REPORT TO THE ACTING

AUDIT OF THE UNITED STATES SENATE RESTAURANTS FOR THE PERIOD JUNE 29, 1969, TO JUNE 27, 1970 B-114871

#### DIGEST

#### WHY THE AUDIT WAS MADE

The General Accounting Office (GAO) is required by law to make an annual audit of the United States Senate Restaurants.

#### FINDINGS AND CONCLUSIONS

The operation of the Senate Restaurants resulted in a net loss for fiscal year 1970 of \$556,884, which included equipment expenditures of \$463, compared with a net loss for fiscal year 1969 of \$434,993, which included equipment expenditures of \$167. The increase in the loss of \$121,891 was caused primarily by increased labor costs--from \$952,429 in fiscal year 1969 to \$1,130,605 in fiscal year 1970.

In GAO's opinion, the financial statements (schedules 1, 2, and 3), which were prepared on a basis consistent with that of the preceding year and in accordance with the accounting practices and financial arrangements described on page 4 of this report, present fairly the financial position of the United States Senate Restaurants at June 27, 1970, the results of its operations, and the sources and application of its funds for the year then ended.

#### INTRODUCTION

The General Accounting Office has made an audit of the UNITED STATES SENATE RESTAURANTS for the period June 29, 1969, to June 27, 1970. Our audit was made in accordance with generally accepted auditing standards, and included an examination of the financial statements for the year ended June 27, 1970, and such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Senate Restaurants are operated primarily for Senators and employees of the United States Senate. The Architect of the Capitol is responsible for the management of the restaurants subject to the direction of the Committee on Rules and Administration, as provided by the act of July 6, 1961 (40 U.S.C. 174j-1).

Facilities of the restaurants consist of several dining rooms and a snack bar in the Senate wing of the Capitol; a coffee shop in the Old Senate Office Building; and a cafeteria for use by Senators and employees, a cafeteria for visitors, a carryout shop, and a Senators' private dining room in the New Senate Office Building. The dining rooms in the Capitol are required to remain open when the Senate is in night session.

Funds for the operation of the restaurants are provided by receipts from sales and by an annual appropriation to cover losses and equipment purchases. The funds are deposited into an account established with the Treasurer of the United States pursuant to the act of July 6, 1961. Funds appropriated to the Architect of the Capitol for construction or maintenance are also available to the restaurants for the purchase of equipment. Equipment purchases, however, are not recorded as assets of the restaurants.

#### **OPERATIONS**

The operation of the Senate Restaurants resulted in a net loss for fiscal year 1970 of \$556,884, which included equipment expenditures of \$463, compared with a net loss for fiscal year 1969 of \$434,993, which included equipment

expenditures of \$167. The increase in the loss of \$121,891 was caused primarily by increased labor costs--from \$952,429 in fiscal year 1969 to \$1,130,605 in fiscal year 1970.

A comparison of fiscal years 1970 and 1969 sales and operating results, for food and beverages and for cigarstand merchandise, follows for each of the operational units of the Senate Restaurants.

A comparative statement of assets and liabilities of the Senate Restaurants on June 27, 1970, and June 28, 1969, is presented as schedule 1. A comparative statement of operations for fiscal years 1967, 1968, 1969, and 1970 is presented as schedule 2. A statement of sources and application of funds for fiscal year 1970 is presented as schedule 3. A comparison of sales and operating results for each of the units for fiscal year 1970 is presented as an exhibit.

#### OPINION OF FINANCIAL STATEMENTS

The accompanying financial statements of the United States Senate Restaurants (schedules 1. 2. and 3) were prepared by us based on accounting records maintained by the Architect of the Capitol. Transactions are recorded in the records on an accrual basis except that equipment and furnishings acquired with restaurant funds are charged off as expenses of the period in which acquired rather than being capitalized and charged off as an expense over the period of useful life. Also, the statements do not include the cost of equipment and furnishings acquired with funds appropriated to the Architect of the Capitol or of certain benefits and services furnished to the restaurants without charge, such as space, ordinary building repairs and maintenance, utilities, garbage disposal, menus and forms printed by the Government Printing Office, and personal services of the staff of the Architect of the Capitol.

In our opinion, the financial statements (schedules 1, 2, and 3), which were prepared on a basis consistent with that of the preceding year and in accordance with the accounting practices and financial arrangments described above, present fairly the financial position of the United States Senate Restaurants at June 27, 1970, the results of its operations, and the sources and application of its funds for the year then ended.
