

Applied Research and Methods Team (ARM)

EXPERTS in the HOUSE

We design and execute appropriate methodologies to help GAO's mission and operations teams investigate and improve federal government operations. We also routinely assess emerging technologies and evaluate federal programs and policies. Here are the details for each of our offices/centers:

Center for Actuarial Science

Provides methodological and subject matter expertise in applying actuarial science to a wide range of financial security programs and issues

Center for Design, Methods, and Analysis

Provides methodological, analytical, and technical assistance to mission and operations teams

Center for Economics

Provides expertise in a broad range of issues, approaches, and methodologies in economic analysis

Center for Evaluation Methods and Issues

Produces studies on program evaluation, performance measurement, applied statistics, social science research, and future-oriented analyses

Center for Library Services

Provides library research services, supports acquisition and organization of information sources and data, and preserves GAO products of historical value

Center for Statistics and Data Analysis

Provides assistance with data, using descriptive, predictive, and prescriptive analytics

Managing Director's Office

Plans and supports the production of ARM's work, and supports web survey work within and beyond GAO

JOIN US!

	Internship	Permanent Position

HOW TO APPLY

All applicants must apply for available positions through www.usajobs.gov.

We recommend that interested applicants:

- Create a profile on USAJobs.
- Sign up to receive search alerts for GAO vacancies.
- Build a resume in USAJobs and describe your experience with specific, direct examples.
- Email ARMDIHiring@gao.gov to receive announcements about upcoming opportunities in ARM.
- Read through past GAO reports available at gao.gov, and familiarize yourself with the GAO style.
- Provide detailed responses to the written application questions when you submit an application.
- Apply to positions early to account for possible technical challenges.
- If you are in need of reasonable accommodations, please email ReasonableAccommodations@gao.gov.

U.S. GOVERNMENT ACCOUNTABILITY OFFICE

ACCOUNTABILITY ★ INTEGRITY ★ RELIABILITY

ACCOUNTABILITY is our middle name

Often called the “congressional watchdog,” GAO is an **independent, nonpartisan agency** that advises Congress about ways to make government more efficient, effective, ethical, equitable, and responsive.

Returning **more than a hundred dollars in savings** for every dollar of our budget, we support oversight of taxpayer dollars by:

- **auditing** federal spending;
- **investigating** allegations of illegal and improper activities;
- **reporting** on agency program and policy effectiveness;
- **analyzing policy** and outlining options for Congress;
- **issuing legal decisions and opinions**, such as bid protest rulings and reports on agency rules.

Our PEOPLE are our STRENGTH

...and we value them accordingly. We strive for:

A workplace that emphasizes

- diversity
- inclusion
- respect
- fairness

Work/life balance, offering

- continuous learning
- flexible work schedules/telework
- a pay system that rewards performance

GAO’s support of diversity has been top-ranked among mid-sized federal agencies since 2011, and has ranked in the top 5 Best Places to Work in the Federal Government every year since 2005.

Across the NATION; Across GOVERNMENT

Our **11 field offices** and **headquarters in Washington, DC**, position us to explore government programs around the country.

We split our work among **15 Mission Teams** that cover federal programs and activities across government:

- Applied Research and Methods
- Contracting and National Security Acquisitions
- Defense Capabilities and Management
- Education, Workforce, and Income Security
- Financial Management and Assurance
- Financial Markets and Community Investment
- Forensic Audits and Investigative Service
- Health Care
- Homeland Security and Justice
- Information Technology and Cybersecurity
- International Affairs and Trade
- Natural Resources and Environment
- Physical Infrastructure
- Science, Technology Assessment, and Analytics
- Strategic Issues

When we talk, OTHERS LISTEN

GAO is integral to government decision making. We make hundreds of recommendations each year, testify frequently at congressional hearings, and are cited regularly in the national press.

On average, roughly 80% of our recommendations are implemented over a four-year period, improving government services and saving billions of taxpayer dollars annually.
