and is included in the Penalties Assessed For Delinquent Accounts Receivable line item on the accompanying Statement of Operations. The remaining \$11,356 corresponds to fiscal years 1993 and 1992 (\$6,938 and \$4,418, respectively) and were recorded as reductions to accounts receivable, instead of additions to income during those periods. To correct this, the Senate Restaurants restated the 1993 financial statements as follows:

- -- \$6,938 in Penalties Assessed for Delinquent Accounts Receivable was added to the Statement of Operations, to note 4, and to note 8;
- -- \$4,418 corresponding to the prior period was added to Cumulative Results of Operations (note 9) and to note 4; and

-- \$11,356, which is the total effect of the two previous adjustments, was added to accounts receivable.

#### Note 6. Employee Benefits

Senate Restaurants' employees are covered by the Civil Service Retirement System (CSRS) or the newer Federal Employees Retirement System (FERS), to which the Senate Restaurants contribute. For employees covered by FERS, the Senate Restaurants also contribute 1 percent of pay to the Thrift Savings Plan (TSP), then match employee contributions up to an additional 4 percent of pay. While the Senate Restaurants Revolving Fund has no liability for benefit payments to its former employees under the pension programs, the federal government is liable for the benefit payments through the Office of Personnel Management.

The Fund also contributes to nonpension-related employee benefits including health insurance (FEHBP), life insurance (FEGLI), social security (FICA), medicare (HIT), leave expense, employee meals, local transportation assistance, and employee physicals. Contributions made by the Fund during fiscal years 1994 and 1993 are listed on the following table.

#### **Employee Benefits Expenses**

#### Note 7. Financing Activities

In managing the Senate Restaurants, the Architect has access to two types of supplemental funding: appropriations and loans. Under 40 U.S.C. 174j-4, the Secretary of the Senate, at the request of the Architect and with the approval of the Senate Committee on Rules and Administration, may transfer funds from the Senate's contingent expenses appropriation account to the Restaurants as appropriated capital. Also, 40 U.S.C. 174j-9 allows the Architect to borrow from the contingent fund, amounts necessary to manage the Restaurants on the approval of the Senate Committee on Rules and Administration, which establishes the loan amounts and repayment periods. The funds come from the miscellaneous items appropriation account of the Senate's contingent fund and loan repayments are deposited to the same account.

During October 1988, under the authority of 40 U.S.C. 174j-9, the Architect borrowed \$400,000 from the contingent fund on behalf of the Senate Restaurants Revolving Fund, which was to repay the loan by June 30, 1989. In June 1989, pursuant to 40 U.S.C. 174j-4, the Architect requested, and the Chairman of the Senate Committee on Rules and Administration subsequently approved, a transfer of \$400,000 of appropriated funds from the Senate's contingent expenses appropriation account to the Revolving Fund. The Revolving Fund received the \$400,000 transfer in October

1989, thus increasing its total appropriated capital to \$497,144, and repaid the October 1988 loan.

In December 1990, the Architect again requested an appropriated capital transfer of \$250,000 to the Senate Restaurants Revolving Fund. This transfer took place in January 1991, increasing the Revolving Fund's appropriated capital to \$747,144. In September 1991, the Architect requested an additional transfer of \$250,000. Instead, the Chairman of the Committee on Rules and Administration granted the Revolving Fund a \$250,000 loan, which it received in October 1991. The original repayment date was June 30, 1992, but was later extended to September 30, 1992. Also in September 1992, the Chairman of the Committee on Rules and Administration approved an additional transfer of appropriated capital to the Revolving Fund of \$600,000. This transfer was received by the Revolving Fund in October 1992. The Revolving Fund repaid the October 1991 loan of \$250,000 on October 6, 1992.

#### Note 8. Sales

The following schedule provides a comparison of sales, commissions, and operating results for the various Senate Restaurant activities during fiscal years 1994 and 1993. Fiscal year 1993 has been restated to reflect penalties assessed on delinquent accounts receivable (note 5). Also, catering sales and profits have been included in Capitol dining rooms and cafeterias activities.
